The Rev.J.Lambert, Principal, Sandy Bay Residential School, forwarded a letter on Sept. 12th, 1949 asking for the discharge of various pupils. It was expected that the names would be included on Form I.A.411 due to be submitted at the end of the quarter, and no action was taken. No form was submitted and the matter was overlooked.

I recommend that the undernoted pupils be discharged, as they are no longer on the Sandy Bay School roll:-

Rev. J. Lambert, O.M.I.,
Principal,
Sandy Bay Indian Res. School,
Marius, Man.,

Dear Father Lambert:

I have the September Quarterly Return and the Admission and Discharge forms for your school.

It is found necessary to send your Return back for adjustment as on checking it and the statement, it was noted that several pupils whom you recommended for discharge were in residence for the full June Quarter, therefore, in such cases, the school is entitled to sixty-two days grant for these pupils for July and August.

Please insert the names of these pupils on the Return making application for this grant and forward it to this office.

We are forwarding you a cheque for $5,000. as part payment on the September quarter.

The usual practice when completing the Return and the admission and discharge statement is to show all the pupils on the current Return and show your admissions and discharges based on that return and forward the two together. You have been omitting the discharges on the current returns and this practice is not satisfactory.

Yours sincerely,

Bernard F. Neary,
Supt. of Indian Education.

Dear Father Lambert:

I have the September Quarterly Return and the Admission and Bischarge forms for your school.

It is found necessary to send your Return back for adjustment as on checking it and the statement, it was noted that several pupils whom you recommended for discharge were in residence for the full June Quarter, therefore, in such cases, the school is entitled to sixty-two days grant for these pupils for July and August.

Please insert the names of these pupils on the Return making application for this grant and forward it to this office.

We are forwarding you a cheque for $5,000. as part payment on the September quarter.

The usual practice when completing the Return and the admission and discharge statement is to show all the pupils on the current Return and show your admissions and discharges based on that return and forward the two together. You have been omitting the discharges on the current returns and this practice is not satisfactory.

Yours sincerely,

Bernard F. Neary,

I am enclosing, herewith, three applications - Florence, Eva and Gloria Chippeway. Apparently these children are attending Sandy Bay School and they are half breeds and should not be there. These children were admitted in 1947. Mr. Nield received applications last year for signature but he did not sign same as they were non-treaty. I am led to believe that these children are on the list and are being paid for by the Department. Therefore, I feel that Father Lambert should be advised to return them to their home as their place should be filled by Treaty Indians.

Attention: Mr.O.Marcoux, Inspector Indian Schools

Attached please find Applications for Admission to Sandy Bay Residential School.

You will note that, according to the covering letter, attached to the Applications, these children are now actually at Sandy Bay School, before the Applications are approved from Ottawa. In fact, they have even been allotted numbers.

Regarding the application for Kerry Lindy and Lizzie Flora Manchoose, Ebb & Flow Band No.99, attached separately, these two children were at Pine Creek School and apparently have been transferred to Sandy Bay Residential School through an agreement between Father Demarchel, and Father Lambert. These two children are now at Sandy Bay School and allotted numbers 395 & 9396.

The application is now being submitted for their admission to Sandy Bay School.

I would suggest these two principle be contacted from a higher level in the Department than myself, and informed the practice of admitting or transferring pupils without authority from Ottawa should cease immediately.

You might also note that the Physical Examination has been conducted by the Registered Nurse at the School, not a doctor.

You will note that two of these children have been transferred from Pine Creek to Lundy Bay Residential School without reference to myself, the Superintendent or the Department. This is just another case of the Principals taking in children without first forwarding the application. In my opinion this must be stopped. If not, we might just as well hand these schools over to the Principals and have nothing to do with them.

You will note that Father Lambert did not take the trouble to have these children examined by a Doctor. They were examined by a Sister at the School which is a matter. In this connection I do not feel that Mr. Staunton should have signed these applications.

Re: Florence, Eva and Clara Chipewyay

Dear [redacted]:

The above named children have been in the Sandy Bay School for some time past but we are now advised by Regional Supervisor Davis that they are not recognized Indians. In view of this information the children are not eligible for retention in the Sandy Bay School.

As you are aware, the Sandy Bay School is owned by the Government and only Treaty Indian children are eligible for admission. I trust that you will arrange for the return of these three children to their homes immediately, and if it is necessary to recruit other children to bring your enrolment to your authorized pupilage, I am informed Treaty Indian children can be easily secured.

Please let me know when you have taken action in this matter.

Yours sincerely,

Dear Mr. Davis:

Re: 149125-2-584

The reason why these children should be transferred is that it is the wish of the parents. Their argument - to have them away from friends who could be a bad influence - knowing the home atmosphere and circumstances I endorse their plea.

Dear Father Lambert:

It has been brought to my attention that arrangements had been made to transfer the two Houle children from the Sandy Bay to the Pine Creek Indian Residential School without authority from the local Indian Superintendent.

In order to maintain friendly relations with the local Indian Superintendent, it is only fair to arrange these matters through his office. This procedure will not hamper the arrangement in any way but will lead to mutual good will.

When recruiting children for the first time you should also consult the local Indian Superintendent in each case in order that he may approach the Department for authority to admit the children as grant-earning pupils.

We have had complaints from local Superintendents that children are brought to the school first and later the Superintendent is asked to recommend the approval of the admission. This is hardly fair to the Superintendent concerned as he is responsible for all the children in his Superintendency

Dear Mist°r Phelan:

Your letter of November I last (your file 584-10) seems to indicate that you have been misinformed concerning the transfer of the two Houle children from this school.

It has always been my policy to follow the proper channels in such matters and I want to state that concerning the transfer of the children in question I have duly put an application with Mister Staunton in Dauphin who, to the best of my knowledge has forwarded it to Mister Davis who, in turn, has or should have transferred it to you in Ottawa.

Furthermore, the application I sent in was to the effect that the said children be transferred to the Roman Catholic school at Kenora, Ontario, and not to the Pine Creek Indian Residential School, as you hav been informed. Whoever has stated that to you certainly was misinformed himself because I cannot see how he coud confuse those two institutions.

The application for the transfer of those two children was made in due time, before the school term and it should have been in your office before the opening of the classes. By all m ans, I can assure you that I did to the bst of my knowledge and that I still feel that I hav followed the proper channels.

Trusting that this will clarify the question, I am

Dear Father Lambert:

The Department has given approval for the admission of John Russell Prince to Pine Creek Residential School.

This would appear to be an error as "Sandy Bay Residential School" was shown on his application, but approval is given for his admission, subject to other instructions from the Department.

Copy of Application is enclosed.

Yours very truly,

J.H.Staunton,

With reference to the September Quarterly Return for the Sandy Bay Indian Residential School, we do not appear to have the necessary Form I.A. 411 which should have been included with the Quarterly Return.

We have noted a number of pupils who were not on the Return previously and it is presumed that these are new admissions. However, we are unable to locate the applications for admission for Arthur Maytweasing, Edward Beaulieu and Lillian Desjarlais. Kindly forward these as soon as possible.

I respectfully beg to submit suggestions, which, if acted upon, would facilitate Agency routine, and would place the Agency in a position to check accurately, the Residential School Quarterly Returns submitted by the two residential schools situated in this area.

1. Department approval of admissions and discharges to be forwarded to Agency in duplicate. The duplicate can be date-stamped, detached, and then attached to copies of applications for admission, and forwarded to the principal concerned. This applies only to pupils of this Agency.

2. One copy of Department approval of admissions and discharges relative to children of other Agencies, attending residential schools of this Agency.

Department letter file 584-10 (E6) dated 18th. Dec.1951 is acknowledged.

The Principal, Sandy Bay Residential School was asked on 4th. Oct.1951 to submit Form #411, but has not complied. I am writing him today.

New admission - Lillian Desjarlais was approved as per Dept. letter 584-10 (E6), dated 1st. November, 1951. The School is being asked to submit application for admission of Edward Beaulieu.

Arthur Maytweassing belongs to Fisher River Agency who were asked to confirm approval of all their children attending Sandy Bay Residential School. In his reply, the Superintendent reported that application for this boy had been forwarded to Ottawa, but that he had not yet received approval.

Your file 149/25-2-584

With reference to your letter of December 22nd regarding applications for admission for the Sandy Bay Indian Residential School, it is noted that you are attempting to obtain applications for Edward Beaulieu and Arthur Mmytweassing.

With reference to Lillian Desjarlais we have the application to which you refer. However, this application reads Lillian Rita Flatfoot and no connection was made with Lillian Desjarlais. This matter has been straightened out now.

Mr. J.H. Staunton,
Supt. Indian Agency,
Dauphin, Man.,

With reference to the December Quarterly Return for the Sandy Bay Indian Residential School and Form I.A. 411 attached to it, the Department approves the discharge of all the pupils listed on the above-mentioned f[illegible].

We have noted your letter of January 18 regarding the discharges and it is noted that you have dropped the pupils names who are not returning to school and in general eliminating a large number of superfluous names from the Return.

Regarding pupil # 358 Arthur Maytweassing it is noted that he was in the Sandy Bay school for a short time and is now discharged to attend a day school. We have not received any application for his admission to the Sandy Bay Residential School.

Philip Phelan,
Superintendent of Education.

Rev. J. Lambert, O.M.I.,
Principal,
Sandy Bay Indian Res. School,
Marius, Man.,

Dear Father Lambert:

It has been brought to our attention that Gilbert Meechas, age 14, has been admitted to the Sandy Bay Indian Residential School.

We have received your December Quarterly Return and fail to find this pupil's name on it. We have not received any application for admission for this boy to the Sandy Bay school.

Please advise whether you have any information regarding this boy.

Yours sincerely,

Philip Phelan,
Superintendent of Education.

Mr. J.H. Staunton,
Supt. Indian Agency,
Dauphin, Man.,

With reference to the application for admission of Mary-Ann Helen Roulette to the Sandy Bay Indian Residential School, it is noted from the application that both parents are living on the Sandy Bay Reserve.

Please advise why you consider it necessary that this girl be placed in a residential school and could not attend a day school.

Dear Mr.Staunton:-

Re: Arthur Maytweassing
#122, Lake Manitoba Band.

The a/m child was admitted to Sandy Bay Residential School by the Principal, Rev.J.Lambert without authority from the Department of Indian Affairs.

The child apparently was taken to Sandy Bay Residential School and an application submitted after admission. This application was not approved as the family resides only two miles from the Lake Manitoba Indian Day School.

Yours very truly,

Dear Mr.Nield:-

The Department has pointed out that no application has been received for the admission of Arthur Maytweassing, Dog Creek Band to Sandy Bay Residential School.

Although he has since been discharged to attend day school, it will still be necessary for you to submit an application to Sandy Bay School, so that he may be recorded and properly discharged.

Dear Father Lambert:

Please refer to our letter of February 1 regarding Gilbert Meeches, age fourteen, who it was suggested was placed in the Sandy Bay Indian Residential School after attending the Brandon Indian Residential School.

In our letter you were requested to provide us with any information you have on this boy.

We have now received an application for admission for this boy to the Sandy Bay Indian Residential School. It would be appreciated if you would advise immediately whether this boy is at the Sandy Bay school and if so, on what authority he was placed in the school.

Yours sincerely,

Mr. J. Rayson,
Supt. Indian Agency,
Portage la Prairie, Man.,

With reference to the applications for the admission of Gilbert Meeches and Roy Francis to the Sandy Bay Indian Residential School, it will be necessary for you to provide further information on these two applications.

With reference to Gilbert Meeches, it is noted on the application that he attended the Portage la Prairie and Brandon residential schools for eight years. We have checked our records and find that he was admitted to the Brandon school in September 1943 as the application for admission at that time read the religious denomination to be Protestant.

Please advise under what circumstances you recommended the admission of this boy to the Sandy Bay school which is Roman Catholic and what evidence you have to show that this boy is a Roman Catholic as indicated on the application for admission.

With reference to Roy Francis, the application form you signed indicates the religious denomination to be Roman Catholic and that this boy has previously attended the Portage la Prairie Indian Residential School. We have reviewed our records but fail to find his name on the Portage la Prairie Return for the past six years.

It would be appreciated if you would advise when he attended the Portage la Prairie school and if he actually

attended this school which is United Church, when the parents changed their religious denomination as the application received indicates the religious denomination to be Roman Catholic.

As the Department is not prepared to approve the admission of the two children mentioned above, please advise the Principal of the school that these children should not be admitted to this school until a decision is reached on their applications and if they are at school they should be discharged immediately and returned to their parents.

Attached I am forwarding a copy of a letter sent to Father Lambert in connection with Gilbert Meeches.

With reference to the applications for Selma and Viola Hazel Francis, it is presumed that these girls are sisters of Roy Francis mentioned above, consequently their admissions are denied until such time as the religious denomination of this family is clarified.

Reference is made to Dept. letter 484-10 (E6) dated 22nd. April, 1952, requesting a report on four pupils discharged under age.

Mr.Guillas, Assistant at Sandy Bay reports as follows:-

"April 18, 1952

Children not attending school - Camille Roulette, Russell Sutherland, Alvin Spence & Evangeline Cook

Camille is not attending school because he does not wish to attend and parents claim they are not able to send him against his wish, as he is too big and they cannot handle him.

Alvin is in the same boat as Camille, and his parents are separated. He just roams all over from Langruth to Sandy Bay and even Gladstone, and no one seems to have any control over him.

Russell is not attending school on account that his father says that he is too big to attend school now, and as the child does not wish to attend his father will not send him.

Evangeline - her father says she is too big to attend and will not make her attend. She is now living in Minnedosa with her grandmother, and I am told she is also working in that vicinity.

With reference to your letter under file 584-10 (E6), dated Aptril 5th, I am forwarding the following information as requested.

Gilbert Meeches: When this application was received in the office from the Principal of the Sandy Bay School, I contacted the father, Archie Meeches, No. 105 of the Long Plain Band, and he advised me to the effect that although he was not Roman Catholic himself, his wife was an adherent to this faith. I received a copy of a Certificate of Baptism from Father Lambert who has signed as Pastor of the Notre Dame des Suffrages Church, which shows Gilbert to have been baptised as a Roman Catholic on August 3rd, 1943 at the Long Plain Indian Reserve by Rev. Jean Lambert, O.M.I.

Roy, Selma and Viola Hazel Francis:
The following are the pertinent facts. When the application was received in this office on March 20th and originally dated January 3rd, I contacted the father, Donald Francis who lives in MacGregor. He advised me to the effect that his wife, Eva, No. 159 of the Long Plain Band, was Roman Catholic and upon further inquiries through the Principal of the Sandy Bay School, I received copies of the Certificates of Baptism as follows:

Viola Hazel Francis: Baptised at the Notre Dame des Suffrages Church on January 3rd, 1952 at Sandy Bay, signed by Rev. J. Lambert, O.M.I.

Roy Francis: Certificate of Baptism from the same church as noted above showing the child as being baptised on January 3rd, 1952 at Sandy Bay by Rev. J. Lambert, O.M.I. I have checked with the Principal of the Portage la Prairie Indian Residential School and find that Roy attended this school from January 9th, 1949 to September, 1950 and was discharged from the school becuase of the fact that his father, Donald Francis was living at MacGregor and had secured permanent employment and tuition fees was paid to the MacGregor day school for Roy's attendance.

From conversations I have had with this boy's father, it would not appear that Donald had ever changed his religion, but he advises me that his wife has always been a Roman Catholic as outlined in my para 3.

Viola Selma Francis: A copy of the Certificate of Baptism for the same church showing this girl as being baptised on January 3rd, 1952 at Sandy Bay by Rev. Jean Lambert, O.M.I. has been submitted to this office.

My reason for recommending the admission of the three Francis children was that there is no doubt that their home conditions are not of the best, however, I did advise the principal of the Sany Bay Indian Residential School to the effect that any admissions must be made after approval of the Department. In these particular instances, the children have been in the Sandy Bay School since January 3rd without the knowledge of this office. The mother, Eva Francis, has received Family Allowances for the children which, of course, has resulted in an overpayment and this amount will have to be recovered.

In accordance with instructions contained in your letter, I have contacted Father Lambert by telephone and he has advised that as they are now at home following the Easter recess, they would remain at home until the matter has been completely clarified.

(E6)

, July 7, 1952.

Mr. J.H. Staunton,
Supt. Indian Agency,
Dauphin, Man.,

The Principal of the Sandy Bay Indian Residential School in preparing the June Quarterly Return has neglected to forward Form I.A. 411 which should accompany the Quarterly Return when forwarding it to this office.

For pupils 363 and 364 the Principal has claimed 56 days grant while he has shown that they were admitted to the school on May 15, 1952. It will be noted that the school is entitled to 46 days grant for each of the two pupils. We have amended this on the Return.

For pupil 0290 the Principal has claimed 66 days grant and has indicated that she left for Selkirk San on May 31. From this information it is impossible to know how the Principal arrived at the figure 66 as if the pupil was in residence continuously from April 1 to May 31 this would add up to 61 days. It is evident, therefore, that the pupil left for the sanatorium later than May 31st, however, as school is entitled to thirty days hospital grant in such cases, we have allowed 91 days grant for this pupil. Please ascertain from the Principal the exact date when this girl left for the sanatorium.

The Principal has also claimed 66 days for pupil 0309. The information is identical to pupil 0290. We have allowed 91 days for this pupil also. It will be necessary for you to secure same information as for pupil 0290.

The Principal has dropped 0382 with no apparent reason. Please advise him that this practice is not correct as each pupil discharged and dropped from the Return must be shown on Form I.A. 411 and authority for discharge secured.

The Principal has claimed 26 days grant for pupils 0409 and 0410 and has indicated that they were admitted to school on May 15th. It is presumed that these pupils were either truant or were admitted to the school later than indicated by the Principal. As we are anxious to have the Return paid as soon as possible, we are disallowing any Per Capita Grant for the two pupils. It will be in order for the Principal to include them on the September Return indicating the dates they were admitted to the school and the period of their truancy if they were truant.

Please impress on the Principal the necessity of taking great care in preparing the Quarterly Returns. These Returns are checked by the Treasury Branch and the Auditor-General's office and the information must be definitely shown on all absences, giving the number of days the pupils were in residence.

Philip Phelan,
Superintendent of Education.

Dear Sir:-

As we have started a movement of welfare in the form of a girl's club for the ex-pupils of the school of Sandy Bay Indian Reserve, this has proved a decided success and we wish to progress and extend this welfare to all of the Indians on the reserve.

So far A sister has devoted herself to this work, but our staff being limited, we cannot undertake further extensions to this movement with our actual staff. An instructor could be obtained, which we cannot do actually as we are financially handicapped. The work of this instructor will consist in teaching the women to sew, knit, weave and all other handicrafts.

A lot of relief is given actually to the Indians and they dispose of it to their detriment. Under one supervision this could be done away with and would entail quite an economy to the Department, so would appreciate in knowing if the Department could see it's way clear in granting a special grant towards this purpose.

The writer would indeed be very pleased to take this matter further personally upon interview and explain in detail the full details of this movement which is already creating a lot of good to the reserve.

Respectfully submitted by,

Very truly yours,

Sir,

I enclose herewith, a letter received from the Reverend Father Comeau of the Sandy Bay Indian Residential School. The letter is self explanatory and I believe the employment of a Sister in the teaching of Indian women to sew, knit, etc.,would be a splendid idea.

I have asked the Department nurse to visit the club and to let me have a report on their activities but to date I am not in receipt of same. A further report will go forward as soon as received.

Dear Sir:

Re: Social worker, Sandy Bay
Indian residential school

I desire to acknowledge receipt of your letter of the 8th instant and also letter received by you from Rev. Father Comeau, Principal of the Sandy Bay residential school, enclosed therewith.

The request contained in the Principal's letter was brought to the attention of the Department a few weeks ago by Father Plourde. At that time the officials were sympathetically disposed to the appointment of a social worker at Sandy Bay. In view of the new conditions now confronting us, however, it is not at all likely that such an appointment would be even seriously considered. In this period of national crisis it will be the duty of Indian Agents and Principals of Indian day and residential schools to co-operate with the Department in keeping all expenditures down to the lowest possible figure. A rapid advance in the price of certain basic commodities and the limited appropriations at our disposal have created a very embarrassing condition for those charged with the responsibility of administering schools and Indian relief. I feel confident, however, that the members of our field force will do all they possibly can to assist us during this critical period.

Yours truly,

Dear Sir,

We have had during the last month the visit of the Public School Inspector, Mr. McKenzie. He suggested that the boys should be trained to more extensive manual labor especially trades, in which our Indian Boys might later on make their way in life: He suggested woodwork and woodcraft, shoemaking for a beginning. He directed us to W. J. Johns, Director of Technical Education, Dept. of Education in Winnipeg. The answer from the Technical Bureau was that the Dept. of Education does not provide funds for

equipment for this undertaking.
I wonder if the Indian Department at Ottawa could not be of help in this matter.

For a small workshop, hammers saws, coping saw, planes, Benches vises, chisels, Brace etc. are needed.

For woodcraft, the Indians themselves outfit and a special payment for instructor would be required.

For the Shoemaker shop, a sewing machine for steel, iron plant stands and etc would be of immediate necessity.

The Indian Boys have written to the Chief Council wanting. From their experiences with fret saw and jig saw and a hammer. They managed to make pretty fair frames, but they lack material and experience. We could with the other.

I am inclined to believe that

Ottawa,
December 7, 1939.

Reverend Sir:

I am in receipt of a letter from Mr. Leon Savoie in connection with the vocational work at the Sandy Bay Indian residential school. He mentions two activities which the Department is inclined to assist at the present time:

1. For a small workshop -- hammer, saws, coping saw, planes, bench vise, chisels, bit brace etc. are needed.

2. For woodcraft -- the Hobbies Fretwork outfit and a pedal jigsaw for fretwork would be required.

Please let me have detailed information regarding the articles you require for the workshop and the woodcraft.

Mr. Savoie also suggests equipment for a shoemaker's shop. This machinery is expensive and the Department is not prepared to consider supplying it at the present time. As a matter of fact it is doubtful if it is worth while encouraging pupils to learn shoe repairing as it is unlikely that they would have an opportunity of earning their living by doing such work after they leave school. A more practical trade to encourage would be automechanics. It might be possible for you to obtain an old automobile engine without heavy expense and some preliminary training could be given.

Mr. Robert A. Corey,
Supt. of Welfare and Training,
Dept of Indian Affairs,
Ottawa, Ont.

Dear Sir,

We have received from Messrs. Hall-Mills Company of Winnipeg, the tools which you have been so kind as to order for our boys' little workshop.

The boys surely appreciate this gift from you, a gift not only material, but also practical in value, for it will open the possibility of new activities for the future.

Our report, recently sent you, on the boys' work may give you some idea of what these tools, etc. may do for our boys in the years to come.

I wish to express on the part of the staff and myself our sincere appreciation of your kindness to our boys.

Yours faithfully,

Léon Lavoie,
Boys' Supervisor.

Mr. T.A. Hoey,

Supt. of Welfare and Training,

Ottawa, Ont.

Dear Sir,

Last October, when visiting the School here, you
have asked me to write to you about a new Social Welfare Club
established in this school for the Indians of the reserve.
I have written to you on Dec. 11, 1939, regarding the mate-
rial needed for the good operation of this club. The latter
has not remained answered, and the club has remained on a
standstill on account of lack of material.

I had mentioned at the time that the Indians most
needed were:

1, 00 inches rifle loaded with accessories.
Material to make baskets of Indian.
100 lbs of knitted wool.
new wool for knitting.

If you could do that, several can supply and
knitting, our social class hopes will have an outlook
from for his year.

Hoping to hear from you, I remain, Yours truly,

Reverend Sir:

I am in receipt of your recent letter regarding the Social Welfare Club established at the Sandy Bay School for the benefit of the Indians of the Sandy Bay Reserve.

I realize that what you have in mind is a very desirable activity but unfortunately many worth-while projects have to be abandoned at the present time due to the fact that it is impossible to secure funds for their successful prosecution.

I feel it is unnecessary for me to point out to you that until the war is concluded there is no likelihood of our securing increased appropriation.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Memorandum:

MISS PHELAN

There are only two firms I know of from whom foot-power looms such as we have at Caughnawaga can be purchased: Romeo Savoie, Joliette, Quebec; and Omer Leclerc, L'Islet, Quebec. The size mentioned in the attached letter, 60", is unusual, as 30", 45" and 90" looms are the sizes usually made. The price runs about $1.00 per inch and it is necessary to specify that heddles are to be included and the size of reed desired. We have found a reed "15 to the inch" can be used for all general purposes. In setting up a weaving room a large spool rack, a warping beam, a croissee, and at least one bobbin winder will be needed. I should think everything except the bobbin winder could be made in a manual training room if the school has a good manual training teacher. Otherwise the cost will be considerable as a large spool rack costs about $5.00 and the other two articles from $8.00 to $15.00 each. A bobbin winder can be bought from the Canadian Handicraft Guild, 2025 Peel Street, Montreal for approximately $2.00.

Some time ago we had to pay about 90¢ a pound for home spun yarn for blankets and one blanket weighing four pounds therefore cost $3.60 without taking into consideration the value of labour. The price of yarn of course increased since that date. It might be advisable for a new group to start with cotton warp for dish towelling etc. We use un-bleached cotton warp size 2/8, which costs about 60¢ a pound in ten-pound lots.

DEPARTMENT

INDIAN AFFAIRS BRANCH

Ottawa,
December 7, 1939.

Reverend Sir:

I am in receipt of a letter from Mr. Leon Savoie in connection with the vocational work at the Sandy Bay Indian residential school. He mentions two activities which the Department is inclined to assist at the present time:

1. For a small workshop -- hammer, saws, coping saw, planes, bench vise, chisels, bit brace etc. are needed.

2. For woodcraft -- the Hobbies Fretwork outfit and a pedal jigsaw for fretwork would be required.

Please let me have detailed information regarding the articles you require for the workshop and the woodcraft.

Mr. Savoie also suggests equipment for a shoemaker's shop. This machinery is expensive and the Department is not prepared to consider supplying it at the present time. As a matter of fact it is doubtful if it is worth while encouraging pupils to learn shoe repairing as it is unlikely that they would have an opportunity of earning their living by doing such work after they leave school. A more practical trade to encourage would be automechanics. It might be possible for you to obtain an old automobile engine without heavy expense and some preliminary training could be given.

Dear Sir:-

On the 22nd of October you were writing me "In a letter received from Sister St. John Mary Vianney she requests I pedal jigsaw and a small quantity of lumber for fretwork. Please let me know the approximate cost of securing the articles she requests."

As I was waiting for an answer from Mr. Deslaurier concerning the treadle saw I had to put off my answer till this day. Kindly excuse me for my delay.

I am enclosing in my letter the price of the above articles. I have the treadle saw at school. The goods from Eaton's are not ordered.

I am most grateful to you Kind Sir.

Rev. Sir:

We have your request for manual training equipment. From your list it is rather difficult to know the quantity of paint required. You may, however, expend an amount not to exceed $15.00 for the above required material.

In looking over the list of tools which you have on hand we believe that you have a sufficient number to permit you to give more advanced manual training to your students. Fret work gives a certain amount of training, and is an excellent activity for junior pupils, but it will not give the older pupils any training in the use of hand tools, which is so important for their future welfare.

The Department would like to see our Indian students given a training that will help them after they have left school. If you should require a course of study in this line, as well as suggestions in carrying it out, the Department is ready to furnish these on request.

Philip Phelan,

Ottawa, November 21st, 1941.

Rev. Sir:

On reading over the Special Report which you sent in, I notice that this school has a shop 60 feet long by 25 feet wide. As the Department is very anxious to give the boys training in manual work, I wondered for what kind of work these shops were equipped.

On reading over your tool list for woodworking, I notice that the tools you have on hand would not be sufficient to give the boys adequate training.

Would you have, on your staff, anybody who could give instruction in a simple course in woodwork? If so, the Department is ready to assist you as much as possible under the present strained conditions.

Dear Sir:-

Our 60 by 28 work shop is used for general repairs. It is equipped with some tools used by tinsmiths, carpenters, pipe fitters, plumbers, electricians, and blacksmiths.

I have asked Father Provincial for somebody who could give instructions in woodwork. For the present he has nobody, but as soon as he finds one I will let you know.

It is true I have a carpenter, but he is a very quick tempered man, and will not get along very well with boys.

On your letter Sep. 9th 1941, you have authorised me to buy for $15.00 worth of Fretwork material. I have sent an order to Hobbies Limited, 54 Wellington Street West Toronto. So far I have received nothing. May I send the order again?

Following is a list of material ordered:

The Log Cabin No 1787	3.05

Rev. Sir:

I have your letter of the 9th instant and note the list of materials which you have ordered. I imagine that it will be rather difficult for Hobbies Limited to supply your order. I think that the pupils would get much more useful training if they were to design their own cut-outs in this fret saw activity. You may, however, check up on this order if you wish.

We are prepared to furnish you with a course to be followed in woodwork, along with reference books, plans, and the procedure to be followed in doing this work, the moment you have a man able to give instruction along these lines. I noticed in the second paragraph of your letter that you will let us know as soon as you have one. At that time, we will be prepared to proceed and give you the help above mentioned.

Extract for 126-9-11

Original on 126-9-1

Extract from Inspector Hamilton's report on the Sandy Bay Residential School visited on October 28, 1943.

The sewing-room is well equipped and the Sisters are doing some fine work in remaking Army clothing. This is a valuable training for the girls. The three weaving looms are in use and already they have finished some very excellent pieces of material. The children like this work and with practice should be able to weave rugs and material for clothing.

Manual training is taught by one of the Sisters; but the supply of tools is very limited. A complete set should be supplied.

Dear Father Lemire:

I am in receipt of Inspector Hamilton's report regarding his inspection of the Sandy Bay Residential School. He reports very favourably on the work that is being done in the sewing room and the weaving room.

He further states that manual training is being taught by one of the Sisters, but that the supply of tools is limited. I should appreciate it if you would let me know what special qualifications the Sister who is in charge of the manual training room has for this particular work. You might also let me know what additional tools she considers she could use to advantage.

November 23 ,1943

Dear Mr R.A.Hoey,

Really I am pleased to see that you are greatly satisfied of what we are doing and trying to achieve with our Indian Children specially mentionned in the sewing-room and in the weaving room.It is surely a great encouragement for me. I am trying also to have the older girls,even women from the Reserve to come and learn and work at weaving looms.It will be without any doubt a slow [redacted] organization but hope to bring it to success.Later I will let you know if there are any results.

If it ever happens when coming into the West,you have a few days at your disposal,to come and visit our Sandy Bay School. I would be greatly pleased,and also it would stimulate our enthusiasm towards the educational welfare of our Indians.

You are inquiring about the qualifications of our Sister Supervisor of the boys.Well,the Sister has really no special qualification for manual training,but only a natural gift well developped in her.And,I believe,having tools,she could train the boys to a certain extent,but now at present,it is practically impossible having not even the most necessary ones.

According to your request you will find attached to this letter a list of tools that I have made with the Sister in Charge of the boys.

What I find also very important for the future of this Reserve is the compulsory education .It might be somehow difficult and hard to break in the parents towards it,but it has to come if we wish to built up any future hopes for this Reservation. I believe,forty children or more,of school-age,on the Reserve, to whom the parents are refusing education....and also what else... It is too bad ! There is lot of room in School for them all,and more yet.

My little Scout Troop is still progressing,and my indian boys are yet enthusiastic about it. It does them good ! I am planning for the Girl Guides,but cannot get any answer from the headquater in Winnipeg...

Once more,many thanks for your kind letter and co-operation in the educational welfare of our dear Indians,and hope that I will give you always satisfaction in my educational work amongst Indians.

I remain,
Yours very sincerely.

Supt. of Welfare & Training

Reverend Sir:

With reference to your letter of the 23rd instant, a requisition is being forwarded to the Purchasing Branch for the tools which we consider [redacted] be best used by the manual training class at the Sandy Bay School.

I am glad to know that your Boy Scout group is progressing and that you also intend to form a Girl Guide group.

Extract for 126-9-11

Original on 126-9-6

Extract from Inspector MacKenzie's report on the Sandy Bay Indian Residential School visited on December 12, 1944.

Possible, and I think advisable, to develop manual training to a greater extent along lines that these children can make use of later -- blacksmithing, carpentering, shoe-repair etc.

Brother Omear Bruyere, Hull High School, and technical training in Montreal, is prepared and qualified to give instruction in trades. He is good in electrical work. He is at the school now.

Reverend Sir:

We have just received Inspector MacKenzie's report regarding his visit to the Sandy Bay School on the 13th instant. He mentions that Brother Bruyere is now a member of the staff and under these circumstances it is hoped that the vocational programme for the boys, about which you have already been supplied with complete information, will be put into effect. If any further suggestions are required, please let me know.

If you need materials for the vocational training class, a requisition should be forwarded. Our file shows that we have already supplied you with sufficient tools to have this work started.

Yours truly,

Philip Phelan,

Dear Mr. Phelan,

Received your letter regarding Inspector MacKenzie's report.

Wish to thank you for your kind consideration towards our start of vocational programme.

In fact, we endeavor, right now, to give the preliminary hints to our boys concerning blacksmithing, carpentry and farming.

Later, we shall be in need of materials for the vocational training class. We shall then forward the requisition. For the meantime, we have in hand the necessary equipment.

Truly yours,

Father Jean Lambert, o.m.i.

Ottawa, February 13, 1945.

Dear Father Lambert:

I have your letter of the 9th instant, with reference to materials which you state are needed for the vocational program.

In the last paragraph of my letter of December 20, 1944, it was stated that if materials for the vocational training class were required we would be prepared to favourably consider supplying them. However, from the materials requested in your letter of the 9th instant it is evident that you intend to erect a building. On reviewing our last quarterly return, it is noted that there are only 24 boys in the school who are over 12 years of age. I was wondering if in the erection of a building they would receive any actual benefit, in view of the fact that all of them are comparatively young. I would appreciate hearing further from you regarding your plans. With regard to the spruce and fir ceiling, you should let me know if the quantity requested is board feet or lineal feet.

Yours sincerely,

Philip Phelan,
Chief, Training Division.

Dear Sir,

The requisition made for our vocational training class may appear extravagant. In fact, I should have given more details and explanations on my last letter.

The said material is to build the following articles:

washing stands,
drawers,
cupboards,
benches,
desks,
tables and many other useful articles for Indian homes.

The fir and spruce ceiling are square feet. Fir and spruce ceilings are used in the cupboards, walls and doors also for washing stands and so forth.

I wish to thank you, Mr. Phelan, for your kind attention.

The lumber which you requested in your letter to Mr. Phelan has been ordered some time ago through our Purchasing Branch. You should receive it in a short time.

In our estimates for next year, money has been put aside for the purchase of projectors. We have started with a certain number with the intention of increasing that number as circumstances permit. It has not yet been decided which schools will receive them. This will be done at a later date.

A special letter was sent some time ago to the Reverend Provincial re Manual Training instructors. You will very probably hear from him if you have not already done so.

Should there be any other information you desire, please let me know.

Ottawa, December 4th, 1945.

Rev. Jean Lambert, O.M.I. Principal, Sandy Bay
Indian Residential School, Marius, Manitoba.

I have the bill for weaving material and we have decided to honor this bill although we do not usually do so. It has not been the custom of the Department to pay for sewing or weaving material. I am returning these bills to you and it will be necessary for you to fill out in duplicate the form I.A. 506 which you will find enclosed. It will also be necessary for you to give us an express receipt for $1.00. After receiving these forms properly completed along with the bills we will be able to give this matter our consideration.

Dear Sir:

We have received a bill of material sent to the Sandy Bay Residential School. Your bill number is No. 00294. It is not very clear to us whether this has been paid by the Principal of the school and he requests reimbursement or whether we are to make payment to you directly. Please advise us by return mail so that we may send out our cheque for payment to you.

It will be necessary for you to send us the receipt for the Canadian National Express charge of $1.00 before the Treasury Board will accept this amount for payment.

We are sorry that this bill has been outstanding for some time but due to this misunderstanding it has been impossible for us to do otherwise.

Dear Mr Doucet: RE FILE NO. 126-9-11

Sandy Bay Residential School, through their Father Jean Lambert, Marious P.O. Manitoba, purchased on October 16th threads of cotton wool linen etc., for weaving purposes. Value of this shipment was $50.95.

November 9th braided cord for looms was sent, value this parcel, including postage $1.15.

These two amounts are still owing. We have a large order on file from Father Lambert, awaiting shipment. This order will be sent to Sandy Bay Residential School this week.

We send all shipments 'prepaid' Mr Doucet, and the C.N.R. just bill our firm at the end each month.

To confirm these charges you could refere to the EXPRESS RATE CARD which shows rates from Manitoba to the various Provinces by weight of parcel was

22	lbs	cotton threads
4	"	linen thread
6	"	Weavecraft wool #2-16
32	lbs	to Sandy Bay from Winnipeg

Ottawa, February 1st, 1946.

Dear Sir:

I have just returned from an extensive trip and found your letter on my desk.

I am instructing the Treasury Branch to send a cheque for $51.10. Apparently, they will not pay any transportation charges unless they have a Railway receipt. I am sorry that I am unable to do anything about this. I feel that it interferes with your system and makes it awkward for you. Whenever you are sending anything to an Indian school if you would instruct the Company to send you a copy of the receipt, we would then be able to accept this. Trusting you will find this satisfactory, I remain,

Yours truly,

Cher monsieur

Nous venons de recevoir une partie des outils que vous avez eu l'amabilité de nous faire obtenir. Je suis bien reconnaissant, de plus déjà d'assez longtemps le m'occupe de l'entraînement de mes garçons, c'est assez réconfortant ils sont bien intéressés la nouvelle méthode que vous nous avez conseillée les stimulent d'avantage. J'ai transformé un peu la boutique afin d'être plus à l'aise. Ce n'est pas assez grand. Nous attendons notre plan pour une nouvelle boutique ; je vous en félicitions. Je crois à rendroit de la vieille boutique qui

Ottawa, February 5, 1946.

Rev. J. Lambert, O.M.I. Principal, Sandy Bay Indian
Residential School, Marius, Manitoba.

Enclosed please find a suggestive plan for a general shop. A shop of this type must be on the ground floor. The ceiling should be eleven and one half feet high. If this shop is of fire proof construction it could be attached to the main building. If it is not to be built from fire proof material, then, it should be separated from the main building for obvious reasons. Needless to say, the dimensions of this building may be slightly increased or decreased in order to suit the space available.

This letter can not be considered an authorization to construct the shop. Please send us an estimated cost of material for this building. When we receive this estimate, we will be able to give this project further consideration.

Gentlemen:

Re: Purchase Orders 7248 & 7551 - 106-1-11

In your letter of the 25th ultimo (reference Dept. #88) you mentioned that you were not in a position to furnish the four sets of Auger Bits, #122A or #8 Utility. It will be in order for you to supply Model A.R. sets at $6.15 each f.o.b. Winnipeg to complete the above orders. It will be noted that two sets should be supplied on each of the above orders.

Ottawa, April 26, 1946.

Dear Father Lambert:

The attached account has just been received from the Searle Grain Company, Limited. In connection with the first part of the account I would refer you to Mr. Doucet's letter of December 4, 1945, in which you were informed that although it is not our policy to pay for sewing or weaving material we would pay that particular account, which amounted to $52.10. Of that amount we paid $51.10. We could not pay the other dollar as there was no express receipt.

From the enclosed account it is evident that you have made another large purchase, and while we made an exception in the case of the one account, I regret that we cannot continue paying such accounts. It is for this reason that I am returning the account to you, in order to allow you to forward cheque from school funds to the Searle Grain Company, Limited.

Yours sincerely,

Encl.

The remodeling of the shop has been carried out according to instructions given last November. The work has been done by the pupils and they have done a good job.

The pupils have done splendid work. Ship ladders, wash stands, etc., were very well done. The pupils show a great deal of interest and enthusiasm for their work.

Monsieur A. J. Doucet,

Ottawa, Ont.

Cher Monsieur,

Quoique notre boutique soit un peu petite; je voudrais tout de meme ne pas perdre une année; et faire profiter les garçons le plus possible de l'entrainement que le Département des Affaires Indiennes leur offre gratuitement. Je tacherai de tirer profit le plus possible de ce que l'on a actuellement c'est à dire du local en faisant quelques changements à l'intérieur si on pouvait être aidé un peu pour quelques améliorations en attendanr notre nouvelle boutique qui sera bien éclairée et spacieuse selon vos sages(conseils) plans.

J'aimerais à leur faire travailler le métier de forgeron un peu pour cela si vous pouvez me faire obtenir les outils suivants que je choisis dans le Catalogue de Ashdown Winnipeg.

Je crains un peu que vous puissiez faire accepter cela car toutes nos dernières requisitions de l'année ont été retardées à l'an prochain si vous juges le montant trop haut divisez en deux commandes.

Merci beaucoup pour votre aide et tout ce que vous faites à Ottawa pour notre école.

Memorandum Indian Affairs Branch

Please find herewith copies of purchase order No. 13563 for blacksmithing equipment for Manual Training purposes at Sandy Bay Indian Residential School. The order includes all the items covered by your requisition of the 11th instant, with the exception of the second item calling for one only 150 lb. Anvil, on which the vendor did not quote. I would suggest that Inspector Hamilton arrange for local purchase of this anvil. If not immediately available elsewhere, the Ashdown Hardware Company might be asked to supply same when they are in a position to do so.

Yours truly,
for

AIRMAIL

Ottawa, 25 September 1946.

Mr. A.G. Hamilton, Inspector Indian Agencies,
538 Dominion Public Bldg., Winnipeg, Manitoba.

We have a request from the Principal of the Sandy Bay Indian Residential School for one 150 pound anvil for the Manual Training Class. The Purchasing Branch endeavoured to secure a quotation from the Ashdown Hardware Company but this Company would not quote.

Please arrange for local purchase of this anvil. If it is not immediately available elsewhere then the Ashdown Hardward Company should be requested to supply same when they are in a position to do so.

Ottawa.Ont.

Kind Mr Doucet,

We still remember your many favors given to our school and wish to thank you again with all the gratitude that we can expres. May you and your happy family feel as much happiness as you render others happy through your kind deeds.

As the department is eager to have the Indians interested in little industries, we also want to answer to their wish.

Last June two of our scholars: ESTHER HOULE &MARTHA BEAULIEU werediscbarged and both know weaving very well. Now Kind Mr Doucet you have promised to help us in this matter. Those girls have a home fair and large enough to put a loom etc. You could probably send us two looms 36" and material to give them a start. As for the material it will stay at school. The teacher will control it as well as their different projects.

May I enclose a requisition for both.

Still trusting in your generosity. I remain.

Gratefully yours,

Father J. Lambert, O.M.I.

Rev.J. Lambert, O.M.I. Principal, Sandy Bay Res.School,
Marius, Manitoba.

I have discussed with the officials here your proposition re Esther Houle and Martha Beaulieu. The Department is ordering two thirty-six inch looms together with the accessories. However, it is definitely understood that this equipment is only loaned to these girls. You may repossess this material at any time should you deem that these ex-pupils are not making good use of them. Should they desire after some time to purchase a loom, the Department would consider helping them to procure one.

You are hereby authorized to purchase wool and cotton as per enclosed requisition. Send us the bill duly receipted and we will pay them.

Mr. A.J. Doucet,
Indian Affairs Br.,
Ottawa, Ont.

Dear Mr. Doucet,

May we have any further information concerning the two looms which were requisitioned through you by this school on 3/10/46., Two of our pupils who have now left school could use these looms as they were very able weavers.

Brother Bruyere during a recent visit to your office was informed that a cheque for $875.00 had been forwarded as payment of his instructors salary. To date this cheque has not been received.

Yours truly,

J. Lambert, O.M.I.
Principal.

In reply to your letter of April 14th, I wish to state that two 36" looms were purchased from Jules Clement Company on November 18th, 1946. If you have not yet received these, it is probable that they are unable to deliver them. I am, however, writing to the company to see whether or not they have been shipped. Should you have received them in the meantime kindly let me know at your earliest convenience.

With reference to the second part of your letter dealing with the salary of the Manual Training Instructor, I have just checked and found that cheque No. 32665 has been issued on April 14th in payment of this account. Should you not receive this cheque in due time kindly let me know and we will have it traced.

Re: Material needed for Training Shop-Sandy Bay.
Attention: Mr. Philip Phelan.

My dear Mr. Phelan:

I am enclosing a list of materials supplied to me by Reverend Brother Bruyère, Training Supervisor of the children of the Sandy Bay Indian Residential School, for the construction of a new shop. All this material can be supplied by the Ridge Lumber Company, Langruth, Manitoba.

Our experience at Sandy Bay is that it is preferable for the school staff to undertake such buildings, as they can do it more cheaply and therefore more advantageously for the Department.

Please let me know at your convenience, what your decision will be.

Very truly yours

We have your letter of the 14th instant enclosing list of materials required for manual training shop at the Sandy Bay Residential School.

We would like to know the dimensions of the building which it is proposed to erect at Sandy Bay. We would also like to have from the Principal an estimate of the cost of the materials and the cost of the labour.

Yours sincerely,

OCT 9 1947

Cher Mr Doucet,

Lors de votre passage à Sandy Bay, vous nous laissiez savoir que le Département des Affaires Indiennes encouragerait volontier vos jeunes garçons au sortir de l'Ecole, en leur permettant de suivre un cours de technique.

Nous aimerions que Christopher Beaulieu de Sandy Bay Traité No 224, agé de 16 ans, puisse suivre un cours de quelques mois à l'école Technique de Mr Vermander à Saint-Boniface.

Je voudrais également attirer votre attention sur deux autres points. D'abord nous n'avons pas encore reçu les deux métiers pour nos deux gradués de 1946: Martha Beaulieu et Esther Houle.

Vous le savez pour avoir visité nos écoles, que le travail de peler les patates prend un temps et un groupe d'enfants assez considérables. Ce genre de travail offre à l'enfant très peu de chance de formation et peut-même avoir le résultat funeste de le dégouter. Nous demandons donc par votre entremise , une peleuse de patates, au Département des Affaires Indiennes.

Nous signalerons également encore que nous aimerions avoir quelque chose de définitif au sujet de la construction d'une boutique pour "Vocational Training"

Un maître en menuiserie accepterait $1.25 de l'heure et trois de nos post-gradués de la Réserve, travailleraient sous ses ordres à .40 sous de l'heure. Il pense pouvoir accomplir le travail dans 3 ou 4 semaines.

Nous vous réitérons nos remerciement pour l'intéret constant que vous nous témoignez. Espérant une réponse favorable sur tous les items mentionnés sur cette lettre.

Vôtre. P. J. Lambert, O.M.I. Princi-

Dear Father Lambert:-

Your letter of the 9th instant addressed to Mr. Doucet has been referred to me. I understand that Mr. Doucet has already settled the case of Christopher Beaulieu.

As you were informed in official letter of May 22nd, we ordered the looms several months ago but they are not yet available. As soon as the company can supply them, they will be forwarded to you.

I regret that the Department does not supply potato peelers.

We have no funds specifically provided in the current year's appropriation for the erection of manual training buildings at residential schools. However, if you have a building that could be renovated and used for manual training purposes, we would be prepared to allow a reasonable amount. No doubt we will hear from you again.

Your file 65532-15-18-1

Mr. Clement has only delivered the items ordered on the above requisition recently, as shown by the enclosed account.

You will note that practically every item is higher than shown on the purchase order. Presumably this is due to price increases.

Before the account can be paid it will be necessary for us to have your authority for the increased cost.

Re: Vote 76-18-415 Enc. No. 1391 - $156.50

The above encumbrance was raised to cover goods ordered from Jules Clement, Saint Justin, Comte de Maskinonge, P.Q., as per Purchase Order No. 14837, dated November 18th, 1946.

The delivery of the goods was made twelve months later as per firm's invoice No. 313, dated November 17, 1947, at $205.94. The question of the increase of $11.26 on the cost of the goods has been explained by Mr. Clement as something like 10% over a period of one year which is not out of line with the increase on other commodities. The amount shown as Federal Tax computed at 8% is nominally the Government Sales Tax at $13.48 which the firm advise should be charged. This charge was discussed with officials of the Department of National Revenue who claim the charge is justified. The two cushions at 35¢ each or a total of 70¢, although not on our order is justified. The additional amount of $24.00 for express charges supported by C.N. Railway voucher should be honoured.

Therefore, it is requested that an additional amount of $49.44 be provided in order that Jules Clement invoice mentioned above may be passed for payment.

In reply to your letter of February 2nd, The Department does not feel justified in purchasing a junior planet seeder as it is understood that it is to be used as an advantage to the school and has very little relation to the training of the pupils. Small gardens do not require such instruments.

The Department is interested in training these children to seed by hand rather than by machine. We are authorizing you to purchase the following:

6	Rakes,
6	Rake handles,
6	Hoes
1	Garden Wheelbarrow
4	sets Hand garden tools.

This expenditure should not exceed $30.00. Send in the vouchers in duplicate to this office for payment when delivery has been made.

The amount shown as Federal Tax computed at 3% is nominally the Government Sales Tax at $13.48 which the firm advise should be charged. This charge was discussed with officials of the Department of National Revenue who claim the charge is justified. The two cushions at 35¢ each or a total of 70¢, although not on our order is justified. The additional amount of $34.00 for express charges supported by C.N. Railway voucher should be honoured.

Therefore, it is requested that an additional amount of $49.44 be provided in order that Jules Clement invoice mentioned above may be passed for payment.

Dear Mr. Phelan;

We were given to understand that the Department would give us substantial financial assistance in remodelling our shop for the manual training of our pupils. May we have further details that we may know just the Department intends to do and is willing to do about this.

Yours truly,

Dear Father Lambert:

I received your letter of April 20th with reference to remodelling your shop for manual training purposes.

I understand from Mr. Doucet that he discussed this matter on the occasion of his recent visit to the school and suggested some improvements to the present building, that would not involve any heavy expenditure but would prove suitable until such time as funds could be made available to erect a better building.

We would be pleased to have the information that Mr. Doucet suggested you send to us.

Yours sincerely,

Mr. Alphonse Doucet, B.A.,
Indian Affairs, Training Division,
Ottawa, Man.,

Kind Mr. Doucet,

Upon our Reverend Father Principal's request, I am to inform you that the following accessories are missing to the last loom received; warping frame, bobbin rack, & heddles.

The Indian girl has to come here to warp the pieces but, as she lives rather far from the school, it is quite inconvenient, don't you think?

We have also given her a certain quantity of thread and yarn so that she may go on with her little industry.

As it is understood that the Department will supply some material at the start, could you possibly inform us as to what amount of money we could spend for this purchase or would the Department send the material?

Gratefully yours,

Sr. John Mary Feeney

Within the past few months you have forwarded a loom to Reverend J. Lambert, O.M.I., Principal, Sandy Bay Residential School, Marius, Manitoba.

We have just received a request for the following additional accessories:

1 warping frame

1 bobbin rack

4 heddles.

Please forward these to Father Lambert as soon as possible and you should also send him your account in duplicate so that he can certify it and return to us for payment.

Kind Sir:

I have planned to have the girls weave some bed-spreads for all the children.As we have looms of 45 inches, it is impossible to do so.

Would you be kind enough to send me a 90 inches loom with two diffwrent reeds, No. 12 & 15?

Gratefully yours,

Mr. Alphonse Doucet,
Department of Indian Affairs,
Training Division,
Ottawa, Ont.

Kind Sir:

You must have received my letter demanding a 90 inches loom.

Before any decision is made I wish to make this remark. We would perfer a loom from Nilus Leclerc Manufacture Quebec, since the girls here operate those which are perfect looms in my opinion. Mr.Jules Clement's looms are not so easy to operate, thus requiring more skill to work quickly.

You understand, Kind Mr. Doucet, that this plan of making bed spreads for 150 pupils is not a little job, and operating a perfect loom will lessen the task.

Counting on your constant and sincere devotedness, I remain very gratefully yours, Sr. St-John Mary Vianney

Rev. J. Lambert, O.M.I.,
Principal,
Sandy Bay Indian Res., School,
Marius, Manitoba.

In reply to your communication of the 12th instant, the Department is not prepared to place a 90" loom in the school at present.

These looms require a great deal of space and more of a commercial type loom than the 45" loom which may be used for instructional purposes. The handling of the 45" loom is similar to the 90" loom and requires the same manipulation. The Department, consequently, feels that all the educational value of the 90" loom is contained in the 45" one.

In reply to yours of the 23rd instant, I may say that these reports have been received every month.

In order to pay the salary of the Manual Training Instructor, these reports must accompany the vouchers.

I notice that the former reports were signed by Mr. Omer Bruyere while this last one was signed by V. Lavoie.

We have no application of employment for Mr. Lavoie. Enclosed please find one of these which you will kindly have completed at your earliest convenience and returned to this office for attention.

Re: Work-shop for the Sandy Bay I.R.S.

Dear Mr. Phelan:

I am again in receipt of a letter from Rev. Fr. J. Lambert Principal of the above school, asking if anything will be done this year regarding the building of a work-shop for training the boys of the school.

The present building is certainly inadequate for that purpose. It is moreover a definite fire-trap and should be demolished so as not to expose the school to destruction by fire.

Your attention to this matter will greatly oblige.

Yours very truly,

J.O. Plourde, O.M.I.

Reverend Father Jean Lambert, O.M.I.,
Principal,
Sandy Bay Indian Residential School,
Marius, Manitoba.

Dear Sir:

Last November you wrote to me requesting a 90" loom, in order to weave bed-spreads, blankets, etc. As there is very little educational value in a 90" loom that is not also contained in a 45" loom we did not think that the expense of a 90" loom was justified. However, since I have been able to obtain a 90" loom which I wish to dispose of, I am therefore sending you by freight the 90" loom in the shape that it is transferred to us. It may be that some parts are missing. In that case you let me know what is missing and we will endeavour to furnish these parts. The loom will be sent from Muncey, Ontario to the Principal of the Sandy Bay School, Marius, Manitoba.

Yours truly,

A.J. Doucet,
Supervisor, Vocational Education.

Mr. F.L. Hall,
Supt. of Indian Agency,
Muncey, Ontario.

I understand that Mrs. Lockwood salvaged a 90" loom at the time of the dismantling of the Mount Elgin Institute and that she has this loom at present in her home. As this home has been disposed of she wishes to turn the loom back to the Department. I understand that part of this loom is still crated. The other part will have to be crated and the entire loom sent to the following address:

The Principal,
Sandy Bay Indian Residential School,
Marius, Man.

Please prepay the freight and submit vouchers for the freight and crating to this office for payment.

The above should be done as soon as possible as we are told that the Department of Health and Welfare is taking over Mrs. Lockwood's home.

MEMORANDUM OF AUGUST 5 To Supt. of Welfare.

I phoned Mrs. Moodie re the loom salvaged by Mrs. J. Lockwood. This loom is transferred to this Department without cost. Somt time ago Sandy Bay requested a 90" loom. I am therefore instructing Supt. Hall to snip this loom to Sandy Bay Residential School. There will be some expense involved for crating and freighting.

We are in need of a "spinning wheel". I could get a brand new one from the Sisters of Saint Joseph, St.Hyointhe, P.Q. at a low price. Would you permit me to purchasw it?

We intend to weave carpets and in order to do so, we need a reed "9" that is, 9 threads to a foot.. Please send us one if they are available. Thank you.

Mr. Doucet, you are cordially invited to visit our school at any convenient time. Wishing you perfect health and full success in your visits.

Dear Father Lambert:

Quite some time ago we received a letter from you requisitioning for a spinning wheel and a No. 9 reed. You did not say whether the reeds are for a Leclerc or a Clement loom. However, we are hereby authorizing you to purchase this material directly and send the vouchers to your Superintendent for payment.

We are sending a copy of this letter to the Superintendent. It is estimated that this expenditure will not exceed $25.

SANDY BAY R.C. RESIDENTIAL SCHOOL

DEATH OF INDIAN PUPILS.

126-9-23.

Ottawa, January 20, 1937.

Dear Sir:

The returns received from the Sandy Bay Indian Residential School for the December quarter show that pupil No. 0148, M. Bella Whitford, died on December 16th, last. The Department has not yet received the memorandum of enquiry into the cause and circumstances of the death of this pupil.

You were instructed some time ago to inform the Principal that, when a pupil of a residential school dies, he should notify you at once. A supply of forms for this purpose was sent you, containing full instructions regarding the action that should be taken when a pupil dies. In future, when a pupil dies at a residential school in your agency, you should see that the instructions, as stated on the form, are immediately complied with.

Please have the Principal of the Sandy Bay Residential School complete the form in the case of pupil No. 0148 and forward same to the Department, giving all the information requested. If you have not a supply of these forms on hand, you should requisition for same.

Yours truly,

Philip Phelan,

DEPARTMENT OF INDIAN AFFAIRS

Memorandum of an inquiry into the cause and circumstances of the death of Blanche Bella Whitford, Pupil No. 0148

of the Lamay Bay Indian Residential School at Quamanth,

who died at her grandmother's (place) on December 16th 1936

INSTRUCTIONS

When a pupil of an Indian Residential School dies, the Principal is required to inform the Indian Agent at once.

On receipt of the Principal's notice the Indian Agent shall convene a Board of Inquiry, consisting of himself as Chairman, the Principal of the Residential School, and the Medical Officer who attended the deceased pupil. These members of the Board shall, in each other's presence, complete this memorandum, which shall then be forwarded to the Department of Indian Affairs, Ottawa, in one copy.

The Board of Inquiry shall, if at all practicable assemble within 48 hours of the pupil's death.

The parents or guardians of the deceased pupil shall be given notice of this inquiry and be permitted to attend it or to send a representative. They or their representative shall be asked if they wish to make a statement. In the event of their so wishing, their statement shall be attached to the report. The inquiry, however, shall not be delayed more than 72 hours after the time at which it would otherwise be held, to enable them to attend it.

If the Indian Agent is located at such a distance from the school as to make it impracticable for him to attend the Board, he shall request a responsible local resident to act for him. A suitable person for this duty would be a Justice of the Peace or a member of the Royal Canadian Mounted or Provincial Police. A more or less permanent arrangement of this kind might be necessary in some cases. The Department is prepared to pay a reasonable fee for this duty, on the Agent's recommendation. The report of the Board, in any case, must reach the Department through the Indian Agent's office.

This inquiry is not designed to take the place of, or prevent, any other inquiry, including an inquest, which may be required by law.

If the pupil died as the result of an accident, the Indian Agent is required to take the statements of the witnesses of the accident, and attach them to this memorandum.

DEPARTMENT OF INDIAN AFFAIRS

Memorandum of an inquiry into the cause and circumstances of the death of Arthur Mousseau, Pupil No. 166

of the Sandy Bay Indian Residential School at Sandy Bay Reserve

who died at Kinsawa Hospital (place) on January 31st 1937

INSTRUCTIONS

When a pupil of an Indian Residential School dies, the Principal is required to inform the Indian Agent at once.

On receipt of the Principal's notice the Indian Agent shall convene a Board of Inquiry, consisting of himself as Chairman, the Principal of the Residential School, and the Medical Officer who attended the deceased pupil. These members of the Board shall, in each other's presence, complete this memorandum, which shall then be forwarded to the Department of Indian Affairs, Ottawa, in one copy.

The Board of Inquiry shall, if at all practicable assemble within 48 hours of the pupil's death.

The parents or guardians of the deceased pupil shall be given notice of this inquiry and be permitted to attend it or to send a representative. They or their representative shall be asked if they wish to make a statement. In the event of their so wishing, their statement shall be attached to the report. The inquiry, however, shall not be delayed more than 72 hours after the time at which it would otherwise be held, to enable them to attend it.

If the Indian Agent is located at such a distance from the school as to make it impracticable for him to attend the Board, he shall request a responsible local resident to act for him. A suitable person for this duty would be a Justice of the Peace or a member of the Royal Canadian Mounted or Provincial Police. A more or less permanent arrangement of this kind might be necessary in some cases. The Department is prepared to pay a reasonable fee for this duty, on the Agent's recommendation. The report of the Board, in any case, must reach the Department through the Indian Agent's office.

This inquiry is not designed to take the place of, or prevent, any other inquiry, including an inquest, which may be required by law

If the pupil died as the result of an accident, the Indian Agent is required to take the statements of the witnesses of the accident, and attach them to this memorandum.

Board was held at Sandy Bay School June 27th. Guardian present. Child suffered from occasional epiletic fits of short and long duration. Suffered fit on May 3rd. in the afternoon, guardian called. The child fell into a coma and never recovered. Guardian wished to make no statement in the matter, felt that everything possible had been done.

2. In this space record any recommendations which the Board consider should be made to the Department in relation to the health or safety of the pupils of this School.

Child admitted to school Sept. 1942. There is nothing on the admission form to show the child suffered epiletic fits. The child was examined by Doctor Kettlewell on Oct. 5/42 and the medical examination shows the gild as normal. Very little can be done at the present time in having the doctor visit the school periodically, but I would suggest, that when times became again normal that a doctor visit the school twice a month.

Ottawa, March 3rd, 1910.

Right Reverend Sir,

As Your Lordship is aware the improvement of Indian day school conditions has been for sometime receiving consideration and already marked improvement is noticeable in many instances. Some months ago particular attention was paid to the schools in the southern part of the North Saskatchewan Inspectorate, and, with a view to extending the work, the situation as existing on the more northern reserves has been looked into and reported upon, and the Department now wishes to try to effect an improvement at the Ahtahkakoop and Sturgeon Lake Schools.

Your Lordship will readily recognise as one of the first essentials to success the procuring of efficient and interested teachers, and to obtain and retain such the co-operation of the authorities of the church directly interested is much to be desired. This matter, is; therefore, being brought direct to Your Lordship's attention with the hope that it will receive early consideration.

The Ahtahkakoop school is in charge of Mr. Louis Ahenakew, an Indian who attended Emmanuel College. The very poor enrolment and attendance at this school are evidences that there is something wrong in the management and the conclusion has been reached that the fault lies largely with the teacher. Mr. Ahenakew is reported to be

lacking in scholarship and energy and to take no interest in his work. During the six years he has been in charge of this school he has evidenced no desire to improve himself intellectually and thus better fit himself for his duties. The first step, therefore, is to procure the services of a qualified teacher who will devote all his or her energies to the work. It is considered that a married teacher, male or female, would be most suitable and to a competent person the Department would pay a salary of $500.00 per annum. If a male teacher could be secured, whose wife would be able and willing to take up nursing and field matron work on the reserve, a larger salary would be allowed.

The above remarks apply in a large measure to conditions at the Sturgeon Lake school and Mr. Crain should be replaced by an efficient teacher, to whom the same salary as that at the Antahkakoop school will be paid.

These changes may be made after the summer holidays and Mr. Ahenakew and Mr. Crain should be notified at once that their services will not be required after June 30th, next, and in the mean time the names of successors may be submitted to the Department for consideration.

Dear Sir,

In reply to the above I am glad to hear that there is a chance of improved schools [illegible] or special schools. I have seen Mr Bertram (Indian Agent) also on the subject. I quite realize the necessity of procuring efficient teachers. This will take time. I am looking out for them and should have them by the time you are ready for them. It will take some time to put up proper buildings so I hope the Department will instruct their Agent to lose no time. I will notify Messrs Archibald and McCrae that they will not be needed after June 30th.

What do you think of Miss Mrs Godfrey, Mr Mitchelhoe's sister, if I can induce her to accept? Mrs Godfrey, as you know, has done splendid work, she could teach in the school, and Mr Godfrey could assist her in the management and in gardening.

Faithfully yours

Right Reverend Sir,

I have the honour to acknowledge the receipt of Your Lordship's letter of the 26th ultimo asking whether in the event of your being able to induce Mrs. Godfrey to accept the position of teacher of the Ahtahkakoop day school the Department would agree to her appointment.

In reply I beg to say that in case Mrs. Godfrey will not remain at the south Fort a la Corne school the Department will be pleased to engage her at Ahtahkakoop on the same terms as she was offered to remain at Fort a la Corne, viz.- $500.00 per annum.

The Department is making inquiries as to whether there is suitable accommodation for a teacher at Ahtahkakoop and Sturgeon Lake schools and, as soon as this information is received, Your Lordship will be further advised.

Right Reverend Sir,

I beg to refer Your Lordship to official letters of March 3rd, last, in which you were asked to advise the teachers of the Ahtahkakoop and Sturgeon Lake schools that their services would not be required after June 30th, next.

In this connection I beg to inform Your Lordship that the Department has under consideration the transfer of Mr. MacLeod, the farming instructor on the Big River Reserve, to either of the reserves above mentioned. In the event of this change being finally decided upon the services of Mrs. MacLeod would be available as teacher of the school. Excellent reports on her work at the Big River school have been received and presumably Your Lordship would have no objection to her appointment at Sturgeon Lake or Ahtahkakoop.

Sir,—

Referring to your letter of April 9th., 1910

No. 117456/1. I have the honor to state that I would be averse to any change such as suggested, from the farm stand-point. Farmers Isbister and Campbell are each becoming settled in their positions, and will prove more useful this coming season than heretofore, especially Mr. Campbell, who is new to the work. Regarding the Sandy Lake school, the attendance under the new arrangements will be larger than I t hink Mrs. Macleod could do justice to; as I understand that she has not had the experience of a trained teacher. She possesses the teaching faculty, is well suited to her present school, and is calculated to succeed there. I am in hopes that the difficulty between Mr. Macleod and the Indians may be allayed, and, if so, I would prefer him to remain where he is rather than that either of the suggested changes should be made.

I have the honor to remain,

Sir,

Your obedient servant,

Indian Agent.

Sir,

I have to acknowledge the receipt of your letter of the 19th instant in reference to the suggestion of the Department that an exchange might be made between Mr. McLeod, farm instructor on the Mig River reserve, and either Mr. Campbell at Ahtahkakoop or Mr. Isbister at Sturgeon Lake.

In reply I beg to say that, in view of the explanations contained in your letter, this matter may be allowed to drop for the present.

It is to be hoped that the relations between Mr. McLeod and the Indians on the Reserve will permit of his being retained in his present position.

Dear Sir,

I have been waiting to acknowledge & answer two or three letters from you, till I could make enquiries, or settle my plans, &c.

I 1 yrs, N° 11941 0/1, April 1st. Lumberland School.
I have no desire to exchange Settee for Keddie.
Settee has been long in the work, & does fairly well.
I only proposed Mr Keddie when I thought Settee was going to College. Settee has abandoned this idea, I think Mr Keddie better qualified to teach Indians, though probably better educated. I think Settee had better stay on at present. Should he wish to leave I should be glad to nominate Mr Keddie.

I understand that Mrs Godfrey has decided to stay on where she is now, South Fork a la Corne, which I am glad. You have always approved of her work, & I hope will give her generous treatment. So she will not be free for Okanakana's, which school I have to refer to in my next paragraph.

III # 11745-6/1 - Wm. G.. Mrs Macleod of Okanakane's.

I am truly astonished at your letter. I can not pretend to understand the I.D. You profess great anxiety to have improved day-schools, with certificated teachers, governess, nursing, &c. You bid me dismiss a faithful & earnest teacher because in order to attend, & ask me to secure a competent one. Then you write & ask me to accept a woman who has no such pretensions to skill, but who has (I believe) a desire for the welfare of the Indians, but certainly not more so than has Louis Shenakew. Moreover she, however excellent herself, & I admire her for what little I have heard of her, is the wife of a farm-instructor whom you have dismissed because he treats the Indians like dogs, or slaves. You say you have "excellent reports of her work" - if so, it only shows how little you can rely on the testimony of your local officials! I have nothing against her. I daresay her work would be excellent if she had a chance. But I understand that the school was open but little open, a hardy race, Sioux, because the Indians are so much away, so she has had no ground upon which to build up a good report.

their regard to this matter then, & in answer to your question as to whether I will appoint Mr McLeod, I beg to say:

1. Do you, or do you not, know of Mr Leods' conduct? He is in many ways an active, diligent man, & has tried to make the Indians more diligent, &c. But, he is bitter crazy at times, or has a terrible temper; & I have heard it very strongly suspected that if you did not remember he would be attacked & assaulted by the Indians. He knocked me down with his gun but long ago, but the matter was hushed up. The Indians are terrified of him
2. He might possibly succeed at his dogs.

Simpson Lake: he will never do so at Sandy Lake, but might be maimed or murdered!

3. The accuracy of the report by you of Mr McLeods excellent teaching is more than doubtful — I don't care whether it was Christian or Bostwick who sent it — there was no no chance for her to prove her excellency.

4. The whole recommendation savours of an effort for the I.D. to remove an officer who has rendered his position impossible, & let him down easy with the desire of the I.D. for "improved day Schools"

Now, my dear Sir I write plainly & confidently. I write

no hostility to the I.D. or with all due respect for you, Sir. But I do feel, & many of us feel & have so contended, that you do not hear the truth at Ottawa, that your local officials return partial reports; spare wrong-doers, give an unfair help to their friends, & I can only account for your action as I do the Lord & his wife by thinking that you have been misinformed.

It was just the same at the Pas when I reported against Mr Fischer. The I. D. sent & investigated! The man was whitewashed & I was Told I was mistaken. I am as sure of the truth of what I alleged as I am of my own name. And now Fischer is telling the Indians at the Pas that we (C.M.S. & the Church of England) are blocking the way & preventing their building the promised Boarding School there! You know where the delay & hindrance comes. Mr Fischer was Told by Mr Simpkin there that he had nothing against Mr Lundie, & wished me to appoint him & Lundie & take! I thought that Mr Lundie question had been settled for good & all. If Fischer has nothing against him I am sorry for Fischer's endowment. I am sorry I have taken up so much of your time, but I do not regret me and spite above -

Right Reverend Sir,

I have to acknowledge the receipt of Your Lordship's letter of the 26th ultimo, and in reply to that portion in which you refer to the Ahtahkakoop school I beg to say that, in view of the fact that the Department cannot see its way clear to undertake the erection of a teacher's dwelling on the reserve this year, Mr. Ahenakew may be allowed to retain his position as teacher for another year, if he so desires.

Right Reverend Sir,

I have the honour to acknowledge the receipt of Your Lordship's letter of the 24th ultimo in reference to Indian school matters in your Diocese.

In connection with the Sturgeon Lake school I beg to say that instructions have been given to have the school-house thoroughly repaired. These repairs call for an expenditure of close to $300.00 and, when completed, it is hoped that the building will be quite comfortable and much improved in appearance. As this expenditure is somewhat higher than was anticipated the matter of enlarging the teacher's residence will have to stand over till next year and in the meantime it is hoped that the present accommodation will suffice.

The contract for the erection of a teacher's residence and pupils' dining room on the John Smith's reserve was let sometime ago and the work is now under way. Any delay that occurred in proceeding with this work was unavoidable. The Department wished to erect a creditable building and had careful plans and specifications prepared. Following this tenders were called for, but all the details were attended to as promptly as was possible and the building should be ready for occupation by the Rev. Mr. McDougall and his family early in the autumn.

A change of teacher at the Ahtahkakoop school at an early date is no doubt most desirable, but, as in the case of the Sturgeon Lake school, repairs to the building in order to make it comfortable called for an outlay of $232.00 and funds are not available this year for the erection of a teacher's residence, owing to this fact it is deemed advisable to allow Mr. Ahenakew to remain in charge for at least another year.

It is noted that Your Lordship has in view a married man to take charge of the Sturgeon Lake school and the Department would like to know whether the present dwelling, which was erected by your Church, will provide temporary accommodation. As Your Lordship has already been advised a salary of $500.00 will be paid a teacher and, if his wife is competent and willing to take up field matron work among the Indians on the reserve, an additional grant will be made for her services. In the absence of fuller information, however, a definite amount cannot at present be decided upon.

In reference to accommodation for teachers on these two reserves I may say that the Superintendent of Indian Education contemplates visiting the Carlton Agency in the near future and while there he will make special inquiry with a view to having the necessary work undertaken early next year.

Mr. Borthwick, the Indian Agent, has been written to in regard to Mr. Quinn's complaint that he has not been furnished with necessary supplies during the last year and it is hoped that there will be no further difficulty in this respect.

In conclusion I beg to assure Your Lordship that the improvement of our school conditions in your Diocese is

earnestly desired, but as it is quite a large undertaking and as similar improvements in many other districts have at the moment to be considered progress must necessarily be comparatively slow. However, it is thought that a decided advance has been made during the past year and it is hoped that results next year will be even more satisfactory. In the meantime a communication from Your Lordship in reference to the qualifications of the teacher and his wife referred to above will be awaited.

I desire to recommend to your notice & consideration Mr H. Hutchinson, who will write to you. I think we shall be fortunate if we secure him as Teacher for the improved day-School, Ahtahkakoop's Reserve next Spring. He will tell you his qualifications & experience, a Gentleman, highly educated, for many years a "Coach", i.e. preparing young men for the Universities, &c. in Engl^d, having taken a medical course, but not his M.D., taught Public School for some years in Man. under a Certificate, took charge of Church-services & parish, was allowed by doctors to do a good deal of medical work in outlying parts, his wife is a nurse, both like the idea of teaching & helping the Indians. I think he sh^d have a fair salary for both, to commence. I wish you could get the house built, & School enlarged, &c. as early as possible, according to your proposal ~~last~~ Fall. A House such as that for Mr Dingall, at Jno. Smith's, wd do well.

Right Reverned Sir,

I have the honour to acknowledge the receipt of Your Lordship's letter of the 23rd ultimo, and in reply I beg to say that the Department is very pleased to learn that you have in view a competent teacher for the Ahtahka-koops School whose wife also will engage in the Indian work. As to the salary, the Department will pay Mr. Hutchinson $600.00 per annum and his wife $300.00. As Your Lordship is aware these are the salaries paid on the John Smith's reserve.

The plans are being prepared for a teacher's residence and the work will commence as early in the spring as weather conditions will permit. I may say for Your Lordship's information that it is the intention to follow in a general way the plan of the residence on the John Smith's reserve in so far as the residence itself is concerned, but provision will be made for dormitories and recreation rooms in the annex.

As to the immediate engagement of Mr. Hutchinson the Department wishes to offer the suggestion, if practicable, that he take charge of the Sturgeon Lake School for a few months when the spring season opens until such time as proper accommodation can be provided at Ahtahkakoops. Building operations will also be undertaken at Sturgeon Lake, but the Department will give the erection of the Ahtah-

Dear Sir,

In the 1st I there you informed me of appointment of Mr Hutchinson wife for Sandy Lake, & you wished them, if possible, to go to Sturgeon Lake for a few months, while the Sandy Lake House is being built. In the 2nd you referred to this again, & also said you wished Mr & Mrs Godsey to take Sturgeon Lake later on. I would like to say that I fear it will be difficult & very inconvenient to Mr Hutchinson to follow this plan. First he has furniture to move, & it will be great cost & trouble (risk?) to move 1st to Sturgeon Lake & then to Sandy Lake (Athlakakoopis). 2nd He will not be ready till May 1st - 3rd. I fear he would find accommodation poor at Sturgeon Lake till the house is reconstructed, & more so if the reconstruction was in course - Could you not press on the Sandy Lake house so that he might go there early in May or June? I could keep him in work till then.

Ottawa, March 14, 1911.

Right Reverend Sir,

I have to acknowledge the receipt of your letter of the 2nd instant, and in reply I beg to say that the Department regrets to learn that Your Lordship thinks it will be impossible for Mr. and Mrs. Hutchinson to go to Sturgeon Lake temporarily until such time as a building can be erected at Ahtahkakoops. I may say that the Department is quite anxious to rush this work, but I would remind Your Lordship that plans and specifications in detail have to be obtained and then tenders have to be called for. Some considerable time must, therefore, elapse before any contract for this work can be awarded. For this reason it is ~~utterly~~ impossible to have the building ready for occupation early in May or even in June. The Department has several other buildings that it is proposed to erect in this northern country and in order that the best prices may be obtained it is desired to call for tenders for all about the same time.

With regard to the South Fort a la Corne school I may say that the Department has granted Mrs. Godfrey three month's leave of absence from May 10th, next, and it is proposed to leave the school closed until her return.

In regard to Your Lordship's query I may say that the Department has no proposal to make in regard to the Sturgeon Lake school. If Your Lordship is not in a position

to send anybody to take charge until such time as new buildings are erected nothing can be done by the Department.

Mr. Gentleman's application has not yet arrived, but when it comes to hand it will receive due consideration. In the meantime it is not known that there is any vacancy, unless the temporary one at Sturgeon Lake. Dear Sir,

I fear that there is a little confusion as to Stur-geon Lake & Sandy Lake appointments, owing to letters going to different persons, & perhaps some density. I would ask you to be kind enough to state as clearly as you can your wishes, & the plans as present proposed. I am only anxious to comply with them if we can. The confusion has partly to do with the Godfreys' & Gentleman's appointment, & partly with Mr Stutchinsons. I would therefore ask you be kind enough to tell me how the whole matter stands at present, & I will first tell you how I understand it from your previous letters. I gather that,

1. The Godfreys will be absent till August, & that you wish them on their return to take Sturgeon Lake School.
2. You intended to close Big Head's school for a time when they leave, unless you have appointed Mr & Mrs Gentleman to it.
3. You desire Mr & Mrs Stutchinson to take Sturgeon Lake School for the summer, while you build at Pitakahkoopis; but you are prepared to consent to their going to the latter, May 1st, if they can find a house to live in.

I would suggest, if Mr Hutchinson will agree to it,
1. That he takes Shurgem Lake School till the Godspeed
return, as I feel sure he can not find a home to live in at
Shakkakkoops 2. That if you accept Mr Gentleman he goes
to Big Head's at once, rather than to move to Shurgem Lake for
a few months, & then to move again to Big Head's. 3 That if
possible you should give Mr Hutchinson some financial aid
in the expenses of his moving family & furniture.
I send this to Mr Hutchinson, that he may see the proposal,
& add his opinion or desire regarding it, & forward all
to you, & I would ask you to answer direct to him, (with to
save time, & avoid further Confusion through a double cor-
respondce: I am sorry for the Confusion, & for causing you
additional letters, but it was almost inevitable under the
circumstances. I do not yet know whether you have accep-
ted Mr Gentleman, if he does not come I must look out
for another for you.

I beg to remain

Ottawa, April 12, 1911.

Right Reverend Sir,

I have the honour to acknowledge the receipt of Your Lordship's letter of the 5th instant, and in reply I beg to ~~xx~~ state again the attitude of the Department in respect to the appointment of teachers at the Sturgeon Lake and Ahtahkakoops schools.

As soon as the residence at Sturgeon Lake is completed it is proposed to transfer Mr. and Mrs. Godfrey from Fort a la Corne South to that reserve. A building is also to be erected at Ahtahkakoops and when finished Mr. Hutchinson and his wife will be engaged there. The Sturgeon Lake school is at present vacant and it occurred to the Department that Mr. Hutchinson might go there in the meantime and dwell in the Mission House, which, if is understood, is available. This would give him employment on the Sturgeon Lake reserve until such time as the residence at Ahtahkakoops is ready for occupation. As to Mr. Gentlemen he was informed by the Department that should there be ax vacancy at the South Fort a la Corne School in the autumn or in the meantime at any other Indian school at which there is accommodation for a ~~xx~~ married man the Department would be very pleased to consider his application. It is not proposed, however, to ask Mrs. Godfrey to resign as teacher of the Fort a la Corne South School until the residence at Sturgeon Lake is completed. A communication has just been received from Mr. Hutchinson

Sir,

I beg to refer to official letter of September 8th, last, and to state that the Department is advised that the teacher's residence on the Ahtahkakoops Reserve is well under way and will be rushed to completion atnthe earliest possible date. I have asked Mr. Borthwick, the Agent, to advise you in good time so that you may make the necessary preparations to transfer to Ahtahkakoops, as Mr. and Mrs. Godfrey from Fort a la Corne South will take up their residence at Sturgeon Lake. Sir,-

I have to acknowledge the receipt of your letter of the 26th ultimo in reference to matters pertaining to the Ahtahkakoops School.

With regard to the furnishing of the dormitories I may say that this matter is being taken up with the Agent. Mr. Chisholm, in his report, however, stated that it was not likely that these dormitories would be used to any extent and the Department does not wish to incur the expenditure necessary to furnish them unless there is a reasonable prospect of their being used at certain times of the year.

Your remarks with regard to the work of the class-room are noted. The Department considers that the question of promotion can best be dealt with by the teacher and the inspector.

The Department realizes that you found this school in a very backward condition and progress in the class-room must of necessity be slow.

Sir,—

I have the honor to request your advise as to what action I must take re the following matter; namely the hiring of labourers to do odd jobs for the teachers at the various schools. During my monthly visits to each reserve I cannot approach the schools, without a request from the teachers for something which they desire to be done; invarably if takes ~~from the teachers of the reserve~~ the following, from "I should like you arrange to send a man to put up our storm windows", "To saw our wood"; in fact to do many little things which I contend might easily be done by themselves. As I have no authority to be continually hiring men for their benefit, and as the ration house is now closed to workers, I would ask you to inform me if it is the desire of the Department that these numerous requests should be complied with. If so you would oblige by granting me an open authority to hire a man whenever the teachers see fir to require the services of such.

EXD.

Ottawa, November 27, 1912.

Sir,-

I have to acknowledge the receipt of your letter of the 18th instant in reference to the hiring of labourers to do odd jobs for the teachers of the various schools.

In reply I beg to say that the Department should not be called upon to supply labour for small jobs such as those referred to in your letter. At all these schools there are men in charge and they should surely be able to put on their own storm windows and cut their own fire wood. Of course the fire wood for the school should be arranged for.

Sir,—

I have the honor to enclose herewith a letter this day received from Mr. Hutchinson, teacher of the Sandy Lake school, asking for your assistance in securing extra help for his wife.

Having only recently visited the school, I find that the conditions are exactly as stated in Mr. Hutchinsons' letter. Further, I am given to understand that Mrs. Hutchinsons is doing splendid work amongst the Indians, not only in attending to the sick and preparing the mis-day meal for the pupils, but helping in many ways to further their interests, whenever possible.

However, the work of handling the whole situation is getting beyond her; and I would earnestly suggest that the application for extra help be acceded to.

Dear Sir Frankfurt.

The duties I am incumbent on the Indian nation are so onerous, that I should be much obliged if you would be so kind as to communicate with the Dept with a view to the securing for me some assistance. The preparation of meals for the children; the looking up women & children clothes; the distribution of medicine, a daily routine; together with visits to the sick at their homes, demands more time than the law of the Dominion, owing pressing thereon upon my strength — I expect a visit shortly from England, a piece of the instruments, & if the Dept would grant me a sum of $10 or $15. per month, I would be able to secure

Sir,—

I have the honor to advise you that during the last two or three months, I have experienced great difficulty in securing adequate service for the transportation of the school children on both the Sandy Lake No.104 and the Sturgeon Lake No.101 reserves. The Indians inform me that the present allowance per day, viz: $1.50 hardly suffices to keep the team they have to work and further that the work necessitates the breaking up of practically the whole of the day. In many respects this is perfectly true, as it is often 11.50 am, before the transporters can return home to commence any other work they may contemplate doing. However, I have now come to a satisfactory arrangement with an Indian on each of the above mentioned reserves, whereby the trouble will be minimized to a great extent, if the Department can see their way to carry out the following suggestion. That is to furnish each of the following applicants with a team costing in the Neighbourhood of $400.00 each. Viz: John Iman of the Sandy Lake reserve and Thos. Peter of the Sturgeon Lake reserve. Repayable in each case by half of the proceeds of their labor per month being returned to the Department on account of the purchase price, untilx such time as the debt is written off. This system, which has been inoperation on the Mistawasis reserve has been very successful; and I really believe ih is the only satisfactory way of solving the problem.

Ottawa, March 5, 1913.

Sir,-

I have to acknowledge the receipt of your letter of the 14th ultimo in reference to the transport of children to the schools on the Ahtahkakoops and Sturgeon Lake Reserves, in which you recommend the purchase of a team of horses each for John Iman and Thomas Peter of the above mentioned reserves respectively to be used in conveying the pupils to school.

In reply I beg to say that, in view of the success which has attended a similar scheme at Mistawasis, you are hereby authorized to purchase a suitable team for each of these Indians at a cost not exceeding $400.00 each, upon condition that these horses are to be used solely for the purpose of transport and that re-payment is made at the rate of 50 per cent of each month's earnings as they fall due and are paid by the Department. It is also to be understood that these horses are to remain the property of the Department until paid for, and in the event of failure to take proper care of them provision should be made for their reversion to the Department. In the case of necessity arising for the Department's taking possession on account of failure to live up to the contract all payments made would be forfeited. The above conditions should be carefully embodied in an agreement to be signed by the Indians in the presence of witnesses and a copy of each forwarded to the Department to be

With reference to your communication of March 13th ult. No 117382/1. I beg to be allowed to make the following statement -

Upon receipt of your letter, I thought it best to call a meeting of the Chiefs & Councillors called, at which matter might be laid before them, & their opinion asked. This was done. There were present. the Chiefs, William Commisk, Jacob Manuscapee. & the Councillors, Louis Nelmakus was away at this time, & Adam Nelmakus was unable to accompany me to the meeting. The matter appeared to be fully explained to them & after a long discussion, which lasted all day, they decided not to relinquish the reserve. Jacob Manuscapee, Louis Nelmakus, & Joseph Manuscapee, from another Reserve, who are residing with the rest of the people, were also present at the meeting, but did not vote. There are about 60 people belonging to the Reserve, but 15 of these are absent, working for the Government, on the Colonization Road, & the rest are away, hunting, fishing, & trading with the Indians

[illegible] instruction given to the lower grades.

I have always been my effort to keep the pupils throughout the work evenly without interruption from beginning to finish. I have endeavoured given as much attention to the lower grades as to the higher. & all pupils are treated alike. All work is duly & satisfactorily & I have corrected their work in all matters regarding spelling.

I have never removed a child from school for punishment. I have had cases of truancy. One boy was away for three days without any reason. I visited the parents & found that the boy was playing with other boys. I warned him & told him that if he was away without a reason for more than two days I would report him to the Truant Officer. He has not been away since.

There is no work on Class V. during the morning. The class commences work at 9 o'clock. for half an hour reading. Then arithmetic. Explanation of rules, meaning & parsing of words. The rest of the morning is taken from time to time. I have nothing further to add with regard to the work of the school. The pupils are very fond of singing & I have to stop them sometimes. I will be glad to visit the school during the holidays.

No 117332/1.

I have the honor to report that I have accordingly notified the transporters interested; both the Sandy Lake, and Sturgeon Lake.

I beg to point out that the circumstances in both instances are very simular; that is, that it will be an absolute impossibility for 2/3rds of the children to walk, owing to the distance they live from the school.

Mistawasis is an entirely different proposition owing to the few children attending, and living in close proximity to the school.

The Sandy Lake transporters were always on time in the mornings.

The attendance of 18 pupils sine the cessation of hauling them have necessarily been less than formerly. In the winter when the weather is severe and the snow deep with strong frosts it is often impossible for the younger children to to reach the school on foot. During the summer and milder weather, however, the attendance improves except in hot days towards the end of June when some reach the school hot and tired.

I ordained Indian, Edward Skinner, who has been here recently on a visit has informed me of arrangements for the removal of four of my pupils to Okemasis Lake School, & this in an authoritative manner. In spite of the fact that the Department has emphatically forbidden recruiting from this Reserve for Industrial Schools. The distance is, I believe, the distance between here & Okemasis is 25 miles & the children have to travel regularly. Edward Skinner may possibly have authorization in writing. which I have not seen I am assured. The parents of said four are willing to support Native Edward Skinner, as he is one of them & is an Methodist man. & would do for an Indian a Police Magistrate to take upon himself to recruit children for Industrial Schools.

The abstraction of children who are of school age to Schools outside the Province, & I trust the Department will, as on a former occasion when Edward Skinner was making a like effort veto the removal of the children. I have the honour to remain

Ottawa. August 17. 1921

Sir,-

A communication has been received from Mr. H. Hutchinson, teacher of the Ahtahkakoops Indian Day School, in which he states that Edward Ahenakew, an ordained Indian, has recently visited the reserve and made arrangements for the removal of four of the pupils of his school to the Onion Lake Church of England Boarding School, also, that he may possibly have other children in view.

Mr. Hutchinson states that the parents of these four children are well able to support them, namely, James Starblanket and Peter Knife.

As there is a good day school at this reserve the Department cannot approve of these children being sent to a residential school. There is ample accommodation for all the children at the day school, and, if a number are sent to residential schools it would lower the attendance to such a point that it would be useless to continue the day school.

You will be good enough to inform the parents or other interested parties that it is not the intention of the Department to permit the recruiting of children attending the Ahtahkakoops Indian Day School to residential schools, and you should see that these children remain on the reserve and attend the day school.

Where day schools are in operation and the parents are able to provide for their children, it is not the intention to place any such children in residential schools.

All applications for admission to residential schools from reserves in your agency, should receive your approval and no child should be taken until you have approved their application for admission.

The four children referred to by Mr. Hutchinson should remain on the reserve and attend the day school.

A. F. MacKenzie.

Sir

I Battleford Day School report. During
the month has been considerably below the average.
One factor has been responsible for some extent for
this autumnal condition. Viz. the absence of many
of the Indians at Atlantic Lake Lodging with the
threshing - taking their families with them - But
this is another cause of the smallness of attendance -
There are, of school age, 18 children living so remote
from the School that they cannot possibly attend -
at least the majority of them - & some of the roads
to be impassable.
The Class accommodation is the children portion of the
House for 10 pupils - if any we had the required desks.
Seating is old & we should be very glad of the Department
mark could see its way to the making of an
arrangement whereby we could receive Rent here
from Monday to Friday - when the boys would be able to
attend School without break - It seems a pity
when there is a School no to speak of that children
should not be able to take advantage of it -
This house certainly entail considerable additional
labour on our part - but as home work should
suffer we do not object to this
if only the children could be receiving instruction -
The Indians are very anxious that such an
arrangement should be made.

I have the honour to remain

Sir:-

I have yours of the 23rd ultimo, informing the Department of your wish to take into residence at the Ahtahkakoop Indian Day School some ten children whose homes are some distance from the school.

In reply I beg to state that as the Vote for Indian Education is completely assigned for this fiscal year, the Department has to be very cautious about incurring further expense. This plan commends itself somewhat to the Department, and we are writing Mr. Agent Weir for his recommendation. You would do well to address any communications to the Department to our local agent, who will forward them with his recommendation attached. Next summer, if you are still convinced of the merit of providing residential facilities for a few children, you should communicate with Mr. Weir, and the matter will receive serious consideration.

Sir:-

I have to inform you that a communication has been received from Mr. H. Hutchinson, Teacher of the Ahtahkakoop Indian Day School, in which he asks permission to take into residence at the school a few children whose homes are more remote. Mr. Hutchinson has been informed that in the future he should direct all correspondence to you, so that your recommendation can be attached.

The plan suggested by this teacher involves considerable expense in connection with furnishing the school and for food for the children who are to be housed, and we are not prepared to undertake this work at this time. I have asked Mr. Hutchinson to make this suggestion next year, if he is still of the same mind. In the interim, I would be pleased to have your opinion as to the desirability of allowing Mr. and Mrs. Hutchinson the privilege of providing residential facilities. You might make an estimate as to the cost of the equipment needed and the monthly bill for supplies.

Sir,—

I have the honor to acknowledge receipt of your letter No. 107-2-1 of the 9th. inst. in connection with allowing Mr. and Mrs. Hutchinson the privilege of providing residential facilities, on Sandy Lake reserve, for children living too far away, in order to attend the school.

No doubt is was the departments intention to have some of the rooms furnished for this purpose in the first place, and it would have been a very good scheme, though take it now as the matter stands, I would prefer children who could not attend the day school, be placed in a boarding school. If we commence taking in day school pupils, parents will take it for granted that when they go away hunting and trapping, their children should be looked after as well.

Commissioner Graham has shipped supplies for Sandy Lake residence, in order that some of the rooms be fitted up as a hospital, in order that Mrs. Hutchinson will be in a better position to attend to the sick, in further conjunction with the tent supplied by the Department this summer. At present I cannot say how many rooms will be left free, if under the circumstances you are still inclined to outfit some of the rooms for residential purposes, on hearing to this effect, I will go into the cost of equipment, and monthly bill for supplies.

Report of Field Matron
Kawawkakoops Indian Day School, Sandy Lake Reserve
Carlton Agency---September

The majority of the Indians have been away during the month, many of them at Slain Lake doing harvest work. Before leaving, some of them came and asked me if I could receive their children in order that they might attend school. This I should have been very glad to have done. We have spare room for about ten children if an arrangement could be made for that purpose. It would, without doubt, be a great boon to the reserve if the accommodation provided when this house was erected (by the Laurier Government) were to be utilised. It would help two classes of children, viz., those who live so far away from the school that they cannot attend it, and secondly those who have to be taken with their parents when away working or hunting. It seems to me a pity that so many of the children should only be able to attend school at intervals, while others cannot be present at all. There are some now living across the river who are growing up destitute of all school knowledge and acquiring at the same time knowledge of an undesirable character. This inability to attend school of course affects my classes, and keeps the children from an influence which should benefit them. My classes are not simply meetings for instruction in needlework, singing, cooking, etc., but I endeavour as far as possible to help in character building, and if there is one thing needed on the Reserve it is that.

It is quite evident that the school is not being managed as well as it might be or the pupils would be in better shape. Mr. Hutchinson does not appear to have been following any particular course of study as he was teaching Greek, Latin and Algebra to some of his pupils. This will doubtless be remedied now that the provincial programme is to be followed.

Sir,

I have to thank you for a recent communication, in which you enclosed me 15 printed requisitions for Indian School Teachers of admission to the Teachers Examinations. I have also to thank you for your letter of November 17th last in which you allude to Inspector Dimmick's visit to the school - as well as for a years supply of the Canadian Teacher magazine. I am sorry we have such an poor attendance on the occasion of the Inspectors visit. But the Reserve at this time is mostly composed of Indians, trappers & hunters, most of them away with their children Canvassing. This fact of children attending School, in my humble opinion, requires serious consideration. A Truant School or Compulsion is in existence. But how often this point is effected would be a hard matter to work upon. Which, we may ask, is the reason of this small attendance, & how may it be remedied. To put the matter in a nutshell I answer reply, Some form of compulsion attendance at School is required. Some years ago. Before the war, we used have an average of 37 pupils present. But since the end of the war the 15 of the Indians & half breeds have left the Reserve & have not returned. Hoping to hear from you in this matter I remain Sir Yours obediently

resources of the Country.
There is more than one cause of a small attendance at Indian Schools. & all Indian Agents are more or less alike in this respect. Causes of Poor Attendance
In the first place there are in the Reserve as elsewhere of School age, who live Some distance from the School, so that it is well nigh impossible for them to attend - a necessity in the case of Girls.
Secondly there is the indifference of some parents regarding the education of their children. & they care more often to send their boys. to a Parent have said a short time ago. "Girls require very little learning - they are to be "Drawers of wood & Drawers of water" - a low down from this viewpoint. The emancipation of women is such in the need of the Indians.
Next. children of both sexes are set to work for the early in life. mainly they can cut wood - attend to cattle & horses. (3) The children are set to work early on the Farm, & Indian fails to appreciate education. they is not such a boy or girl at school - to reason is blame he is sorely - & in the meantime the parents enjoy their services -
Then comes a cause which is hard to combat. Directly a girl reaches the age of puberty - they marry. Instead - they 12 or 13 years of age - she is called such is equivalent to a "young miss" in English - & she is sometimes married to a husband at school. I have recently lost some of my best pupils through this cause. how it is that this age but both boys & girls are beginning to speak to men of their education means. & if both at school & to school limit. 16 years. & this time they have acquired a considerable stock of knowledge - to remain from school at this period. & the time they have

teachers to age of 15 or 20, they will have forgotten much of their former knowledge - the time which has been devoted to study at home will be found one of the causes for irregular attendance I may allude to, viz. the taking of children & the parents on hunting & fishing excursions - This at times seriously affects the school attendance -

The following is an extract from a Report I sent in two years ago which indicates my views with regard to the importance of Indian Schools.

"The school is, or should be, the first organization on the Reserve, the basis on which religion herself must build all refinements of thought or action; for the church can do but little if those whom she instructs cannot understand. Her teachings - while it is true enough that education is not, by any means, always a moral factor, yet it is none the less an established fact that ignorance, immorality & superstition go hand in hand. Cultivate the intellect & you open the door by which religion introduces a higher standard of morality & fires the death blow to superstition. The Indian has capabilities & responsibilities before him; both uncultivated the first must needs lie dormant, while the second are not realized. Hence they may have, whom the Lord of Sceptre might have shaped" ; both untrained they fail to execute the work they might otherwise have accomplished. The welfare of the Indian race depends upon its cultivation. Educate it - the old man of old will ultimately disappear & a new creation will take its proper place in the world's estimation."

Ottawa, Feb. 3, 1923.

Sir:

I have your communication, relative to school matters generally, and with particular reference to the poor attendance at the Ahtahkakoops Indian Day School.

In reply I wish to assure you that the matter of school attendance on Indian reserves has given this Department cause for much thought and discussion from time to time, and a few years ago a clause with reference to compulsory education was introduced into the Indian Act. All children living within a reasonable distance of a day school can be forced to attend; but considerable tact has to be exercised by our agents, teachers and other representatives in this connection. If you find children who live close to the school are not attending regularly, and if your efforts with the parents are unavailing, the matter should be reported to the Indian agent.

The Department has discontinued the use of vans to haul children to school, and I regret to inform you that this method of securing a better attendance will not be resorted to at your school. The hot meal at noon, prizes for good attendance and interesting classroom and playground activities have all militated for larger classes.

With particular reference to the Ahtahkakoops School, may I suggest that you bend every energy toward awakening an interest in the younger pupils. There is, I know, an inclination to give instruction in more advanced work to the brighter pupils, but a teacher should not succumb to the temptation to offer Greek, Latin, Algebra, etc. to a boy or two, when a half dozen younger pupils are either learning to idle away their hours or are losing their interest.

If you wish to have some inexpensive primary materials, in addition to your present supply, or some athletic equipment for group games, I would be pleased if you will make a definite request. Our efforts to educate the Indian youth are abortive unless we can secure a good attendance. The problem is partly solved by making the school ground and the classroom more attractive to the child mind than the home and the bush.

Thus far I have been able to carry out this work very effectively, even during epidemics of sickness which would have tried many very strong hearts, after over twelve years strenuous exertions in this place. I have to acknowledge receipt of your letter of the 12th instant, requesting, for the reasons stated, a transfer for yourself and wife from your present positions as teacher and field matron respectively on the Antahkakoops Reserve to similar positions in British Columbia.

In reply I beg to say that there are no vacancies at present on any of the Reserves in that Province to which you could be transferred. You might, however, communicate with Mr. R. H. There are several Reserves in British Columbia where the services of both a teacher and field matron are engaged, the latter position being established by the Civil Service Commission. Mr. Cairns would, no doubt, be able to inform you whether there will be any vacancies where the services of yourself and wife could be utilized, beginning with the next school year. The report on the whole is fairly satisfactory. The Department is aware that Mr. Hutchinson has been teaching this school for quite a number of years and that he is now reaching an age when I think steps will have to be taken to replace him. Sir,

About a week ago, Mr Ellis Principal of the Onion Lake Residential School came here for the purpose of recruiting pupils for his School. He called upon me & assured me that he did not want to remove any children who were attending this School, only those who living so far away could not attend. I found out, however, that just prior to his calling upon me he had asked one of the parents for his two children who were attending this School regularly, a few of my best pupils. The Father had refused, & though Mr Ellis would then confine his attention to those children remote from the School. Too late, however, I discovered that he had removed 8 of my pupils, regular attendants at this School. I had such a large School owing to previous depopulations, & my School has thus been reduced by half. I consider Mr Ellis has acted in a very underhand manner. Instead of coming to me with a candid statement he proposed to depopulate my School without saying one word to me. My pupils were working hard - were well behaved, & making excellent progress. But through Mr Ellis' automatic action my School has been materially injured. He considers hard, after between 14 & 15 years work in this School here, to have it invaded by a stranger who assumed & furnished to forcibly depopulate it at will. If Mr Ellis had been able & had taken the trouble he would have left me a single pupil. I have

in my possession a communication from the
Dept in which it is said that the Dept
does not approve of recruiting from an Improved
Indian Day School. I repeat now that I did not
ask Mr Ellis if he had special permission to
recruit here & to remove children attending the School.
I may say here that Mr Ellis was unkind in his
raid upon the Reserve & the missionary & his wife
here. Mr & Mrs Ironside who are much respected
people & who from time to time have attempted
to interfere in School matters - & other church are
not concerned at this. I have written to Archbp
Lloyd on this point.
The Dept has not written me for my views on the subject
but I cannot help saying, from what I have seen
& heard, that the Residential Schools are not altogether
a success. The poorest Indians on this Reserve are
those who have come from such Schools. Those
who have been taught & trained during our tenure
of office here are rarely inferior in every way.
& we constantly receive the truth of this statement
by anyone visiting the Reserve. The contents
attempts of the pupils of the Residential Schools to
escape initiate a weakness somewhere, & when they
are liberated (I use the word advisedly) they are in
the words of an old song "making up for lost time" in a
way seems to result from lower than crime. This was the
opinion of the Rev Canon Rowson whom I met
about 20 years ago & who had had a long
experience in Industrial & Residential Schools. But
the problem of the Indian like that of the negro in the U.S.
is a hard one to solve. I trust I may be pardoned
for thus obtruding my views.

Sir:

I have your letter of the 30th ultimo and I note that recruiting activity on behalf of the Onion Lake C. E. Indian Residential School has hurt the attendance at the Ahtahkakoops Indian Day School. Your representations will receive consideration. The Department encourages recruiting for the residential schools; but, of course, it is not the intention to injure the day schools that are doing good work. I wish to point out that the age for enrolment at both types of schools is from 7 to 15. I have noted your comparison of the results of the residential and day schools.

Sir.

I wrote you a few days ago with regard to the deportation of children from this Reserve by Mr. Ellis, of the Edison Lake Residential School. I find the reasons he gave are for removing some of the children attending the School to have been, that they asked him to take them. This was by no means a valid reason for deporting them - owing to the excitement incidental to the removal of the non attendants. Some may have expressed a desire to be taken. looking forward, no doubt, to the journey as a kind of picnic - very natural for young children. As it does not to be presuming too much, we should be very glad if those attending the School could be returned to the Reserve, instead of the proportion of the Generosity & Edward Little

Reverend Sir:

I regret to draw to your attention a report which has been received from the teacher of the Ahtahkakoops Indian Day School, on the Sandy Lake reserve. It is stated that the chief recruiting efforts on behalf of the Onion Lake Indian Residential School were in connection with the regular attendants at the day school. The Department does not purpose taking any action in this connection, other than to suggest that successful day schools should not be injured by recruiting officers, who would be well advised to make their efforts among those children whose education is being neglected.

I have the honor to submit the following condensed report in connection with my work as Field Matron for the month of January.

Mr. Ellis, Principal of Onion Lake Residential School, came here about the end of the month for the purpose os securing pupils for his school. He told me distinctly that he did not wish to take any of those who were attending the school but in spite of this he went away with seven who were in regular attendance., six of whom were living close to the school.

It was done in a very underhand manner and we did not know until too late what he was about. It is a great pity for some of them were too young for a residential school and were doing well here, besides this there was no reason for their removal and our school has been greatly injured by his action.

I am enclosing herewith, Field Matron Hutchinson's report on the Sandy Lake Reserve for the month of January, and beg to refer to that portion of same which deals with the matter of Mr. Ellis, Principal of the Onion Lake Indian Residential School, coming to Sandy Lake and taking certain pupils away from the reserve. I may say that this matter was gone into by the Inspector and the Indian Agent, who says that Mr. Ellis did no recruiting, and that it was at the request of the parents that he took the children. The six children to whom the Matron refers as residing near the school, belonged to widow women and old people who were not in a position to look after them properly, and it was an act of charity to have them sent to the Boarding School.

Extract from Report of Inspector Murison on the Ahtakhakoops Indian Day School.

I visited this school on February 2nd and found five boys and four girls present out of an enrollment of eleven. There were eighteen enrolled during the month of January, but seven of these children were sent by their parents to the Onion Lake Boarding School. The teacher at Sandy Lake, Mr. Hutchinson, expressed great displeasure regarding the recruiting of these children and said that he did not think the Principal at Onion Lake should take the children who are residing close to the Day School. I looked into this matter and found that the Principal did not make any effort to recruit children so far as I can learn, but simply took the children that were brought to him by the parents themselves.

Mr. Hutchinson is becoming well advanced in years, being now over seventy. He is quite hard of hearing and I do not think will be able to continue long at this work. His wife acts as Field Matron and prepares the mid-day meal for the children. She has done excellent work in caring for the sick and in teaching the women on the reserve to keep house properly, but I regret to say that at the present time she is not enjoying good health.

Commissioner Graham forwarded the above under cover of his letter of February 19, 1926, and states:-

"With reference to the Inspector's remarks about children being taken from the Sandy Lake Day School to the Boarding School at Onion Lake, I have dealt with this in a separate letter."

Dear Sir:-

I have to acknowledge receipt of your letter No.107-2-1, dated the 10th. instant with reference to my reporting on the new Onion Lake Residential School being done on the Sandy Lake Reserve.

In reply, I beg to advise you that only the children who were destitute or lived too far from the Battleford Indian Day School, or children who were not attending regularly were taken from this reserve, and not even then, until I had taken the matter up with Mr. Wilkinson, the teacher and the Indian Agent.

Our policy is to take the pupil to or from children, or those that are living too far from the day school to attend properly into the Residential school, except in cases where the parents are willing to give their children a chance of getting their education. It has never been our policy to injure the attendance of the day school.

Yours very sincerely,

EXTRACT FROM LETTER FROM COMMISSIONER GRAHAM,
REGINA, Sask., His No. 303-12, January 3, 1927.

Original on 68-107.

I have received an insolent letter from Mr. Hutchinson, teacher of the school, regarding this matter, in which he informs me that he is astounded at the nature of the communication which he received from the Agent, and he assures me that the matter will not rest where it is, stating that perhaps I would be good enough to inform him whether Weir is acting on his own initiative or on instructions either from me or from the Department. I have made a number of complaints about Mr. Hutchinson to the Department. The Agent's life is made miserable by having a man of this type on his staff. He is a man of 80 years of age who does not get along with his own church people. He is opposed to anything in the way of recruiting. Why should the Department stand for this? Why should not this man be retired, and someone be put in his place who will work in harmony with the Agent? If he were a good teacher it would be a different thing but I do not think he is in the right place at all. We must consider our own people a little in matters of this kind, and I do not see that Mr. Weir should be subjected to this sort of thing.

In Mr. Inspector Murison's report on the Sandy Lake School in April, 1923, he makes the following remark about Mr. Hutchinson, - "I do not like his gruff and abrupt way of shouting at the children, and the progress as shown by the pupils present on the day of my visit was very unsatisfactory." In his report dated Feb. 15th, 1926, he says, - "Mr. Hutchinson is becoming well advanced in years, being now over seventy. He is quite hard of hearing and I do not think will be able to continue long at this work."

Sir.

Applied, for name, Emma Bird, daughter of Betsy Bird. a granddaughter of Thomas Knife was removed from this school & taken to Shoal Lake Residential School, about twelve months ago. This Summer this child returned to the Reserve & spent two holidays here.

Now it seems, when this child has an uncle & two Grandmothers, she has been handed over to her Grandparents, who adopted her & brought her up.

Now it happened a little more than twelve months ago that the mother Betsy very unfortunately quarrelled with her Mother Mrs Thomas Knife -

Therefore in order to spite her Mother she agreed to prepare for the transference of her child to Shoal Lake, whereas she had no right to do this having a long time previously, as stated above, handed over the child to her parents who adopted the Child as their own -

Now the aunt Thomas Knife, Grandfather, decided not to send the child back to Shoal Lake. but to keep her on this Reserve & send her to the School here, as the Father of the two Children.

Then the Agent sent notice on to Reserve with a police Officer & demands the Child. Thomas Knife absolutely refuses, & in the end is a very blustering manner with imprisonment if he persisted in his refusal -

To Mr Cockburn, London. Not one of Thomas Knibb's daughters was seriously ill in the house at the time - & was much distressed at the thought of her Father being sent to Prison. & on her conviction was exceedingly grave. Thomas Knibb's son-in-law ... Charles was removed -

Now the circumstances must be forgotten - how the Jamaica authorities should be glad to receive information - if the law in the right? - the attention papers had been drawn up. (Indians don't understand much about legal procedure) Cockburn personally believes to Thomas's daughters & Mrs Knibb's writing in signing away Knibb's house seems bad - however - has (legal) rights -

Now in connection with this matter Jamaica Coffee remaining left of late there has been too much bringing of police officials to the Kraal & threatening the Indians with imprisonment. Mr Cockburn personally thinks Mr Myrick was exceeding his powers. Has Myrick been the authority & legal power to arrest Thomas Knibb as above & send him to prison - simply because he refuses to allow the destruction of his property to Mrs Lake.

I consider the threatening of Indians with imprisonment very unwise - I could say more but I leave it at that -

My own attitude towards the Indians is not militant & I am absolutely no sympathy with them at all. My opinion has not been asked for - but if it, that he should not be doing Indian work - Indians may need firmness. but they also need kindness & consideration -

Sometime ago I wrote to Mr Ferris with regard to Compulsory Education - He tells me

I have already made - It is very unwise to threaten

To make matters worse one of the Indians on the Reserve
was suspected, I believe, of making a disparaging "Remarks
Remarks" to a police Officer was intoxicated by whom I

Officer were perambulating the Reserve the night & trying
Capture the delinquent - One man was stopped - but nothing
incriminating in found - a few days later he was tried

the missionary did I/Pack something - the same a very
severe blow to his own usefulness on the Reserve - a
he is shortly to resign & the Parsonage
My father was a Clergyman - (An Oxford man in classical
honors) but I could not visualize Lewis walking
around his Parish the night with a police Officer
trying to the one of his Parishioners put to prison -
Most likely we was the reason to think NOT anything

During the 1871 we had some years working on the Reserve,
he have tried to work harmony & sympathetically with

Sir.

I have great satisfaction, Mr Hutchinson very recently received a letter from Agent Weir, informing him that no further supply of flour for the School Children would be allowed, that the allowance of bacon would be cut down, & that provisions generally for the Indians would be curtailed.

Inasmuch as the assistants salary is only $10 per month for four months in the year. Also Mr Hutchinson of late assistance for two months - and this after fifteen years hard & conscientious work amongst the Indians on the Reserve -

That such an arrangement as the above enunciated from the Department would be a positive hardship -

Further the assistant at the Lake has much (Division) work to do, children to look after, visit the sick & look after -

When the assistant was first appointed about 14 years ago, there was no hospital here, the patients were then taken by me to - & according to Agent Weir's letter he intends there is simply to purchase the midday meal for the children & look after only a fraction of the work, he has to perform at the meals for the hospital patients, & sometimes a meal a day. Also there is no remuneration whatever for labour in connection with the washing of blankets, sheets, pyjamas & clothes, the women having only to be issued a little soap periodically (In certain cases such as pneumonia no washing is allowed) Then again this house is a large one & how the keeper is to do I think it may be seen that the position of

I have your letter of the 7th instant, with reference to supplies allowed for the children at the Ahtahkakoops Indian Day School, the salary of the assistant field matron, rations for her and other related subjects. The Department this year is making an effort to standardise the amounts granted to the Indian day schools for the noonday lunch. No flour was allowed at Ahtahkakoops, as a full ration of biscuits (4 oz. per day per pupil) has been granted and the allowance for beef was reduced as 300 lbs. was considered sufficient for the occasional making of beef soup. I may say that the food supplied for the midday lunch is not sufficient for a full meal but is for the purpose of augmenting what the children themselves bring. This midday lunch generally takes the form of a hot soup, or cocoa, and biscuits when required. I may state that the items allowed for the noonday lunch are as follows: -

400 lbs.	of biscuits,	200 lbs.	of rolled oats.
150 "	" rice.	12	boxes yeast cake.
50 "	" beans.	25 lbs.	of tea.
300 "	" beef.	100 "	" salt.

The print and flannelette was not approved in connection with the Estimates, as any of this type of material that is required should be the subject for a special communication.

I note you are complaining that the assistant matron is being paid $10 per month for 10 months only. I may say that the assistant matron is paid at the rate of $8.33 per month for 12 months in the year. This has been the practice for some time and I know of no proposed change. The Department does not supply rations for field matrons or their assistants. However, I understand from your letter that Miss Hill devotes most of her time to the field matron and hospital duties. The Department understood that her sole duties were the assisting with the preparation of the children's noonday lunch.

I note that some of the school rations have been used for hospital patients. This practice should stop and whatever is required for those that are ill in the hospital should be the subject for special requests.

After over fifteen years strenuous service on this Reserve. myself as Principal of the School. & Mrs Hutchinson acting in the threefold capacity of nurse, matron & doctor - we find ourselves obliged & thwarted as follows, & for the reasons given.

Nothing to do the task as could with regard to the education of the children, (Girls), resident there & the Academy of Sion (Catholic) at Prince Albert. This drew down upon us the wrath of the Magician Roberts, Lloyd - (he was nominated to our present position by Miles Newham. & appointed by the Canadian Government.) Following upon this the missionary here & his wife - Taking no notice there was from Mr. Roberts, working together with the Principal of the Onion Lake (Anglican) Residential School - brought it about that about 16 of our best scholars were removed to the latter School - & our own school thereby considerably injured. Whereupon I wrote strongly to the said missionary, condemning in no measured terms the Jesuits action & the trio. My letter was forwarded to Roberts Lloyd, who in consequence threatened to excommunicate me. This happened about twelve months ago.

Lately, matters have assumed a threatening in the same direction - in their trio -

Recently he received a letter from the Agent for this

Reserve - & the heir - intimating that certain subsidies for our School Children would be discontinued - The Children have provided for them a mid-day meal & flour has to be withdrawn - & other retrenchments arrangements to be maintained - This affects the interests of so many Indians - & from reserves for our work -
The object of the withdrawal as it appears to me was intended to make our position so disagreeable to us, our resignation would be likely to follow -
The prime movers in this matter are J Johnson - William Graham - Indian Commissioner Regina - & John Semmens Indian Agent for the Reserve - living at the Indian Agency - Methodists - Church - Talks - It is quite possible that the new & objectionable arrangements may have emanated from the Indian Dept, Ottawa & communicated by Mr Ross & Co, but I cannot say if this be the case or not -
But there is another factor to be considered - I am a Liberal & the Whites are strong Conservatives - & naturally the Parties John Semmens - Thos Ross & Duncan Allen favour the Election when I am very sure - & I am sure - by no means least - Some cause -
Mark whoever is responsible for this form of persecution directed against me - it is a course of action unasked for, & contemplated - & manifestly unfair -

I wish very lately the Indian Department with regard to John Semmens attitude towards the Indians - He is fair to nothing, & little is much resented & disliked amongst them in consequence - & I look to the Dept not I considered Semmens activities in some respects unwise - & I would say very unwise - He is, I consider, too easy & busy - Police Work on the Reserve & Prosecuting the Indians with imprisonment with hard labour for certain School matters - Mark the words - I shall look to hear in detail

with the subjects -

To enter fully into our affairs connected with the Reserve would take too long to write, & be, I fear, too tedious to read. What the above outline will, I trust, be sufficient to enable you to understand the various operations upon which we are now closing.

Being the Agents, in my opinion, & I have stated them to the Department, I could never have been appointed Indian Agent - the law as you probably will see, in this section is too stringent -

With reference to the Inspector's remarks regarding Mr. Hutchinson, teacher at the Sandy Lake School, the Department are well aware of the situation at that point, and know all about Mr. Hutchinson. SANDY LAKE DAY SCHOOL.

I visited this school on January 26th. and found six boys and three girls in attendance out of an enrolment of fourteen. The average attendance for the December Quarter was 7.84, a little over half of the enrolment. The Teacher Mr. H.Hutchinson is a man well advanced in years. He is hard of hearing, gruff and sharp in addressing the pupils, does not visit the homes and I would say that his personality would not be conducive to making attendance at the school attractive for the Indian children. I feel it my duty to report that this man appears to have an unfortunate tendency towards antoginizing the people with whom he comes in contact, and his presence on the reserve is not conducive to promoting harmony on the reserve.

The present resident missionary the Rev. C.Morris I am informed has forwarded his resignation to be dealt with by the Bishop on his return from England. The attitude of Mr. Hutchinson has made life on the reserve unbearable for his wife and himself. His predecessor Rev. D.D.MacDonald resigned his charge for the same reason. They appear to have taken a high hand attitude with the Farm Instructors and have shown antagonism towards the Agent who will not visit them unless the exigencies of his business demands it.

The situation is wrong and intolerable, and I feel that the work on the reserve would not suffer by their removal.

The foregoing is respectfully submitted.

Sir,

We have your letter No 107-2-1 Jan 17.

As this refers to the Matron's Assistant-, I beg to be allowed to make a few remarks concerning her duties, as well as my own -

Inspector Morrison called here with Dr Weir the Agent- on Wednesday last- when I brought up the Subject- of the rations having been cut-down &c. We had not- at the time received the above mentioned communication No. 107-2-1 to be read the copy which had been forwarded to Dr. Weir -

I was under the impression that- the Dept- was acquainted with the duties of the Assistant. When the Hospital was established, I pointed out- to Dr Weir the greatly enlarged work my assistant- would have to take up. And asked him in view of this to lay the matter of her pay before the Dept- Considering the extension of her duties. It was evident- that- the small Sum of $8 $\frac{33}{}$ per month, though it might- meet- her case when her duties were principally concerned with the preparation of the third day meal, would be insufficient- now that- she would be engaged throughout- the day in a variety of capacities. _ Dr. Weir afterwards assured me verbally that- he had done this, but- that- the Depts response to the request- for increased pay was a decided negative, "Absolutely no

And, in a further communication from Mrs Weir, the Dept- was quoted as saying I had a paid assistant- who should be pleased to work for the patients-

The work of the Assistant- is really very heavy. It- includes besides the preparation of the Meals, which vary in Characters according to the nature of the disease &c. Washing the floors in the Wards, dish washing and Articles used by the Patients, and the Laundering of the Clothing and bedding. Some of which has to be Changed daily

Then it- must- not- be overlooked that- I have to be out- very frequently on the Reserve, visiting Many of their homes, and in my absence the whole Supervision rests upon my assistant- who will find very little time for rest-

When I have Patients in the Hospital they have the same attention they would receive in a large Hospital- That- is, they get- their Sponge bath, in some cases daily in other cases twice a week. In Typhoid Cases it- means Change of undergarments and very often Sheets daily-
We have had some very Serious Typhoid Cases since the Hospital was established. And I have not- lost- one patient- so far-

When we have Serious cases in, it- means my being on duty practically twenty four

hours. In I never ask my assistant to lose her sleep -
This week for instance I have three children. One with Pneumonia and Pleurisy, the other two "Flu", running high temperatures -
Then I have a woman. Mrs Big John - who was very seriously ill with hemorrhage and would have had to be sent to Prince Albert - for treatment - had I not been able to take her here. Dr MacIver saw all these patients.
I have been on duty at least twenty hours out of the twenty four. For five days. As I write this I am writing up with a sick child, and it is twelve Midnight.

I am telling you this so that you will see I am not wasting much time.

Now what I wish to say is this, that when the Matter was brought up to Mr Murinson and Mr Weir about the Assistant's Salary. Mr Murinson said the Dept was not furnishing a maid for the Matron - This I consider was a very unkind and uncalled for and unnecessary Remark, and I am quite sure Mr Murinson would not have said it had he not been influenced by others. Hitherto Mr Murinson has spoken very differently of my work, and has referred to it as "your good work" Why this Change?

Mr Murinson said there was "a lack of Cooperation" quite so. Mr Weir refuses to

cooperate, and has consistently refused - I will give you just - one or two instances of his "Cooperation"

A few Winters ago, our pump broke down, and I mentioned the matter to Mr Weir - We had Patients in the Hospital and the Lake Water is unfit - for drinking especially in Winter - I asked that - we might - have ice brought; to which he replied He couldn't - You must - requisition for it - This would have taken a Month at - the least - What - were we to do in the meantime? I said I should have to write to the Dept - When he sent - some ice - There is a sample of his "Cooperation"

Then we had a boy brought - back from the Onion Lake Residential School in a dying condition - His Mother was also very seriously ill at - the time, and could not - move (this was a few years ago) - I visited them both two and three times a day and took them whatever nourishment - they got - from our own supply - I met - Mr Weir when I was returning home one day, and I laid the matter before him, and asked that - the boy at - least - might - have something provided (The boy's father was dead, he had a Step father) He made excuses again, and said there was nothing provided - I said Is the boy to starve? I told him I should have to take it - up with the Dept - On his way home he brought - me some tapioca and a few packages of cornflakes - I do not - believe in pampering

MEMO FOR [redacted]

Mrs. A. M. Hutchinson, Field Matron at Ahtahkakoops, writes on January 27th (File 107-2-1) concerning the duties of the field matron and her assistant. It appears that the establishment of the cottage hospital has resulted in a great deal of work for these officers. I believe, if any increases in salary are considered at any time, they should be paid by the Medical Vote. Mrs. Hutchinson's letter reads in part as follows: "The work of the assistant is really very heavy. It includes, besides the preparation of the meals - which vary in character according to the nature of the disease - washing of floors in the wards, dish washing and washing other articles used by patients and the laundering of the clothing and bedding, some of which has to be changed daily."

Mrs. Hutchinson goes on to speak of her own work as follows: "When I have patients in the hospital, they have the same attention that they would receive in a large hospital. That is, they get their sponge bath, in some cases, daily, in other cases, twice a week. In typhoid cases it means change of under garments and, very often, sheets, daily. We have had some very serious typhoid cases since the hospital was established and I have not lost one patient so far. When we have serious cases in, it means my being on duty practically 24 hours, for I never ask my assistant to lose her sleep."

The field matron goes on to explain the seriousness of some of the cases she has treated in the cottage hospital and to show that she has been on duty 24 hours a day for five days at a time. Her letter ends with the following: "The Department kindly came forward and sent cots, bedding and a large tent, where I could have the patients in summer, and afterwards the children's dormitories were converted into wards. The hospital has been the means, undoubtedly, of saving many lives."

There is a likelihood of Mr. and Mrs. Hutchinson being moved from Ahtahkakoops this coming summer. I have prepared this memo so that those dealing with the field matron and hospital activity at this point will know something of the nature of the work that is to be done. At present, Mrs. Hutchinson receives $480 per annum and her assistant, Miss A. Ahenakew, $100.

Sir.

I am instructed by the Rev. Now, Sir, I am to ask in about to beginning of April & 15 weeks in this District both unfavorable. I have required the opening at 9 o'clock. for a week or more until the roads have become more fit for travelling. This has been done both to those who may reside the 10 children. as I have only one hundred & each to traverse between his home & school. Some of the children have from 2 & 3 miles to travel, & the track is very bad. On this point I look for some Arrangement with regard their long. the ancient use of schools will be opened at 9 o'clock on Monday morning circumstances certainly. but I think in a matter like this 10 leaders should allowed a certain latitude. for me can say that I have been Page with Sir and for Majesty Victoria. if anything it could be said that I have kept them too close to their studies. for them English anything, be it said.

Sir:-

I understood from you some time ago that you had requested the travelling nurse Miss Colvin, when visiting this Reserve, to call upon Mrs. Hutchinson. Today Mr. Weir brought Miss Colvin here together with the Farm Instructor Montgomery, who, during the interview remained both of them in the room. This fact rendered Miss Colvin's visit a fiasco. How could it be otherwise, since the presence of the men prevented Mrs. Hutchinson from discussing cases to which she wished to refer? Anyway the visit of the nurse was but brief & for the reason given rendered abortive.

It seems to me that a nurse when visiting a Reserve should discuss with the Matron any cases of more or less importance - but of course this would require some little time - far more than Miss Colvin vouchsafed to stay & the male element should certainly be dispensed with.

Sir:-

You will allow me to say that I consider your conduct on Wednesday in bringing the Farm Instructor Montgomery into my house to be present at the interview between the travelling nurse and Mrs. Hutchinson as a piece of great impertinence. Mr. Graham wrote me some time ago to say that he had instructed the nurse to visit Mrs. Hutchinson and I presume, consult with her with regard to the sick cases on this reserve, but I hardly think he suggested that two men should be present on the occasion. Pray, what has Montgomery to do with the medical matters on the reserve? As regards yourself I should have thought that you would have retired and left the two nurses to consult together privately. If you do not know the proper procedure in such cases I should advise you to consult some one who could aid you in this matter. No doubt Mr. Clifford Bell would do this for you were you to ask him.

INDIAN AGENT'S OFFICE

Leask, Sask.,
April 9th, 1927

No. 893-31-D

W.M.Graham,
Indian Commissioner,
Regina, Sask.

Sir:-

On April 6th. Nurse Colvin, Mr. Montgomery and myself visited Sandy Lake Day School, arriving there according to my watch at 9.18 a.m. en route on a general inspection of the different homes on the reserve.

Mr. Hutchinson had not yet arrived. I mentioned to Nurse Colvin that we visit Mrs. Hutchinson first. On our way over we met Mr. Hutchinson at the residence gate according to his watch at 9.15 a.m. on his way over to the school. He did not speak to Nurse Colvin and passed the remark to me that we were early. I said, 'No, you are late." Mr. Hutchinson shouted again that we were early. I said 'No' and informed him that 9 a.m. was the correct time for school to open, and in future school was to open at 9 a.m. Mr. Hutchinson shouted at the top of his voice, which could be heard at least a half mile away, and with the school children present playing on ice in front of the school, that 9.30 a.m. was the correct time for school to open, and for me to go and not interfere where I had no business to do so, that I was no gentleman and a snob. Mr. Hutchinson within hearing of the school children also stated that Mr. Murison, and that man (meaning Mr. Montgomery) and myself were rude to Mrs. Hutchinson when we visited her during January last, and that we were not fit to be in a gentleman's house, and that we should have been kicked out. I informed Mr. Hutchinson that such was not the case, and that our conduct was all that could be desired. He then stated that he would fix me for it this time

We then interviewed Mrs. Hutchinson, who was very nice to all, and made no mention of remarks made by Mr. Hutchinson. After Nurse Colvin consulted with Mrs. Hutchinson she went over to the school to examine the children. Mr. Hutchinson told the children to move down nearer the back of the school-room, young Tate was standing in the aisle waiting for Mr. Hutchinson to pass, as the boy was apparently in his way he grabbed and flung him into a seat. I consider that such conduct was unwarranted on the part of the teacher, and should not be tolerated. The frame of mind Mr. Hutchinson was in it was useless to talk to him, he taking the stand of the great "I am" having no respect for the rulings of the Department regarding school manage- ment, that he is always right, and that the Agent and others should not in any manner have anything to do with the school or him.

At the time I felt that a bit of man handling was what Mr. Hutchinson needed. However, as he is an old man, a person's hands are tied. I might mention that I have had a great number of men to handle in my time, including all classes, and I have never had such impudence and disrespect to put up with than I have had to from Mr. Hutchinson.

I am enclosing copy of letter which I received from Mr. Hutchinson regarding my visit, which will give you an idea of the type of man we have to deal with. I feel that something will have to be done very soon, and for the general welfare of Sandy Lake reserve that Mr. Hutchinson should be removed, as his influence is undoing all the good other officials are endeavouring to do. Sandy Lake is the only reserve where there is any discord in the agency.

It was on the suggestion of Nurse Colvin that I accompanied her when she visited Mrs. Hutchinson, as the weather was very disagreeabl I saw no reason why Mr. Montgomery should stay outside in the cold. Mrs. Hutchinson had ample opportunity to take up with Nurse Colvin any question she wished when they were alone together in the hospital if she had so desired.

Yours respectfully John Weir.

Dear Sir.

In response to your letter asking me to nominate a qualified teacher for Sandy Lake Reserve School in the place of the Hutchinsons :- Mt Nebo P.O. 90.

I beg to nominate Mr and Mrs Goodman the teacher and Matron at Fort a la Corne, (at his request) 600.
for similar positions at Sandy Lake Reserve.

I presume the Department has given notice to the Hutchinsons that their services are no longer required at Sandy Lake. I cannot say that I am sorry they aregoing. They have been at outs with some somebody or other for years past.

I should be glad to have this change effective on September 1st next.

Believe me to be

Dear Bishop Lloyd:

I have your letter of the 4th instant, with reference to a proposed change at the Ahtahkakoops Indian Day School, Sandy Lake Reserve. In a few days, I shall write concerning the nomination of Mr. and Mrs. Goodman to this work. This letter is to inform Your Lordship that the Department presumed you had written to Mr. Hutchinson to the effect that his services were no longer required. This worker was secured by your predecessor. However, by concurrent mail he is being informed that his services will not be required for the coming academic year and that Mrs. Hutchinson, who holds the position of field matron, will be relieved as from August 31st.

Sir

We have lately been informed that Mr and Mrs. [illegible] (who are employed as teachers and nurses on this Reserve) are leaving us - We haven't the least idea why The Department has acted so unfair to such people who really has done this very best for the Indians.

The wish of the Indians is that the said employees be kept on with their work if it is any way possible, if it should only be till Spring.

We are writing this letter to give these people justice for their services amongst us, which were very highly appreciated by every one of us.

Ottawa, July 28, 1930.

Sir:

For some time, the Indians and the church authorities have urged the Department to improve the educational facilities on the Sandy Bay No. 104 Indian Reserve. After reviewing our files, I am satisfied that this Band is becoming progressive and that the Ahtahkakoops Indian Day School is not entirely meeting the need. The building is very old anyway and not large enough for all the pupils that would attend if vans were used. The more recent requests include a van system (2 outfits).

There are no funds for special purposes this year and the Department wishes you to have an Inspector make a careful study of the situation, so that improvements can be effected next year. If one day school will meet the requirements, then a site should be selected and you should state whether you recommend transporting some of the children daily.

I am enclosing copy of letter to Agent.

MEMO FOR FILE:

I have discussed today with Reverend Mr. Ahenakew the school situation on the Ahtahkakoops Reserve. He informs me that these Indians are very progressive now and that better school services should be provided as soon as possible. He believes that the solution is a new school building with accommodation for 40 pupils. Of course, it should be built on the reserve, near the teacher's residence, which is in good condition. Unfortunately, the new school could not be placed midway between the present buildings, as there is a gully there, and it should not be placed near the old classroom because it is on a mission lot.

Of course, two vans would be necessary to draw the children to school, as the Indians do not reside in one group.

AHTAHTAKOOPS INDIAN DAY SCHOOL (CONT'D.)

The children were all neatly dressed, clean, and, without exception, all had their hair nicely combed.

The children appeared fairly well along in their work, and were not afraid to speak out. They appeared to understand their lessons, and were keen on making a good showing. The singing was excellent, and was enjoyed by the children, as well as those who listened.

The school is a log building, which, I understand, was erected in the year 1900. It is in good repair, and accommodates nicely the children now on the roll.

A noon-day meal is prepared by Mrs. Goodman, the Field Matron, and is served in the children's dining room, which is a part of the teacher's residence. The meal consists of vegetable soup, biscuits and tea.

In addition to the children on the roll, there are about 20 more of school age who live too far away to attend. I am attaching a map which will show fairly accurately the distance the pupils now live away.
It would appear that hauling the children is out of the question, and that the only solution to this difficult problem would be to recruit from the outlying homes for the Church of England Boarding School. I understand most of these Indians belong to that denomination.

Sir,

I have the honor to enclose letter received from Mr. E.F.Goodman, Teacher, Sandy Lake Reserve No. 104, for your consideration.

I may mention that Mr. Goodman is one of the best teachers on this agency. He is a hard worker and takes a great interest in his work and welfare of school children. Last year one of his pupils passed out of Grade 8, and he has several pupils at present in this grade.

His wife who used to act as Field Matron, is also very efficient, and since her salary was dispensed with has continued with her duties in the usual way. She is a very practical nurse and time is no object when her services are needed.

I fully realize that we are passing through very difficult times and that expenditures are to be kept at the minimum. Though if Mr. Goodman's salary could be increased I certainly would recommend such action.

Dear Sir:

I beg to make application that Mr. E.B. Goodman, teacher of the "Ahtahkakoops" Day School, Sandy Lake Reserve, Sask. be allowed the usual salary for a Teacher holding a first-class certificate.

I do this on the following grounds: -

(1) He put through a Grade VIII pupil last June who is now attending High School at Brandon and is doing well there.

(2) He has worked up his school until it has reached an enrolment of 33, and an average attendance of 26, and he is teaching pupils in Grades 1a, 1b, II, III, IV, V, and VIII.

(3) He is a returned soldier, of good education, who was given a teacher's Certificate under the Soldiers' Civil Re-establishment scheme after the war, and has been giving satisfaction to the Deparment's Officers and Inspectors for over ten years.

His present salary, since the reduction last April, is $810.00. As you know before that date Mrs. Goodman received a salary of $600, which is now discontinued,

In reply I have to say that, provided the teacher would be prepared to accept them; that they would not be in excess of the number of pupils for which seating accommodation is available and that they would not interfere with the regular classroom instruction of the Indian pupils, the Department would have no objection to permitting them to attend. When the school re-opens after the holidays, you should discuss this matter with the teacher, and, if you both consider it advisable, the Department will have no objection to the four non-treaty children referred to being permitted to attend. Dear Sir:-

In 1932 I wrote to the Indian Department at Ottawa asking for a readjustment of my salary & my request was refused. I herein repeat my request for an increase of salary & state my case as follows:-

I started teaching in the Fort-à-la Corne Day School in 1922 & my wife was appointed Field Matron that same year. In 1927 we were transfered to Sandy Lake Reserve, Carlton Agency. In 1932 the Dept: abolished the position of Field Matron & I received a 10% cut. So that at the end of ten years work our income was reduced from $1500.00 per annum to $810.00 per annum.

My wife has continued to carry on her work regardless of salary & has saved the Dept: several hundreds of dollars. I have worked conscientiously & consistently & I have brought my school up to a standard of proficiency equal to any Sask: Provincial School, with an attendance of 38 pupils & a

[illegible] average of 30 for the year. I like my work & am willing to stay at it indefinitely but at the same time I feel that I am entitled to consideration & fair treatment at Ottawa

I have a bigger school & more work than most other teachers & am receiving a smaller salary.

Newly appointed teachers are being paid more while I am allowed no credit for my length of service.

Spinster teachers with smaller schools are being paid more. I am a married man & have children to help & educate & start in life.

Ottawa, August 13, 1935.

Sir:

With reference to your letter of the 3rd instant, enclosing a communication from Mr. E. B. Goodman, teacher of the Ahtahkakoops Indian Day School, I beg to say that present regulations do not permit our increasing salaries of teachers in Indian day schools. Under these circumstances, the Department is not in a position to consider Mr. Goodman's request at the present time.

Your obedient servant,

T. R. L. MacInnes,
Acting Secretary.

Ottawa.

Dear Sir.

Re Mr. Christianson

I was, this afternoon, talking about my work here & my troubles & he advised me to write you what I had been telling him. He assured me that my letter would not find make kindling at Ottawa.

I have been teaching in Indian Day Schools for 15½ years. I taught for 5½ years at Fort à la Corne & ten years in my present school; Ahtahkakoops Day School.

When I came here the school was in a wretched condition with an average attendance of 6 & I had a lot of hostility to contend with. I worked hard & put my best into it & within two years I had brought the attendance up to 32 treaty Indians & 6 Non Treaty. The average for the quarter ending Dec: 31st 1928 (of Treaty Indian Pupils) was 24.08. From that time until the present I have maintained a full school; having had the quarterly average attendance go above the 30 mark & I have had as many as 42 pupils attending.

I was, I believe, 2. the first Day School teacher in Saskatchewan to put a pupil through Grade VIII into High School. That pupil, Lancelot Archambault, will attend the next session at Normal School in Saskatoon. Another ex-pupil of mine, Ida Vandal, was among the group of students chosen to go to the Coronation? Other ex-pupils of mine are also doing well.

I receive a salary of $900.00 per annum. During the past 16½ years I have never received an increase in salary. I once for a time my salary was cut 10%. I have on two occasions asked for an increase & have each time received a polite refusal.

I am a married man of 41 years of age with a family to educate & provide for. There are single women teachers with smaller schools, less achievement & not nearly the number of years service to their credit that I have, receiving larger salaries. It does not seem at all fair. Farm Instructors, Clerks & Agents all receive regular increases & are allowed to subscribe toward a pension for their old age.

I have to send my children to Prince Albert to school & with our own living expenses I cannot save anything.

Apart from my own activities, my wife has worked without stint for the Indians & has by her nursing, saved the Indian Dept: many hundreds of dollars. When we first started in the work she was appointed Field Matron & received a salary of $600.00 per annum. On April 1st 1932, her position

+ salary were abolished. Ever since then she has carried on her work without pay + has never refused a call for help, + has often been away all night on a maternity case. Every time the doctor visits a case he receives $1.00 per visit, but whenever I drive my wife to visit a case I have to dig into my own pocket to pay the expense of gas + oil.

Since Jan: 1st 1936 the Dept: have paid my wife $10.00 per month for dispensing drugs.

Every day school is open my wife cooks a hot meal for the school children. She receives nothing for this work. For about 2 years the Indian Dept: refused to grant any material + money (except biscuits) for the midday meal During that period we provided the midday meal out of our own pockets. (With the exception of one month when my wife was too ill to attend to it) the children never went without their hot midday meal. We have never received any compensation + even thanks from the Indian Dept:

Being an Indian Day School teacher seems to carry a stigma with it. I can obtain no promotion. I feel that I am a parial of the Indian Dept: I am sorry if I sound bitter, but I sometimes find it difficult not to be

Before I spoke with Mr: Christianson I had already written a request for an increase in salary to the local Indian Agent Mr R.S. Davis; asking him to put my request before the Officials of the Dept: at Ottawa: so if you hear my request

I had the pleasure of a visit from Indian Agent Davis and we discussed together the welfare of the Indians in that part of the Diocese under his jurisdiction. He.... .....

The following points were mentioned by him and I feel should receive close consideration:

Sandy Lake - There is urgent need for a new school on this reserve, and the agent makes the suggestion that the present large teacherage should be used for this purpose. His idea, which I believe is supported by the teacher, is to convert the whole of downstairs into a school and use the upstairs for a teacher's suite. The whole building could be put into good shape with convenience at less cost than a new school. So far as I can see, this would be an economical arrangement, both for capital expenditure and maintenance.

It is scarcely necessary to state that your action in sending forward this letter and snap shots is very much appreciated. May I embrace this opportunity to congratulate you and the members of the Homemakers' Club on the initiative and thoughtfulness that prompted you to equip the pupils with uniforms in order that they might proceed to Saskatoon at the time of the visit of the King and Queen. If you have not already done so, I should like you to send forward a few snapshots to Dr. Robertson at Regina. Dear Mr. Hoey.

I am again endeavoring to qualify for teacher's pension in Sask. under the amendments of the Pension Act and I ask your assistance.

I taught Indians, missionary children and the farm instructor's child — at Starblanket reserve Qu'Appelle Mission P.O. during 1901. 1902. 1903.

Could or would you tell me if the Dominion government at that time contributed money to the Church of England for educational purposes to be distributed or used by the Board? I received a cheque of twenty-five dollars from where or whom I do not recollect. If I had a statement from you that money was contributed or allocated for educational purposes by the Dom. Govt. it would greatly assist me, were such the case. I think so.

Dear Mrs. Hilliard:

With reference to your letter of the 14th instant our records show that under your maiden name, Mary Caswell, you taught the Ahtahkakoops Indian day school from September 1, 1901, to September 30, 1903. During that period you were paid salary by the Department at the rate of $75.00 a quarter.

I trust that this is the information you require.

Dear Sir:-

Mr. E.B.Goodman the Day School Teacher at Sandy Lake Reserve has enlisted in the Canadian Air Force; He requests that his position or another in the Government Services be held for him for after the war.

Mrs. Goodman while not being a qualified Teacher is fairly well experienced, being associated with Indian Schools all,her life, and has taught on various occasions; She wishes to carry on until next summer.

I have talked the matter over with His Lordship Bishop Martin, and he is quite satisfied.

If this arrangement is satisfactory to you, I wish you would write the Bishop for his views on the matter; In the meantime I will have the school carry on under Mrs. Goodman's care.

Yours truly.

The Department is advised by Indian Agent Davis that Mr. E.B. Goodman, teacher of the Ahtahkakoops Indian Day School (Sandy Lake), has enlisted in the Canadian Air Force.

It has been suggested by Mr. Davis that Mrs. Goodman might act as substitute teacher. However, after giving this suggestion careful consideration I am advising Mr. Davis today that the Department is not prepared to accept Mrs. Goodman. I am also directing Mr. Davis to inform Mrs. Goodman that she should vacate the teacher's residence at the earliest possible date.

Dear Sir:

I have for acknowledgment your letter of November 19 and also a report on the Ahtahkakoops Indian Day School, submitted to you by Inspector Ferris.

I note with interest the Inspector's suggestion, that it might be left to the discretion of the teacher as to when the long holiday should take place.

It is highly desirable that no misunderstanding should exist with respect to the conditions that prompted the Government to operate the schools on a 9 month rather than a 10 month basis. The records here indicate that attendance at Indian day schools throughout the Dominion has never been wholly satisfactory during the month of September. This unsatisfactory condition appeared most acute on a number of the larger reserves, such as the Tyendinaga and Six Nations Reserves in Ontario and was due, no doubt, in part, to the desire on the part of the Indians to have the older boys and girls engage in farm work - berry-picking, potato picking, etc. When the matter came up for discussion, the officials felt that the Government could scarcely afford to keep schools open and in operation with the attendance out of all proportion to the actual enrolment. For this reason and in an attempt to conserve public funds, therefore, it was decided to operate our schools for 9 months during the academic year. I note, however, from inspectors' reports, that almost every month in the school year has been suggested as the month during which certain schools should be kept closed. June has been suggested because certain Indian bands are anxious to get away from the reserve on hunting or fishing

excursions at this time. January has been suggested because of the severe weather usually prevalent in that month. December has been suggested from the standpoint of the convenience of the teachers, many of whom are anxious to get home early for the Christmas holidays. You can readily understand, therefore, the utter confusion that will result if we attempt to comply with these suggestions.

It should be pointed out also that an attempt is made to have our school supplies reach the schools on or about the actual opening date. This year we have failed in this respect because of the difficulty the Stationery Office has experienced in securing certain supplies. However, if certain schools open in September, having been closed in June, and others open in October, we shall require a special official here to keep the Treasury officials and the Stationery Office constantly notified of these changes. I am of the opinion, therefore, that unless local conditions are very exceptional, our schools should open on October first of each year and close on June 30.

The days in which we are living are, as you know, extremely critical, and it is our hope that we shall be able to secure the closest possible co-operation of our teachers and agents in carrying out regulations, the necessity for which may not always appear self-evident to the officials in the field.

Dear Mr. Hoey,

Knowing that a change was likely to be made at Sandy Lake,(not rumor this time) I took the opportunity to apply to the Rt. Rev. Bishop Martin asking that I be transferred there.

Today I have received his reply, and though he was not able to say anything definite as yet, the one obstacle seems to be the fact that the Indian Dept. have made it plain that the appointment of women teachers is not looked upon with favor, and I believe has written to you to know your mind on the matter.

Whilst realising that Mr. Goodman's appointment has been held up temporarily, and that until it develops further he will keep the school, I should like the transfer very much in the event of a vacancy. I do not feel that a transfer would count the same as a new appointment, and as there are both resident farm-instructor, and missionary, the necessity for a man must be considerably less. In addition,there are sufficient men speaking English on the Reserve to be able to fight their own battles, which would save me the necessity of trying to fight for them.

So far as the size of the school is concerned I should welcome the extra scope, and though I should not perhaps be able to attain Mr. Goodman(s standard of manual instruction, I feel I should be able to continue some of the work, and in fact have applied repeatedly for tools for such work here,and should I find myself seriously handicapped, I believe there are carpenters on the reserve to whom I could apply for advice. May I call your attention to the fact that I began a manual instruction class whilst on the prairie, and I believe you have particulars of my service in Canada on file at Ottawa, so that you will have the I spector's reference to this class So far as the girls are concerned we have received both needle-work and knitting awards during the exhibitions of the last two years, incompetition with schools far larger, and in addition to awards for exercise books etc.

Dear Mr. Hoey:

Indian Agent R.S. Davis has just been to see me, informing me that Mr. Goodman has been called up for duty with the R.C.A.F. This will leave the Ahtahkakoops school vacant.

As you know, Miss Mercett has written you about being appointed to the school. Indian Agent Davis, in talking to me, said he would strongly object to her appointment. The main ground for his objection is that they desire a trained nurse on that reserve. It is a big reserve, and from that reserve they also serve reserves to the north.

I, therefore, wish to nominate Mr. W.L. Bigg who is at present living in Alberni, British Columbia. Mr. Bigg holds a first-class certificate for Saskatchewan and, before going to the coast was principal of the school in Spiritwood. His wife is a trained nurse. He was recommended to me by Inspector Ferris of the Saskatchewan Department of Education. Mr. Ferris speaks very highly of this man's ability. From all I have heard Mr. Bigg seems to be a splendidly equipped man for this important school.

I am writing to Mr. Bigg by this mail telling him that I am nominating him to you. Will you please let me know as soon as you can as to whether you approve the nomination.

Dear Sir:-

With reference to your letter 107-2-1 dated Oct. 24th. regarding the resignation of Mr. E.B. Goodman Day School Teacher on Sandy Lake Reserve .

Mr. Goodman was called for duty on the 16th, inst, and I have asked Mrs. Goodman to continue until the Christmas holidays which start December 20th.

I have consulted Bishop Martin, and he is writing you regarding the nomination of a new teacher at once.

I understand that Miss Cora Merrett Teacher at the C.E. School at Big River, has been in communication with you regarding a transfer to this school; I am not in favour of her being transferred, a married teacher should be appointed, with a wife who has some experience in nursing; Mrs. Goodman has always assisted with the sick; I also feel quite certain that Miss Merrett would not get along with the Indians, as they are fairly well advanced and would not stand for being bullied around; I have talked this matter over with Bishop Martin, and he quite agrees with me.

I have made arrangements for Mrs. Goodman to keep the school open until the Christmas holidays; This will will keep the school open until a new Teacher is appointed; This School has running water and it is necessary to keep the building occupied.

Please have the salary cheque for December sent to Mont Nebo, Sask. If Mr. Goodman is paid for the full month, this would cover Mrs. Goodman's teaching,

Dear Sir:

Yr: letter of Dec:11th has at last caught up with me.

I wrote you as to the date of my leaving Sandy Lake as soon as I knew myself. I left on Dec: 14th & joined the R.C.A.F. Dec. 16th. Mrs Goodman kept the school open until the new teacher took over. on Jan: 2nd 1941.

Mrs Goodman & our two Children vacated the school residence Dec: 31st 1940. Everything was left in perfect condition. The basement contained sufficient vegetables to supply the school till the end of June. The garden was left ready for the spring seeding.

I notice in your letter that the Indian Dept: will not assume use of reemployment. I have never been able to understand the attitude of the Dept: toward Day School teachers

To Mr. Hoey,

Dear Mr. Hoey,

Thank you for your letter of Dec. 6th. which I forwarded to Bishop Martin, with reference to my transfer to the Ahtankakoops School.

I am enclosing his ~~his~~ letter which was the reason I wrote to you, and also the one telling me of the appointment of a married man, which came as a great blow, and which even yet I cannot understand. I have had no chance of seeing my inspector's reports, but so far as I know, they are satisfactory, and ever since I have been on the Reserve I have admisistered the Indian medicines, and helped where possible. So far as the carpentry is concerned, I have asked repeatedly for tools here, but cannot get them, housewifery and needlework, should be shown in the Inspector's report, so I still cannot understand why I was turned down.

Letters returned Jan 14/41

As all the children, and parents have a mild attack of the 'flu', nothing I cannot handle without a doctor, it was decided on consultation with the chief councillor not to open school until Jan. 13th. one week from today. I could not consult Mr. Davis as he is away, but have written to Mr. Christianson, and trust it is in order

I shall be glad to have the letters returned.

Yours truly,

Dear Sir;

Some eighteen years ago I went to the Orpheum Theatre in Prince Albert ,Sask. to hear you address a public meeting . I was about sixteen at the time;the impression you left on my young mind has persisted through the years enabling me to feel confident that my letter will at least fall on responsive and sympathetic ears.

It is 5 months since I took charge of this school. My impression on the evening of my first day here were typical of the general attitude towards the Indian problem. Wherever I have discussed the Indian and his education , and I have discussed it with everything from an Indian Agent, to three or four members of the Saskatchewan Legislature , I have run into the same feeling of resignation , the same feeling of hopelessness ,and helplessness in the face of Indian Lethargy,laziness and indifference.That is apparently a true picture of the average adult Indian. That is not true of the average 6 year old. They are as quick as keen, as energetic , and as intelligent as any children I have ever taught, and I have had eight years of teaching outside of Indian schools. I have been through the mill of rural schools with the usual Grade 1to 11 business, and I have taught in town schools as well.

From what I have seen'and experienced in the short time I have been here has convinced me that sympathetic ,but adequately trained teachers, could and would raise a very high percentage of the Indian children to a spiritual ,cultural and economic level ,comparing favorably to the society of the outside world.

There is however a fly in the ointment . First and last, these children should be fed . They quite definitely are not getting enough to eat,either at home ,or through the facilties of the school lunch.

I do not believe that the standard of teaching is high enough either. I do not believe that my own technical ability is sufficient to get the best out of these children .I intend to remedy the latter situation as quickly as possible. The results I have obtained since coming here ,give me the confidence and the courage to fight for these children, and fight hard . I am not particularly religious in the usual sense of the term ,but after coming here and learning to know a little bit about some of these children ,and after learning to love a few of the little rascals, I'll never know spiritual peace again until I have done all that is in my power to see that they get a square deal from the powers that be.

As I see my work here; it is simply this, I am working for these children, and no-one else. My duty is towards the children rather than to-wards the writers of my cheque. I have a strong feeling that you will help me , so long as I help these children .These children need food, and given food and well trained and sympathetic teachers , they can

and will become independent of further help.

I am, of course, speaking for the children of this particular school. I do not presume to prescribe a blanket remedy for the whole problem of Indian education.

I notice that I have used the word "sympathetic" with regards to teachers, twice. Possibly I had better define it as I meant it.

I mean a teacher who likes children, any children, and who really wants to help them. To put it another way. If this school was built to enable me, or someone else, to make a comfortable living here, then it were better that it burn down, or that it had never been built. Far too many of these Indians have nothing but distrust and hatred for their white masters. Masters we are, dictators if we like to be honest with our selves. They do not trust us, they do not like us, they hate some of us; and they believe none of us, when we try to tell them that we have their interests at heart. I do not believe that it is the Indians fault that such is the case. I don't believe that it is the Norwegians fault that they don't like or trust Hitler, who, in his own words, is there only to protect them from aggression. We seem to be here to protect the Indian from the impact of the white man's way of life. We certainly were not invited to do so. I feel that the responsibility is entirely ours. That if we fail it is our fault. Either we have used the wrong methods or we have used the wrong people to put the methods into operation.

These people are worth all my efforts. I have promised them and I have promised myself., that I will always be ready to help them, even though it may at times get me in wrong all around.

My real purpose in writing this letter is to try and contact someone in authority who will at least consider my ideas. I am sending a copy of this letter to Mr. Davis the Indian Agent at Leask. and to the Bishop of Saskatchewan. I do not want anyone to get the idea that I am trying, anything so stupid as, to pull a fast one.

Trusting that you are as greatly concerned as I am,
I beg to remain

Yours obediently

Dear Mr. Bigg:

I have for acknowledgment your letter of the 6th instant, in which you discuss in a very interesting and arresting way the existing conditions at the Ahtahkakoops School and on the Ahtahkakoops Indian Reserve.

It was to me somewhat flattering to note that you remembered an address I had delivered at Prince Albert about 18 years ago. If I remember correctly, I was accompanied on that occasion by Mr. Andrew Knox, and I have still very pleasant memories of the large and attentive audience.

I am particularly pleased that you brought to my personal attention certain conditions that are confronting you, and I am glad also that you are sending a copy of this letter to Indian Agent Davis and to His Lordship the Anglican Bishop of Saskatchewan.

I cannot of course agree with all the conclusions you have reached in respect to the Indians, the progress they have made and are likely to make and the attitude of the Government to our native people. In view of your earnestness and transparent sincerity, I am anxious that you should not fall into the fallacy of reasoning from the particular to the general. We should not, for example, when we meet a bad man, arrive at the conclusion that all men are bad, nor should we conclude, when we come in contact with a backward, dissatisfied group of Indians, that all Indians are backward and dissatisfied.

It was admitted at a Seminar Conference, organized by the Universities of Toronto and Yale and held at Toronto three years ago, that the Indians of Canada had perhaps made greater progress than any other primitive people of whom the delegates in attendance had knowledge. We had at that conference representatives from the continent of North America and Professor Loram, who was for a great many years adviser on native peoples to the government of South Africa.

You will be interested to learn that I was engaged in conversation with the member of Parliament for Brant when your letter reached my desk. Just as I opened it this member was informing me that the more he

came -

came in contact with the Indians of the Six Nations Reserve at Brantford the more he became impressed by their loyalty to the Crown and their devotion to democratic institutions. This group of Indians have already contributed this year $1,000 from their own funds to the work of the Red Cross. May I be permitted to submit another illustration extracted from the thousands that reach us almost monthly. The Indians in the Kenora Agency were this year particularly anxious to secure flags (Union Jacks) that these might be placed on their tents and tepees at treaty payment time as an indication of their loyalty to the Crown, and I might go on, but I feel this is not necessary.

I am sending forward herewith, for your information, a copy of my report for the month of November, prepared by me for the Director of this Branch. I should add that the excerpts contained in this report were not selected but taken at random from the reports that had reached the Department about that time. These reports, of course, refer particularly to British Columbia. In this province, I am inclined to think that our Indian schools are perhaps as good as, or indeed one might say a little better than, any other schools operated anywhere in Canada.

I cannot persuade myself that we can do much to help Indians by "doing something for them". Our success will be determined largely by our ability to encourage them to do something for themselves. If I have any criticism to offer of the Government's Indian policy in Canada, I would say that when times were good and money was plentiful they appeared to have done too much for the Indians and failed to encourage these people to do something for themselves.

You, of course, are confronted with certain practical problems from day to day, and you are interested only - and rightly so - in ways and means whereby you can assist the pupils committed to your care. If I were in charge of an Indian day school I would attempt to teach the Indians how to look after their bodies and use their hands. This means a program balanced between academic and vocational instruction. Where a program of this character has been adopted the progress, as you will note from the reports, has been truly phenomenal.

I note with interest your reference to the fact that Indians should be fed. This is a task that should be undertaken by the Indians themselves, under the direction and guidance of the Indian agent. If the resources on the reserve - lands, wood supply, water, etc. - are at all adequate, it should be comparatively easy for even a group of Indians to become self-sustaining. In certain sections of northern Canada I have been encouraging the Indians to destroy all dogs other than those necessary

for transportation and to keep goats. Five goats, I have learned, consume less feed than one cow. The milk supply of these animals is nutritious and beneficial. The goat, by the way, is one of the few animals not subject to tuberculosis.

It is exceedingly difficult, of course, to send forward advice from this distance. Only a man reasonably familiar with local conditions can work out a satisfactory program. It is my hope, however, that you will have an opportunity to discuss your program very fully with the Indian agent and that your joint efforts will contribute substantially to the progress of the Indians on the reserve.

Dear Sir:-

The Day School Teacher at Sandy Lake Reserve is more or less of a trouble maker and where possible is unable to mind his own business; As this Band is going ahead fairly well, I consider it in the best interests of the Indians that he be moved to some other reserve.

I understand there are a few vacancies at the present time.

The Teacher's wife at this point was recommended to us as a qualified nurse, but has no experience what-so-ever along these lines, and as the reserve is miles away from a doctor, we should have some one with at least average nursing experience.

Right Reverend Sir:

I desire to refer to your letter of December 13, 1940, nominating Mr. and Mrs. W.L. Bigg for duties at the Ahtahkakoops Indian Day School. In that letter you stated that Mrs. Bigg was a trained nurse. I am now in receipt of a letter from Indian Agent Davis which reads in part as follows:

"The teacher's wife at this point was recommended to us as a qualified nurse but has no experience whatsoever along these lines and as the reserve is miles away from a doctor we should have someone with at least average nursing experience."

It would be appreciated if arrangements could be made to transfer Mr. and Mrs. Bigg to some other Indian day school for which you nominate teachers in order that successors might be secured who would be qualified to handle the work that is required on the Ahtahkakoops Reserve.

My dear Mr. Hoey:

Will you please excuse me for my apparent neglect in not answering your letter dated September 9 regarding Mr. Bigg and his appointment to Ahtahkakoops School. My reason for delaying is that I have been away from Prince Albert for the last five weeks, spending the time in Eastern Canada doing deputation work on behalf of the missionary work in Western Canada.

I am quite surprised regarding your suggestion that we transfer Mr. and Mrs. Bigg to some other Indian School. I fully appreciate the fact regarding the wife being recommended as a qualified nurse. At the time of my appointment that was my definite understanding and I cannot understand where the mistake was made. Anyway, even if she were a trained nurse, I doubt if she could spend much time on the Reserve simply because she has young children who would demand practically all her spare time.

I wonder, Mr. Hoey, if you could give me some time to look around regarding this matter. It is my understanding from a previous letter of yours that teachers should not be asked to be transferred during holidays. Moreover, the difficulties of transfering a man at this time of year from one Indian School to another, as you can well understand, are considerable.

From what I have heard from the Inspector, Mr. Bigg

is a first class teacher. From what I know of my personal contact with him he is most keen about his work and very devoted in his work for the Indians. As far as I have found him he is one of the most interested and zealous workers for the ultimate welfare of the Indians that we have here.

We have always had a good teacher in this School and where I can find a man teacher to carry on the traditions set by the former teachers, I do not know. So many men teachers from this Province have enlisted and the situation just now is a grave one. Moreover, a man must be devoted to Indian work to be only paid nine months in the year and to have to provide for himself and his family for three months in the year independent of his school salary.

I am sure you appreciate my difficulties in this matter, and I do ask that you will give me some time to look around that I may be able, first of all, to find a suitable teacher to succeed Mr. Bigg and also find a suitable school for him to be transferred to.

Thanking you for your kindness, I am,

Dear Sir:

In compliance with your request I hereby beg to nominate the following persons for teachers in Indian Day Schools in this Diocese: first, Miss E.M. Ratz of Wimmer, Saskatchewan, for the Indian Day School on the Ahtahkakoops (Sandy Lake) Reserve. Miss Ratz has her second class certificate and has been teaching in the Province for 25 years. She has a certificate for home nursing and is capable of giving instruction in sewing. She is very highly recommended by her inspectors and by others who vouch for her standing in the community. I believe she will be a good person for this Reserve.

I also beg to nominate Mr. Percy Farebrother, Box 109, Norquay, Saskatchewan, for the position of teacher in the Indian Day School on the Big River Reserve. Mr. Farebrother is a returned soldier and holds a first class certificate for the Province of Saskatchewan. He has taught in this Province for twenty years and is also highly recommended by a superintendent of schools in the Province and others who are acquainted with him. I have every confidence that this man should fit in well with the situation as it exists on the Big River Reserve.

I hope the above nominations will meet with your approval. I am sorry to have been so long in forwarding the names to you but I am sure you will appreciate the difficulty in obtaining suitable teachers. An early reply will be greatly appreciated not only by me but by the above applicants.

Sincerely yours,

Henry B. Saskatchewan

Dear Sirs,

Being accepted to teach the Indian Day school here I arrived Sept. 29th. The trip from Winnipeg, Sask. entailed considerable expense, having to bring furniture.

Although I have kept school going I find I shall be unable to carry on. The whole proposition is too much.

Up to now I have not seen the Agent, although I have written him. I came here to teach, not to be a janitor and charwoman as well. Found the place quite dirty. There are two furnaces, one that requires four foot logs and which I found choked with ashes. The water does not come up in the taps and there are no utensils for giving the children their noon day meal.

Dear Sir:

I am enclosing herewith copy of a letter received by the Department from Miss E. M. Ratz, teacher at the Ahtahkakoops Indian Day School. The subject matter of this letter, you will note, is self-explanatory.

It would be appreciated if you could make arrangements to visit this school and while there to see that the school building and the teacher's residence are both properly cleaned. You should also make arrangements for the purchase of the supplies necessary to provide a noonday lunch.

This school has been in charge of a married man and his wife until now, and I am not at all sure that the decision to send a single girl there was a wise one. However, this teacher was nominated by the Bishop and there is little that we can do about it at this date. It is just possible that you may have to make arrangements whereby someone will look after the furnaces. An allowance of $6.00 a month is usually made for this work.

Your immediate attention to this matter will be very much appreciated.

Yours truly,

Dear Miss Rats:

I have for acknowledgment your letter of the 8th instant, in which you discuss the conditions confronting you when you arrived at the Ahtahkakoops Indian Day School.

It is just possible that these conditions, in part at least, may be due to the transfer of Indian Agent Davis from the Carlton agency to the Touchwood agency. This transfer took place a few weeks ago. This will explain why you have not received a reply to the letter written by you to the agent. There is, however, a clerk in charge of the agency at the present time and it is my intention to communicate with him today. I am asking him, if it is at all convenient, to visit this school and do everything humanly possible to make conditions as comfortable for you as they can possibly be made.

You are aware, no doubt, that this school has been for years in charge of a married teacher and his wife, and I am not at all sure that it was wise to send a single teacher to take charge of the school. However, this is a matter over which the Department has very little control, and I feel confident that the Bishop did all he possibly could to secure a suitable teacher.

If there are senior pupils at the school, these pupils should be taught, as part of their regular educational program, to keep the classroom clean and in good order. If there are heavy tasks, such as the scrubbing of the floor and attendance to furnaces, these should be undertaken by the caretaker. If there is a shortage of utensils necessary to supply a noonday lunch, these should be immediately purchased. I am asking the clerk to deal with these matters immediately.

It is scarcely necessary to add that these are critical days in which we are living and days that demand a large measure of self-sacrifice and devotion on the part of all of us. It is my hope that you will be able to see your way clear to remain at Ahtahkakoops for the present academic year at least. If, however, you feel that you cannot do this, you should communicate with the Bishop at once, asking him for a transfer.

Yours sincerely,

R. A. Hoey,
Supt. of Welfare and Training.

Dear Sir:-

With reference to your letter file 107-2-1 dated the 16th, instant, to Mr. Prince regarding Ahtahkakoops Day School.

As I was visiting the agency at the request of Mr. Christianson, I have visited Sandy Lake School and had a talk with Miss Ratz the teacher. Miss Ratz informed me that she was leaving the schoolat the end of the month, as she has been teaching in a Provincial school for the past 25 years and she had five years to go before receiving her pension, if she continued teaching in the Indian Day school she would loose her pension.

This morning I was advised that she had left the schooland returned to Wimmer, Sask. with her brother who had come to take her home.

She seemed to have been upset over the water system and keeping up, the pressure in the taps, this was caused by the pumping of straight water and not allowing air to be pumped with it.

I visited the school shortly before leaving for Punnichy and the school was fairly clean, the only thing was that the ashes had not been cleaned out of the furnace which was only a few minutes job.

Miss Ratz as you are aware was quite an elderly lady and naturally a little fussy.

I would recommend that the next teacher when appointted be a married man, as it is very unsatisfactory to have a single person in a school of this size. I have made arrangements to see Archdeacon Paul tomorrow morning and he will no doubt be getting in touch with you. The question of getting a married teacher will be taken up.

I am enclosing herewith forms in connection with Miss Ratz appointment as they may be needed for Departmental files. Miss Ratz. taught from Oct. 1st, to Oct. 21st, inclusive I would ask you to forward a cheque to her at Wimmer, Sask as soon as possible.

Dear Sir:

Re: Indian Day Schools and Superannuation Fund.

Owing to the present scarcity of teachers, I am experiencing great difficulty in finding teachers for the Indian Day Schools.

We had six vacancies to fill in this Diocese after the summer vacation; and five new teachers started to work in these schools on October 1st. One was Miss E.M. Ratz who went to Sandy Lake Reserve School. She had been paying in to the Saskatchewan Superannuation Fund for 25 years; and when she found that teaching an Indian Day School would not enable her to continue the benefits of that Fund, she left on short notice. The school is consequently now vacant.

Mr. P. Farebrother is teaching at Big River Reserve, and he is in a similar difficulty. He has been paying in to the Fund for 20 years, and if he cannot continue on this Fund by teaching this school, he wants to leave at Christmas.

I have always tried to nominate to the Indian Affairs Branch at Ottawa qualified and experienced teachers; and it is disappointing to have to lose them because they cannot continue on the Superannuation Fund when teaching in Indian Schools

The teachers are qualified Saskatchewan teachers, and the schools are inspected by the Superintendents of your Department; and I should like to ask if arrangements could not be made between your Department and the Indian Affairs Branch at Ottawa, whereby teachers be allowed to continue on the Saskatchewan Superannuation Fund when teaching Indian Day Schools.

This matter is very important at the present time, when most of the younger male teachers have enlisted in H.M. Forces; and we have of necessity to employ older teachers, and it seems most unfair that they should have to relinquish their superannuation benefits after contributing to the Fund for many years.

Hoping that something can be done to remove this difficulty,

I am, Sir,

Yours faithfully,

Secretary & Treasurer.

Dear Sir:

At long last I am able to nominate to you a teacher for the Indian Day School at Ahtahkakoops Reserve (Sandy Lake). It is most difficult, as you well know, to secure teachers in these times, especially in Saskatchewan. My nominee is Mr. J.N. Ross of Macoun, Saskatchewan.

Mr. Ross taught for three months at Big Whitefish Lake Indian Day School but was compelled to leave on account of the isolation and its effect upon his wife. Sandy Lake is of course much less isolated and there is a missionary and his wife and also a farm instructor and his wife living adjacent to the school. Mr. Ross has had considerable experience in teaching in rural schools and I feel he is well equipped to handle the situation at Sandy Lake. During his short stay with us at Big Whitefish he gave every satisfaction.

Will you please let me have a reply at your early convenience because I would like to have the school opened as soon as possible.

Faithfully yours,

My dear Mr. Hoey:

I am in receipt of your letter of December 21st notifying me of the resignation of Mr. J. N. Ross, teacher of Ahtahkakoops Indian Day School in this diocese. I am so sorry that Mr. Ross feels compelled to send in his resignation but I can, of course, quite see his line of argument. I have written on previous occasions to the Minister of Education in the Provincial government here regarding this peculiar ruling in the Saskatchewan Teacher's Superannuation Act, but apparently nothing can be done at present. Nevertheless, I am hoping for this matter to be settled in favor of teachers in Indian Day Schools. From what I can gather it is the teachers themselves who hold fast to this regulation.

I will do my best to nominate a successor to Mr. Ross as soon as possible. I have already inserted an advertisement in the Saskatoon paper and I shall also try every other source of supply. I do hope it may be possible to nominate somebody in the near future.

Wishing you the compliments of the season, I am,

Sincerely yours,

Henry B. Saskatchewan.

EXTRACT from Inspector's Report on the Ahtahkakoops Indian Day School, dated 6 December, 1945.

The effect of the family allowance on school attendance has been very marked. The present accommodations are taxed to capacity and yet there are twenty or more children on the reserve who cannot attend because of lack of room. As it is the teacher's time is very largely taken up with the very large Grade I class and the higher grades receive less attention possibly than they should. A second classroom would seem to be needed urgently.

I was pleased with the cleanliness and general well being of the children. They were well behaved, happy and certainly industrious as the children of the average white school. This speaks well for the teacher.

Dear Doctor,

Enclosed find two nominal rolls of schools completed this week. First Ahtahkakoops School, Sandy Lake. There are 42 pupils on the roll of this school, 39 were examined, 3 were not attending school, 3 were free of dental defects, I was not treated, being absent from school. 17 adults received treatment

Average Dental Defects - Pupils - 43

The pupils of this school are clean and with a few exceptions appear to be quite healthy. No noon day lunch is served. The children bring their own lunch and must remain at school for lunch. I was informed that hot cocoa and vitamin biscuits are served during the cold weather. This is the most efficiently fun school that I have been in so far. I completed this school on Tuesday, November 2nd. Mr. Dowsdell, the Farm Instructor, moved me to Mistawasis School, Wednesday morning. I set up equipment in the Agency Office and stayed with Mr. Bell, Farm Instructor. There are only 16 pupils on the roll of this school. 13 were examined, 3 were free of Dental defects - 2 were not attending school, 1 (Matilda Whitefish) was not at school. I examined this girl at the Big River Anglican School but did not do any treatment for her as she was absent from school.

Average Dental Defects per pupil 5.3

This was the least efficiently run school that I have been at - the pupils come and go as they wish and I was informed that the only reason the pupils attended at all was that Rev. Moore provided a good lunch at his own expense.

Oral hygiene and tooth brushes are unknown at any of the schools. I discussed this with the teachers and they are willing to have a tooth brush labelled for each pupil and left at the school, where they will supervise cleaning of teeth once a day. I believe that this would be the only practical method to adopt. It would be useless to give out tooth brushes for the pupils to take home.

Sorry that I did not include these observations in my monthly report. Will do so in future.

No arrangements have been made where I am to go next week. The equipment is here. I intend calling you today. It snowed one day this week and while the weather is fine again, we cannot expect much more of it. I am getting a bit fed up with doing these day schools under present conditions of transport and making arrangements with the schools. The latter I have to do myself after arrival at the school.

Sincerely,

O. G. Shepherd.

Right Reverend Henry D. Martin, D.D.,
Bishop of Saskatchewan,
Synod Office,
Prince Albert, Saskatchewan.

Dear Bishop Martin:

I have for acknowledgment your letter of July 27 and hope that by now the Pelican Lake School construction has begun.

I have good news with regard to our day school teachers. The 1949 salary revision has been approved and we are now able to offer these teachers a higher rate than previously advised.

For example, Mr. Cuthand, who would have received $1,800.00 on the former scale, will now receive a starting [redacted] of $2,160.00.

I am writing today to Miss Krafft concerning the [redacted] Lake School. Her salary will be at the rate of $2,280.00 on semi-annual (she has more experience than Mr. Cuthand).

I have written at some length to Mr. M. J. Meekes of 43 Hinton Avenue, Toronto, concerning the Ministikwan School. Mr. M. is a young university graduate, whose wife-to-be is a Registered Nurse. I expect to hear from him early this week, when I will write you again at once.

With kindest personal regards,

Yours sincerely,

Superintendent of Education.

Re: Sandy Lake Indian Day School (600)
Expenditure - $25,000.00

The above estimate covers anticipated costs of erecting a new two room day school and converting present combined class room and teacher's residence into suitable living quarters to accomodate two teachers.

The following shows the number of children on Sandy Lake Indian Reserve:

School Age - 72 Under School Age - 98

Our problem here is to provide class room accomodations to accomodate children of school age and also with a view towards future years.

At present a class room is contained in combined teacher's residence and class room, suitable to accomodate 30 pupils. In addition we have opened a class room in old Parish Hall, property of Anglican Mission, this particular building is old and not in a very good state of repair and lacks accomodation for the additional teacher.

I recommend that consideration be given to the erection of a two class room school building and convert the present combined class room and teacher's residence into two suites to accomodate and provide living quarters for the two teachers and their families.

Alternate proposal would be to move the present day school in use on Mistawasis Indian Reserve (When class room on Mistawasis Indian Reserve is installed in former Carlton Indian Agency Office) to Sandy Lake Indian Reserve a distance of approximately 20 miles, retain the present combined teachers' residence and class room on Sandy Lake as is, and erect a new teacher's residence.

The class room building now in use on Mistawasis Indian Reserve would require a substantial sum to move, i.e., new basement, rebuilding chimney and moving and re-installing furnace or possibly installation of a new furnace and possibly after going to the expense of moving we would find in a few years time that two day schools might be required on Mistawasis Indian Reserve. I therefore do not recommend moving the school class room from Mistawasis Indian Reserve to Sandy Lake Indian Reserve.

In the event of approval being given for the erection of a two room school building on the Sandy Lake Indian Reserve a substantial saving in costs of materials could be made by authorizing this office to have saw logs cut during the winter of 1949-50 by the members of Sandy Lake Band. Logs to be sawn into lumber to be used in erection of the two room class room building. All materials for the erection of the building could be secured from this source at a cost not to exceed $50.00 per M (Doors, windows, cement, flooring, shingles, wall board, nails, paint, etc. excepted). Materials from saw logs secured from timber available on the Reserve would cover dimensions boards, shiplap and siding, only.

I recommend that the expenditure be approved as it is necessary to provide the facilities for education of the children of Sandy Lake Band.

Duck Lake, Sask.
October 3, 1949.

Indian Affairs Branch,
Department of Mines & Resources,
Ottawa, Ontario.

Enclosed herewith please find Survey of Potential School Population of Ahtahkakoops Band #104 occupying the Sandy Lake Indian Reserve.

At the present we are operating two class rooms on the Sandy Lake Indian Reserve. One contained in a building designed for class room and teachers residence, the other class room is contained in a very old building formerly used for many years as a Parish Hall.

The Indian settlement on the Sandy Lake Indian Reserve is now centered in the area adjacent to our present school building site which borders on the south shore of a large lake contained within this particular Indian Reserve. I, therefore recommend that a new two room class room be erected on the Sandy Lake Indian Reserve and our present large combined teachers residence be repaired and converted into suitable living quarters to accomodate two teachers and their families.

You will note that the potential school population of Ahtahkakoops Band is fairly large and no doubt in a few more years we will find that a two room school building will not prove sufficient therefore we will be confronted with the problem of erecting additional class room facilities. When we find that additional class room space is required consideration will be given to placing a new building at a separate location and located in such a manner on the Sandy Lake Indian Reserve to accomodate any future Indian settlement that may take place away from our present school location.

I recommend that approval be given for the erection of a two room school building on the Sandy Lake Indian Reserve.

Duck Lake, Saskatchewan.

ANNAHKOOSE INDIAN DAY SCHOOL.

We have included in our Estimates the following sums for the provision of adequate school facilities on this reserve:

Two-room School $30,000.00
Addition to Teacherage 5,000.00

I believe that this should provide adequate facilities for both teachers and pupils.

In following your recommendations, it is our plan to provide a two-room school, without teacherage. The conversion of the present school into two teachers' suites should provide adequate space for the teaching staff.

Our experience in moving old school buildings has not been very satisfactory and we agree that it would be unwise to move the classroom building now in use on the Mistawasis Reserve.

New standard plans are in the course of preparation for a two-room school and there should be no difficulty in advertising for tenders, etc., for its erection. However, there will be no plans available for the alterations required to the teacherage. I presume that you can make a sketch plan of what you need and that possibly the contractor handling the erection of the school can put in a tender for the renovations and conversions needed.

Bernard T. Neary,
Superintendent of Education.

Sir.

I received from the Department a cheque for $150.00 for the December quarter 1923.
The amounts I have been received as salary for the years are as follows.

March quarter	$	150
June	"	150
Sept.	"	60
Dec.	"	180
Total	$	540

The amount $540. Leaves in $60 short of the due of $600.

The discrepancy has arisen by the omission of $60 for the Sept. quarter. instead of $120. which should have received of $600.

I would be thankful to receive the necessary adjustment at once.

I beg to remain

Ottawa, February 12, 1924.

Sir,-

I have to acknowledge the receipt of your letter of the 1st instant, with reference to the payment of your salary as teacher of the Ahtahkakoops Indian Day School.

In reply I beg to say that the school year begins on September 1st and ends June 30th, and, in an effort to make the Department's position clear to you, I wish to review the salary payments for the past two academic years.-

Academic Year 1921-22.		Academic Year 1922-23.	
September quarter	$150.	September quarter	$150.
December "	150.	December "	150.
March "	150.	March "	150.
June "	150.	June "	150.
Total	$600.	Total	$600.

As there are ten teaching months in the school year, namely, one month in the September quarter and three months in each of the other three quarters, the Department decided to p y salary from September 1, 1923. as follows:- 1/10 for the September quarter and 3/10 for each of the other three quarters. Therefore, if you remain in charge and the school is open for the full term, the salary payments for the academic year 1923-24 will be as follows:-

September quarter	$60.
December "	180.
March "	180.
June "	180.

As you have been paid your salary for the September and December quarters there is no balance of salary due you up to December 31, 1923.

Your obedient servant,

H Hutchinson, Esq.,
Mount Nebo,
SASK.

Ottawa, July 27, 1927.

Sir:

I have to inform you that the Department has approved of the appointment of Mr. C. K. Goodman to the position of teacher of the Ahtahkakoops Indian Day School. Salary at the rate of $90 per teaching month will be allowed in his case. Mrs. Goodman is receiving the appointment of field matron, Sandy Lake Reserve, at a salary of $600 per annum. They will commence duties on September first. Please give them every possible assistance.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy & Secretary.

John Nair, Esq.,
Indian Agent,
Leask, Sask.

RE-INTERPRETATION OF THE TREATIES

Re: Abtahkakoops Indian Day School, No. 600
Little Red River " " " No. 614

The teacher of the Little Red River Indian Day School, Mr. S.J. Hancock, has been transferred to the Abtahkakoops Indian Day School. He began duties at the latter school on March 23, 1944, and he should be allowed salary from that date at the rate of $100 a teaching month, plus bonus. I enclose copy of letter approving this transfer.

MEMO FOR FILE:

I have discussed today with Reverend Mr. Ahenakew the school situation on the Ahtahkakoops Reserve. He informs me that these Indians are very progressive now and that better school services should be provided as soon as possible. He believes that the solution is a new school building with accommodation for 40 pupils. Of course, it should be built on the reserve, near the teacher's residence, which is in good condition. Unfortunately, the new school could not be placed midway between the present buildings, as there is a gully there, and it should not be placed near the old classroom because it is on a mission lot.

Of course, two vans would be necessary to draw the children to school, as the Indians do not reside in one group.

Dear Sir:-

Ever since I came here over 3 years ago. We, that is the Indians & I, have been pleading & petitioning for new & better educational facilities on this reservation but we seem to get nowhere. I am writing to ask you for your assistance on our behalf.

The Indians are very sincere in their request & if it were granted I know would do all in their power to make it a

lasting success. Do you know they have asked for two Years to convey their children to & from school & a new school building. The present building is of log & 30 years old. The band has progressed tremendously since the school was built & farming is being carried on in a large scale, so that those in outlying farms are unable to send their children to school. They do not wish to send them away to boarding school. It is a fact that our best & most progressive farmers are all ex day school pupils. They possess that which I have never met with before in my experience among Indians i.e. "Esprit de Corps" & it would be a shame to let it die for want of

sympathy & material support.

I take it that the chief function of the Department is to assist & educate the Indian to a better way of life. These people are making tremendous efforts in that direction on their own & are most worthy of encouragement. They are just as enthusiastic & anxious over the Fair & school project as they were when they started 3 years ago in spite of all the negations & disappointments with which they have met.

I am have I believe, all the details & figures regarding this matter to hand, so there is no need for me to go into that-

I have your letter of the 21st instant, regarding the continuing of the help in the preparing of the midday meals at the Sturgeon Lake, Ahtahkakoops (Sandy Lake) and Montreal Lake Indian Day Schools for the coming school year.

In reply I have to say it appears necessary that help be engaged in the preparation and serving of the meals, and the Department will approve of allowing a salary at the rate of $10 per teaching month, less 10% for the present fiscal year, to the women engaged at each of these schools during the next academic year. Payment of salary at the above rate will be made upon receipt of the usual vouchers, in triplicate, from you for the amount due at the end of each quarter. You should prepare a separate voucher, in triplicate, for payment of the woman engaged at each school, as instructed in our letter of the 11th instant.

107-2-5

Ottawa, August 16th, 1933.

Sir,-

The Department is in receipt of your letter of the 10th instant, enclosing a requisition for supplies for the Ahtahkakoops Indian Day School. It is noted that the yarn, towelling and biscuits requested can be issued from the warehouse.

The teacher requests 40 cords of wood and, also, an allowance for sawing same. Such an item should not be included on a requisition form. It should be the subject of a separate communication from you.

In connection with the supplies requested for midday meal purposes, I would refer you to official letter of April 21st, last, in which you were requested to write the Department a special letter regarding the serving of midday meals at the schools in the Carlton Agency.

As you are aware, our appropriation this year has been considerably reduced and the Department is not prepared to authorize all the supplies requested by the teacher of the Ahtahkakoops Day School. I understand that biscuits have already been supplied for all schools in your agency and, in addition to these, it is considered that a hot drink consisting of cocoa and milk (condensed or Drimilk) should be sufficient. Please let me know what it would cost to serve this drink at all the schools in the Carlton Agency. In estimating this cost, you should keep in mind that the Department considers that it should be sufficient to serve midday meals from November 1st, 1933, to April 1st, 1934. Please give this matter your careful attention and let me have as detailed a report as possible.

Sir,-

I beg to acknowledge the receipt of your 2382-4-31 of the 21st instant, with reference to supplying a hot drink for the pupils attending the day schools in the Carlton Agency.

Our files have been reviewed and we cannot find any accounts submitted during the past academic year for midday meal supplies at these schools. Please let me know what midday meal, if any, was served at these schools during the academic year 1932-33 and, if a meal was served, you should state from what source the supplies were obtained. Our records show that, approximately, 3,900 lbs. of biscuits have been supplied for the day schools in your agency for the academic year 1933-34.

RECEIVED

Sir,

I have for acknowledgment your letter No. 107-2-6 of the 11th. inst. advising me that Inspector Ferris that more soap should be allowed for Sandy Lake Reserve No. 104 Indian Day School. I could never understand why the Department cut off the supply of soap for Day Schools in the estimates if cleanliness was to be taken into consideration.

On recently a supply of soap was sent up to Sandy Lake Reserve school on authority to purchase re requisition submitted by the Teacher.

Sir:

With reference to the enclosed requisition which was forwarded to the Department with your letter of the 12th instant, please let the Department have a definite recommendation stating if you consider the articles requested are absolutely necessary at the present time.

On reviewing our files, it is found that a considerable quantity of kalsomine and paint was supplied to this school in March, 1932.

March 27th. 1934.

Dear Sir,

Replying to your letter No. 107-2-5 of the 22nd. inst. re requisition for lumber, paints and kalsomine for Sandy Lake Reserve No. 104 Teacher's residence. I certainly consider that lumber etc.should be supplied for repairing well crib and back steps as if this work is not done in the near future perhaps an accident will take place.

Regarding kalsomine, paints etc., if teacher is expected to keep residence in a good state of repair and to be an example to Indians this material should be furnished as Mr. Goodman does the work at no cost to the Department.

Yours truly,

Regina, Sask., 28th Feb., 1935.

Sandy Lake Reserve (Ahtahtakoops Day School)

I visited this school on February 20th and found 28 pupils present, 13 girls and 15 boys, out of an enrolment of 33. The pupils are graded from 1 to 6. I spent considerable time in this classroom, as I found the pupils very bright and very interesting. In their reading lessons they spoke up quite audibly and I had no difficulty in hearing them. I consider they are making good progress in the different branches of their studies. The children sang several songs remarkably well.

The health has been good during the past winter and the pupils had a healthy and well nourished appearance. It was found that they were warmly clad. The conduct of the pupils when questioned was open and natural.

The school building is of logs, sided with lumber. It was built 35 years ago and is situated on Church property. I noticed the floor joists beginning to rot and no doubt in a short time will have to be renewed. The interior of the building, while found in a clean and tidy condition, requires redecorating. The teacher, Mr. Ernest Goodman, is doing excellent work and is one of the best Indian day school teachers we have in the service. He is interested in his work and not only is progress being shown in the classroom, but he takes an active interest in the children when at play. They are given regular physical drill in the winter, also skating and hockey, and in the summer swimming, soft-ball, and foot-ball, all of which the teacher supervises and enters into. It is very readily seen when entering the school that good feeling exists between the teacher and the pupils.

The Indians on the Reserve have supplied material for a mid-day meal. Some have supplied beef, others eggs and chickens. The teacher has supplied the vegetables from his own garden up to date. He also supplies milk, cocoa, and tea. Produce from the gardens unfortunately during the past season was reduced in yield by drouth and early frost. While the teacher has been able to supply potatoes, onions, and carrots for the mid-day meal to date, his supply has become exhausted. I would recommend that the teacher be allowed to purchase vegetables for this purpose to carry them until the coming season's produce is available at a cost of $20.00. This, it is estimated, would meet the need. There is no question as to the value of this mid-day bowl of soup, not only is its benefit reflected in the health of the children but in the attendance at the school.

Sir,-

Replying to your 4-31 of the 23rd instant, I beg to say that you may incur an expenditure not exceeding approximately $6.00 for the material and labour required in erecting two new swings for the pupils at the Ahtahkakoops Indian Day School. After the work has been completed, please forward itemized accounts in triplicate, properly certified, covering the expenditure incurred.

I am returning herewith the voucher which you submitted in favour of Miss Jean McKay, Prince Albert, Sask., for the supplying of one set of provincial school examination papers to the Ahtahkakoops School. It is noted you state on your covering letter that this purchase was authorized by official letter of May 18th, 1935. If you had read this letter carefully, you would have observed that the Department was not prepared to authorize the purchase of these papers. The account is, therefore, being returned and the teacher should arrange for payment.

Dear Sir:

With reference to your letter of the 27th ultimo, enclosing requisition from the teacher of the Ahtahkakoops Indian Day School for kalsomine, paint, etc., please let me know if you consider these articles absolutely necessary. Our funds are limited and unnecessary expenditure must be avoided. Our records show that, last year, we authorized the purchase of 12 packages kalsomine for the school and teacher's residence. The requisition forwarded with your recent letter calls for 14 packages kalsomine for the teacher's residence.

Dear Sir,

Replying to your letter No. 107-2-5 of the 2nd. inst. re recent requisition for kalsomine, paint, etc., for Ahtahkakoops Indian Day School. I have to advise you that teacher's residence is a very large building and that only part was renovated last year. However, as you state funds are very limited I would recommend that $15.00 per spent on teacher's residence and $8.00 on school building this year.

Dear Sir:

The Department is considering in the Estimates for 1938-39, provision for a new one room Day School on the Ahtahkakoops Reserve.

In order that we may have full information, I would appreciate an early reply to the following questions:

(1) The approximate number of children for which provision should be made.

(2) Is the site available, or will it be necessary to purchase a site? In either event, you should state the size of the site you consider necessary and the general condition of the land, viz: whether level or sloping. You should also mention the direction in which you consider the building should face.

(3) Will it be necessary to provide living quarters for the teacher, in connection with the School?

(4) Can drinking water be easily obtained on the site recommended by you?

(5) Would you recommend construction by contract or by day labour?

(6) Do you consider a full basement advis-

able?

Dear Sir:-

As a counter proposal to building a new School on the Ahtahkakoops Reserve we wou ld submit the following for your consideration.

The house the Teacher is now living in was built a number of years ago for a combined Boarding and Day School but was never used for this purpose though it was used for a hospital for a number of years. It consists of seven rooms and a large pantry downstairs and seven rooms and three large cupboards upstairs. It has three staircases, full sized basement with one furnace which is not large enough to keep the building warm. The building is forty four feet long and the main building is twenty two feet wide with the back part of the building being thirty six feet wide. It has nine foot ceilings.

If the partitions were taken out of the inside of the front of this building and the upstairs floor properly braced by a couple of stringers or iron rods, and the windows changed to the east side of the building, it would leave a class room twenty eight feet by twenty two while the back part of the house would remain untouched. This back portion contains three rooms of size large enough to accomodate a dinning-room, kitchen and wash room.

The upstairs could be changed around as per the plans enclosed with adding on a balcony and staircases and would make a wonderful suite of rooms for the Teacher's Residence. It would be necessary to put in running water and sewerage as it would be unhandy living upstairs without these conveniences.

This building needs re-shingling and painting in any event and the upkeep of this building would be a saving and I consider the total cost would not exceed $2500.00. We would then have a first class school, ample play-grounds for the children, and a much better school than we could build for this money. In addition the Teacher would have comfortable quarters which he does not enjoy at present as it is impossible to keep the building warm.

I have talked this matter over with the Teacher and he considers that this would be a more feasible plan than building a new school and would be more satisfactory to him.

Yours truly,
J. E. Davis,
Indian Agent.

Dear Sir:-

The following is in answer to your letter of Oct. 25th file 107-2-5, regarding the Estimates for 1938-39 for a school at the Sandy Lake Reserve(Ahtahkakoops). Also enclosed is a counter proposal.

1. Provision should be made for approximately 35 children

2. There is no site available and it will be necessary to purchase a site from the Church of England, who own the land on which the school is now located. One acre of land should be suffecient. The land is on top of a small valley and fairly level land. On this Reserve the Church of England own 160 acres of land. The land we now have lies between this Church property and the Lake and all the available land is connected with the Teacher's Residence. The building should face south.

3. We have a building used for the Teacher's Residence at this point.

4. Good drinking can easily be obtained on the site recommended at about a thirty foot depth.

5. I would recommend construction by day labour.

6. I consider a full basement necessary.

The school building should have a full size basement with a furnace and a dining room and wash rooms downstairs. I would recommend that the building be stuccoed on the outside as this would be more economical and reduce the upkeep of the building in years to come.

Dear Sir:-

The Department is in receipt of your letters of November 10th with reference to the proposed erection of a new school on the Ahtahkakoops Indian Reserve.

I am inclined to favourably consider your suggestion to complete the building at present used as a teacher's residence into a combined school and residence.

Before making a final decision in this regard, I would appreciate your advising if the Church of England has any interest in this building and the site on which it is located. If so, would they be prepared to transfer, gratis, any interest they may have to the Department.

Mr. Phelan.

Re: Ahtahkakoops Indian School.

With reference to the above proposed new School, from the information on file it would undoubtedly appear not only more economical but also feasible to remodel the existing teachers' residence for a combined Day School and Residence.

As you know, to provide a one room school with accommodation for 35 pupils, a teacher's residence, and full basement, requires the expenditure of approximately $6,500 to $7,000. Consequently, if the expenditure of $2,500 to $3,500, or approximately one half the cost of a new school as mentioned, will provide the accommodation as shown on the sketch plans on file, I would recommend remodelling.

Insofar as the actual remodelling is concerned, the Surveys and Engineering Branch would be pleased to prepare plans of the suggested new school and to submit an estimate of the cost at your request.

Memorandum:

Dr. McGill

Re: Proposed Day School, Ahtahkakoops Indian Reserve, Saskatchewan.

I am forwarding herewith two sheets of blue-prints of sketch plans prepared by the Engineering and Construction Service showing (A) the existing Teachers' residence and (B) the same building remodelled into a Day School with Teachers' quarters above.

The plan alterations are self-explanatory, and on the lines of the suggestions in the letter dated November 10th, 1937, from Indian Agent R.S. Davis. In view of the impossibility of determining in the Engineers' office the extent of the structural changes, repairs and alterations required, and the amount of work necessary to increase the heating system to the required capacity, an accurate estimate of the cost of the alterations cannot be prepared by our architects. A careful survey and investigation of the building would be necessary before a close estimate of the cost could be made.

The Indian Agent has stated that he considers the building can be modelled at a cost not exceeding $2500.00.

If the alterations indicated on the accompanying plan are satisfactory to your Branch, the necessary working drawings and specifications could be prepared, and tenders obtained for carrying out the work by contract.

It might be called to the attention of the Superintendent of Indian Welfare and Training that, owing to the low ceiling in the existing Teachers' Residence there would only be about 70% of the usual allowance of air space for each pupil and that the net glass area of the class room windows also will necessarily be about 30% less than would be arranged in a new building.

The correct orientation of the existing building should be ascertained. The original plans show the present entrance front facing south, while the Indian Agent indicates it variously as east and north.

These plans are submitted for your comments. Any suggestions for variations in the proposed alterations or errors in the plan of the existing building could be noted on the plans, and if the scheme is approved, one set of plans should be returned to this office duly initialled.

Dear Sir:-

In reference to your letter of January 29th., file 107-2-5, in regard to the proposed changes in the School and residence at Sandy Lake Reserve, I am enclosing herewith the plans as forwarded to this office.

While the plan enclosed is a big improvement over the one submitted by me, I would like to suggest the following changes. The stairs now in use at the back of the house, off the east room in your plan, is in poor condition and only two feet four inches wide and is too narrow for practical use, but the stairs now in use in the front of the house is in good shape and could be used in the above mentioned location.

I would also suggest that a small window be put in the proposed bathroom. If possible a small balcony should be built off the proposed living room as this room gets very hot in the summer time. Could it be possible to build a small fireplace in the living room using the now existing chimney, this would only cost about forty dollars and would be a big improvement on the house. Here the plan shows a refrigerator, does this mean a cabinet as this would be more practical.

This house faces east though slightly north, not south as your plans show. I am enclosing herewith a few pictures of this building, which may be of some help to your Engineering Department.

Dear Sir:-

We enclose herewith the completed forms in connection with the proposed changes at the Sandy Lake Indian Day School and Residence.

You will note in regard to the Electric Light, nothing was said in my letter about the lighting, but this would be a great advantage and would not cost very much if we could obtain a plant that now belongs to the Department but is not in use.

If a contract is let, some provision could be made whereby the Indians could get any labouring work in connection with the building.

Dear Sir:-

I have in my school two bright youngsters Mary & Onalane Bird. Their Mother Mrs George Bird is in very poor health. (Dr Duncan is familiar with her case & I would refer you to him for particulars) She is unable to maintain her home & care for her children properly. Both Mrs & Mrs George Bird have told me that unless against their wishes they will have to send their children away to a Residential School. I suggest that the Dept: pay a capable woman to look after the household so that the children may continue at this school. This would be cheaper than sending the children away to a Residential school & have talked the matter over with the parents & they are quite agreeable.

I would further suggest that the amount paid to the woman be sufficiently worth while so that there could be no objection to boarding the

Dear Sir:

I am enclosing a letter received from Mr. E. B. Goodman, the Teacher at the Sandy Lake Indian Day School. The letter is self explanatory.

I would recommend that we pay a woman the amount of $15.00 a month to look after the Bird Children and also to care for the Masaskapuo Children when the weather is too severe for them to make the trip from home and return. The Masaskapuo children live over five miles from the school where the father has resided for a number of years.

I would also recommend that a small amount be allowed for provisions for the Masaskapuo children while they are staying at Geo. Bird's. This amount should not exceed fifty dollars for the school year.

The total cost of this plan would only be $200.00 while the cost, if these children were sent to a Boarding School would be over $300.00 for the Bird Children alone.

I would like to have an answer as soon as possible in order to make arrangements before the school term commences on Sept. 1st.

Dear Sir:-

I am enclosing a requisition for 24 pr Skates & Boots for this school. I have over 30 children on the roll & my average so far this years is 24.

As you know this school is situated beside a lake & for years I have maintained a Skating Rink. I have only been able to obtain old skates from my friends & have never had nearly enough to go round. It would be a treat to the lads if the Dept: would supply these & have requisitioned. It would give infinite pleasure & health giving occupation to the children. You may have heard the old Hungarian Proverb. "The Devil tempts every man except the idle man & he tempts the Devil".

I would be grateful if you would help me obtain this sports equipment.

Dear Sir:-

I am enclosing a requisition for carpenter tools as received from Mr. E. D. Gordon of the Sandy Lake Indian Day School. His letter is attached thereto.

Mr. Gordon is a good man at this work and I feel that he will make good use of any equipment that may be provided.

Also enclosed is requisition for skates and boots for the school children. As you know, Mr. Gordon's school is located near the lake and in the past he has always had a rink. He has had some old skates that he has secured in different places but these are now worn out. Most of these children can skate well, while I realize that the parents should provide the skates, they are not in a position to do so at the present time. This is a good healthy sport and if the Department could not see their way clear to furnish all of these if they could make an allowance for a few pair it would be a wonderful help.

IN YOUR REPLY REFER TO
No. 303-11A
ALSO TO DATE OF THIS LETTER

COMMISSIONER'S OFFICE,
REGINA, SASK., Sept. 22, 1938.

Dear Sir:

I beg to attach a Requisition from Ahtahkakoops Day School, Sandy Lake Reserve, Carlton Agency, for 24 pairs of skates and boots, 3 dozen spoons, and 12 large cups.

This is the first request I have received for supplying skates and boots, and no doubt it will be followed by other schools if granted in this case. At the same time it is my opinion that it would be of tremendous advantage not only for the health of the children, but also in their advancement.

On Mistawasis Reserve, where a few years ago the Indians were practically out of control and constantly consulting a lawyer, to-day they are working in close co-operation with the Department and making great headway. While in no way belittling the work of our Agent, Mr. Davis, who has done a great deal to bring about this condition, I feel that a great part of it is due to the fact that we have a good Community Hall located beside the lake. During the summer this Hall is used for social gatherings. In the winter, while it is used for the same purposes, they also have skating, hockey, and other ice sports, using the Hall for dressing and refreshments. This has brought the Band together, particularly the young people, and fostered a spirit of co-operation.

I feel the same effect would be obtained on all our Reserves if we could get our teachers or Farming Instructors to organize the young people into skating and other clubs, taking an active part in the direction of these clubs. The young people would in that way grow up in close touch with their officials, and we would obtain their co-operation, which is so badly needed.

Personally I would like to see these efforts supported by the Department. At the same time I realize the granting of these would be followed by others, and therefore I do not feel like making a recommendation, but would rather leave it to your judgment.

I am attaching Mr. Davis' and Mr. Goodman's letters covering this matter.

Re - Alterations, Indian Day School,
Ahtahkakoops Indian Reserve,
Saskatchewan.

With reference to the tenders for the above work, it would appear that the final consideration will have to be made on the tender of Graham and Clunie for $4,674.40, forwarded with your memorandum of the 20th ultimo.

As you are aware, the work involved on this project consists entirely of alterations to an existing building, in accordance with the suggestions and requests of the Indian Affairs Branch. The cost of the work required to remodel this building for use as a school was estimated at $2,500.00 by the Indian Agent, but you will note from my memorandum of January 22nd that our architects pointed out that it would not be possible to accurately estimate the cost of this work.

With regard to the tender submitted, while no officer of this Service has inspected the present building, it is considered that an expenditure of the $4,674.40 would not be in proportion to the value or purpose of the building. Under the circumstances, it is suggested that advice be obtained from the Indian Affairs Branch whether they desire such an expenditure in order to obtain the school as planned. Would you kindly advise in this connection.

Re: Ahtahkakoops Indian Day School, Saskatchewan.

With reference to the above, I am forwarding herewith a copy of a memorandum from our Chief Engineer. The facts leading up to this point are as follows:-

When plans and specifications were ready, five firms were asked to tender. Only one of these, however, submitted a tender, namely Graham and Clunie, the amount of their tender being $4,674.40.

You will remember that the Indian Agent estimated that the remodelling of this building would cost $2,500. Our engineers, in considering what would probably have to be done, did not consider that the work could be carried out at less than $3,000. As this tender is considerably above that figure, our engineers are of the opinion that the amount is not in proportion to the value or purpose of the building.

I should be glad to have your comments before any steps are taken to accept or reject the tender received.

Re: Ahtahkakoops Indian Day School

I am in receipt of your memorandum of the 6th instant in connection with the above and notice that the only tender you received was for the amount of $4,874.40.

As you state in the third paragrayh of your memorandum the Indian Agent estimated the cost of remodelling this building at $2,500.00. He visited the Department last week and at that time I advised him that the quotation we had received was considerably higher. The Indian Agent, Mr. Davis, when in Ottawa stated definitely that he could remodel the building in a proper manner for the amount of his estimate; namely, $2,500.00 provided a carpenter-foreman was engaged. Indians would be employed. I recommend that you allow Indian Agent Davis to proceed with the construction of this building on the understanding that the cost must not exceed $2,500.00. In this event you should advise him whom he should employ as carpenter-foreman.

Re: Ahtahkakoops Indian Day School.

With reference to your memorandum of the 24th instant in which you advise that your Indian Agent, Mr. Davis, has stated that he could remodel the building in a proper manner for the amount of his estimate, namely $2,500, provided a Carpenter Foreman was engaged, I may say that this Branch is quite willing that Mr. Davis should proceed with the construction of the building. It should be pointed out, however, that when tenders were invited for the remodelling of this school certain specifications and plans were submitted and also that our Engineers' estimate of $3,000 was based on these specifications.

I should be glad if you would advise if the construction proposed by Mr. Davis will be in accordance with these specifications or if some other scheme of remodelling is proposed.

Memorandum:

DIRECTOR

Surveys & Engineering Branch

Re: Ahtahkakoops Indian Day School

I am in receipt of your memorandum of October 28 regarding the above school.

As I advised you in my memorandum of October 26 the Indian Agent visited the Department during the latter part of October and at that time he stated that he could remodel the building in a satisfactory manner for the amount of his original estimate; namely, $2,500.00. He intimated to us that he would follow in a general way the specifications and plans that had been prepared but he might find it necessary to make two or three minor changes. Mr. Davis' address is Leask, Sask.

Memorandum:

Dr. McGill

Re: Day School Ahtahkakoops Indian Reserve, Saskatchewan.

I have your memorandum of the 3rd instant, advising that Agent Davis will carry out the remodelling of the above school in a satisfactory manner, for the amount of his original estimate, namely $2500.00, and that in general, specifications and plans prepared by this Branch would be followed. I understand from the telephone conversation with Mr. Phelan, that it will be quite satisfactory to your Branch to have the accounts rendered to our office for approval, when they come in. This will obviate the necessity of having the money re-transferred.

As regards a Carpenter Foreman for Mr. Davis, this will advise you that Mr. Rod Grant of 119 Fourteenth Street West, Prince Albert, may be employed in this capacity.

EX'D.

Dear Sir:

Following your recent visit to my office I discussed with the Surveys & Engineering Branch the possibility of having you supervise the remodelling of the Ahtahkakoops Indian Day School. I understood you to say that you considered that you could remodel this building according to the plans prepared by the Surveys & Engineering Branch but that you considered some minor changes would be necessary in order to keep the total expenditure within the amount provided in the current year's appropriation; namely, $2,500.00.

I have received the approval of the Surveys & Engineering Branch for you to proceed with this work. Mr. Rod Grant, 119 Fourteenth Street West, Prince Albert, should be employed as carpenter foreman. When you were in my office I further understood that you considered that you could engage Indians to assist Mr. Grant.

Immediate arrangements may, therefore, be made to remodel the Ahtahkakoops School and any further correspondence with reference to the matter may be directed to Mr. J.M. Wardle, Director, Surveys & Engineering Branch, Department of Mines & Resources, Ottawa.

I enclose the plan which was originally forwarded to you in my letter of Januray 29 and you commented on this plan in your letter of February 18.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Dear Sir:

On December 14th we received an advance cheque No. B 49309 for the amount of $650.00 to cover the cost of labour on the remodelling of the Ahtahkakoops Indian Day School under authority No. 107-3-5. I now find that this amount will not be sufficient to pay for all the labour; I will need another $200.00 for this purpose. If you will forward an accountable cheque for this amount we will submit a credit voucher to cover the full amount of $850.00.

The total expenditures to date, including the $200.00 asked for, is about $2100.00. The work is all completed on the inside and it will be a while before I will be able to have the outside work done, until the weather moderates.

This school and residence is one of the finest now in the Province and I think that Dr. Robertson will agree with me when he sees it.

Memorandum:

Mr. Wardle.

Re - Indian Day School,
Ahtahkakoops Reserve, Sask.

With reference to the above work, which is being carried out by the Indian Agent, R.S. Davis, Esq., it is noted from the copy of Mr. Davis' letter of January 13th last, forwarded with your memorandum of January 21st last, that the total expenditure to January 13th was about $2,100.00, and that all interior work has been completed, and further, that the outside work would not be carried out until the weather moderated.

I may say that various accounts amounting to $1,202.06 have been received in this office chargeable to Vote 76-64, and an advance of $200.00 has been made to meet labour costs. In addition to the above an advance of $650.00 was made by the Indian Affairs Branch (vide your memorandum of January 4th last). This would make the total expenditure to date, about $2,052.06. As the Indian Agent has been authorized to spend $2,500.00 on this work, and, as he has received all instructions from the Indian Affairs Branch, it would be appreciated if the Indian Affairs Branch would advise Mr. Davis that the accounts for all expenditures incurred, or expected to be incurred before March 31st, must be submitted as soon as possible, in order that payment may be made with funds available under the 1938-39 Estimates.

It is also felt that Mr. Davis should be advised that no expenditures are to be incurred on this work after March 31st unless the Indian Affairs Branch authorize such expenditures under their 1939 - 40 estimates.

With regard to the advances for labour, I may say that paylists accounting for the funds advanced have not been received in this office to date. Paylists duly receipted, should be forwarded by March 31st, in order that these accounts may be closed. Any balance remaining on hand should be deposited to the credit of the Receiver General and duplicate copies of the deposit slip forwarded with the balance sheets.

I would be pleased to be advised by the Indian Affairs Branch as soon as possible as to whether any further accounts in connection with this work, will be forwarded for payment this fiscal year.

Respectfully submitted,

With reference to the above, I am forwarding a copy of a memorandum from the Chief Engineer. You will note that the expenditure to date is approximately $2,050.00. As you know your agent Mr. Davis was authorized to spend $2,500.00 on this work. He should, therefore, be advised at once to submit the balance of his accounts in order that they may be paid before the 31st March. Accounts of course should include pay-lists.

It would be appreciated if your Branch would get in touch with Mr. Davis at once and advise him to submit his accounts with the least possible delay.

Dear Sir:

Re: Your letter of Sept. 11th, file 107-2-5.

I am instructing the Teachers of the Indian Day Schools of this Agency to only serve a light light lunch to the pupils at mid-day instead of a hot meal as we have been doing in the past. Knowing conditions as I do on Indian Reserves, I feel that the children should have a good meal at noon as many of these children have to come four and five miles to attend school, in very cold weather. In many cases they are not any too well clothed and a good meal would certainly be appreciated by them, and would also be a wonderful help towards improving the health of these growing children.

I notice your remarks about increasing our relief allowance. I am proud of the fact that the Indians of this Agency have never been on relief, except the old people who receive rations under their treaty agreement. In most cases the most useless Indians have the most children and therefore, while the children are not actually undernorished they are not any too well fed. This condition exists, not only in this Agency, but in any Agency in western Canada. In my opinion it would not be a good policy to put these useless Indians on relief. However, if you wish to take this action I will make an application for some supplies for these families.

Yours truly,

R. S. Davis, Indian Agent.

The attached requisition has been received in connection with the Ahtahkakoops Indian Day School. When forwarding requisitions of this nature requiring considerable expenditure it is the usual practice for the Agent to write a special letter stating if he considers the supplies should be allowed and also giving an estimate of their cost. I am, therefore, returning the requisition for this purpose.

With reference to your letter file 107-2-5, dated the 3rd instant regarding attached requisition for Ahtahakoops Indian Day School.

This school was visited recently. The suite occupied by the teacher, Mr. Ross, is very badly in need of re-decoration. Local labour can be hired for papering rooms and cleaning which it is estimated will cost $15.00 and material approximately $20.00.

The balance of the materials requested are necessary for manual training and re-decoration of school room.

I consider the expenditure should be allowed.

Ottawa,
September 8, 1944.

Mr. E.S. Jones, Indian Agent, Leask, Sask.

I have for acknowledgment your letter of the 2nd instant, in which you submit an itemized list of the amounts necessary to provide noonday lunches at eight Indian day schools in your agency.

In this connection it is my understanding that vitamin biscuits have already been sent forward to these schools. You will be interested to learn that this year the Department purchased 25 tons of specially prepared vitamin biscuits at a cost of 22¢ per pound. These biscuits were manufactured, purchased by this Branch and distributed on the understanding that the vitamin content was such that the consumption of a biscuit or so per day was sufficient to provide the average pupil with the vitamins necessary for his growth and development, with perhaps the single exception of Vitamin D which is, as you know, secured from cod liver oil or substitutes of cod liver oil. In view of this fact is it necessary to provide elaborate noonday lunches at these schools? I have in mind at the moment not only the cost but the amount of time required in the preparation and serving of the meal and in washing up, with due regard for sanitation etc. I remember a few years ago when we decided to serve noonday lunches in the drought-stricken areas of Manitoba the time consumed in the preparation and serving of the lunches was such that the public school inspectors recommended their discontinuance. This letter is not written by way of criticism and is written by a man wholly unfamiliar with conditions on your reserves. I just want to be sure that our schools are

recognized not as restaurants but as educational institutions and to point out that the time during which the average Indian pupil attends school is decidedly limited. It is not my intention, however, to reduce, this year, the amounts you are requesting. I am asking, however, that you discuss this matter very fully with your teachers and perhaps with your medical health officers and with them work out a programme based on the nutritional and educational needs of the children in attendance at these schools.

In reply to your letter 107-2-5 of Sept. 8th/44, regarding supplies for noonday lunches at eight Indian Day Schools in this agency.

I have gone into this matter with eight day school Teachers and Dr. J.M.Morrow, Medical Superintendent of Prince Albert, seven of the teachers and Dr.Morrow maintain that the extra nourishment supplied for the noonday meal is necessary for the health of the pupils.

Therefore if the Department approves of this espenditure, I would appreciate authority to make the purchases requested in my previous letter.

Ottawa, June 5, 1945.

Mr. E. S. Jones, Indian Agent, Leask, Sask.

I attach requisition received from the teacher of the Ahtahkakoops Indian Day School.

Evidently the teacher is of the opinion that considerable work is required to repair both the school and the teacher's living quarters. It is not usual to place such a request on a Requisition for School Material form. Please let me have a report regarding the work that you consider is necessary and you should estimate the cost of material and labour. If the material will cost over $50.00, it will be necessary for you to supply detailed information so that the order may be placed through our Purchasing Branch.

Re Board Fence.

Dear Sirs,

The board fence requisitioned for is much needed for the following reasons.

As can be seen from the diagram on the reverse side of this page we have no private yard for our children to play in. We have two children aged three and four.

The fence that is around the school now will not keep the children in and as there is thick bush on three sides of the school we are constantly worried for fear the children may get lost. The fact that the living quarters are on the second floor makes the watching of the children that much harder.

The proximity of the lake (50 yds) is also much cause for worry on our part.

Hoping this requisition will receive a favourable reply, I remain,

Yours truly
Mrs. S. W. Hancock.

P.S. The fence around the School Grounds was recommended by Mr. Ostrander Inspector of Indian Agencies Regina, Sask.

Ottawa, 6th September, 1945.

Mr. J. Bryce, Acting Indian Agent, Leask, Sask.

With reference to your letter of the 30th ultimo, the following amounts are authorized for the purchase of mid-day meal supplies for the academic year, 1945-46:

Sturgeon Lake School		50.00 -
Mistawasis	"	60.00 -
Ahtahakoops	"	60.00 -
Montreal Lake	"	90.00 -
Big River R.C.	"	70.00 -
Big River C.E.	"	50.00 -
Little Red River	"	50.00 -
Chitek Lake	"	50.00 -

The above amounts are the same as were allowed last year and should be sufficient. In view of the payment of family allowances, it is expected that the Indian children will receive better food and certainly each individual should have more food for their mid-day meal. In addition we are supplying the special biscuit. With these thoughts in mind, the Department sees no reason for increasing the amount that we allow.

Dear Sirs,

I have recently sent in a requisition for school material that is urgently needed. Unless this is received very soon I will be unable to carry on my work in a satisfactory matter. For example I have on hand eleven pencils.

I have also sent in two requisitions during the past year. The first one on April 1 for school material of which I received about one quarter and the second in June for material to repair the living quarters and School I have received none of the latter.

Some of the materials asked for in the April 1 requisition are urgently needed such as soap, towels text books, etc. In fact I have not asked for anything that is not needed badly.

Hoping you will be able to supply some of these materials soon, I remain,

Yours truly
Mr. L. W. Manabek.

Ottawa, 26th January, 1946.

Mr. J. Bryce, Acting Indian Agent, Leask, Sask.

I have a letter from the teacher of the Ahtahkakoops School with reference to certain supplies that he states have not been received. We are checking these items at the Stationery Office and we will try to fill his request as far as possible. Many articles are still in short supply and that accounts for the delay in forwarding them. I have no doubt that the teacher only requested what is needed but under present conditions we cannot always secure the items.

On reviewing our file, I note that in writing to you on September 25th I advised you the Purchasing Branch would secure the materials required in re-decorating the school and residence. Due to an oversight the requisition was not forwarded to the Purchasing Branch. I enclose the requisition which you forwarded with your letter of September 18th and authority is granted for local purchase of the materials required. You may have the work done whenever you consider it timely. Possibly you can arrange to have it done during the Easter Holidays.

Philip Phelan,
Chief, Training Division.

Dear Sir:

Subject: B22 Cheque No. 033495,
26/7/47 - $2.14.
File - 1/12/1

Your letter of September 12 dealing with the above has been received.

In checking into the matter we find that invoice CS-62 has already been paid by Mr. S. W. Hancock of Mont Nebo, Sask. Mr. Hancock sent us a money order for $2.14 under date of May 29 last in payment of the goods on this order.

Having regard to the above, the cheque for $2.14 you sent us is being returned to you herewith. Apparently the remittance for $2.14 should be forwarded to Mr. Hancock so that he will be re-imbursedfor the amount paid to us.

While on the subject of accounts, the Department of Public Printing and Stationery account with us is past due in part. Could you arrange to send us a cheque on account?

Yours very truly,

MOYER SCHOOL SUPPLIES LIMITED

Ottawa, September 22nd, 1947.

Mr. E.S. Jones, Indian Agent,
Leask, Saskatchewan.

On May 25th, 1947, you submitted voucher 680 in favour of Meyer School Supplies, Limited amounting to $2.14 covering the cost of examination tests for pupils at the Ahtahkakoops School.

We forwarded a cheque to the Company; I enclose copy of their reply. As stated in the Company's letter, the cheque which we sent them has been returned and deposited here. Evidently the money is due Mr. Hancock and the voucher should be issued in his favour.

Enclosed herewith please find our Voucher No. II99, in favour of Lanselot Ahenakew, Mont Nebo, Sask being for payment of repairs to Steps leading into class room and Porchways at the Sandy Lake Indian Day School.

I am advised by the teacher that this work had been approved by our Branch and that Mr. E. S. Jones, Superintendent, Prince Albert, Sask had given authority to have the work done. We do not appear to have authorities shown on the files received from the Carlton Indian Agency, although it is noted that Carlton Indian Agency I948-49 Estimates included an amount to cover this necessary repair work.

I recommend that the account be paid.

Re: Mistawasis Indian Day School
Sandy Lake Indian Day School

You will recall our discussion concerning your proposal that the Mistawasis classroom be moved to Sandy Lake, and that a new teacherage be erected there. Your proposal was that the present agency residence be used as a new teacherage at Mistawasis, and the agency building as a classroom.

Please find attached Plan 888 which might assist you in designing alterations to the agency building for use as a classroom. Correct lighting is most essential and the placing of the windows in Plan 888 should assist you in changing over the agency building.

I understand that this change is a matter for further deliberation on your part, but I felt the attached plan would be of assistance.

Mistawasis Indian Day School

Sandy Lake Indian Day School

Mr. McLeod has suggested that the Mistawasis classroom be moved to Sandy Lake and that a new teacherage be erected there. The present agency residence can be used as a new teacherage at Mistawasis and the agency building as a classroom. If a new teacher is appointed at Mistawasis, it may be necessary to have an educational survey to decide on the second classroom.

Dear Sir,

In accordance with your instructions I am enclosing the bill for the materials used in the wiring of the Ahtahkakoop School building.

The Sports Club has purchased a projector and we have weekly shows in the Community Hall. These are both educational and entertaining. I am making arrangements to obtain Educational Films from the Dept of Education in Regina, to be shown in the school.

I am sure this will be a wise investment and the returns in education both for adults and children will ofer outweigh the cost in dollars.

Yours truly

Re: Sandy Lake Indian Day School #600

Enclosed herewith please find our Voucher No. 1430 in the amount of $49.40 in favour of S. W. Hancock, Esq., Teacher, Sandy Lake Indian Day School, Mont Nebo, Sask.

Mr. Hancock has purchased on his own authority the items listed on the enclosed account, being materials required to wire Sandy Lake class room in order to have facilities of a motion picture projector available for class room use. I might also add that he has also purchased and paid for the necessary motor driven electric power unit.

I, therefore recommend that the amount of the enclosed voucher be paid to Mr. Hancock covering his out of pocket expenses for costs of wiring materials now in use at the day school under his charge.

Enclosed letter received at this office from Mr. Hancock is self explanatory. I feel we should support our Sandy Lake Indian Day School Teacher in his efforts to provide modern educational facilities for class room use.

EXD

Right Reverend Sir,

I have the honour to acknowledge the receipt of Your Lordship's letter of the 24th ultimo in reference to Indian school matters in your Diocese.

In connection with the Sturgeon Lake school I beg to say that instructions have been given to have the school-house thoroughly repaired. These repairs call for an expenditure of close to $300.00 and, when completed, it is hoped that the building will be quite comfortable and much improved in appearance. As this expenditure is somewhat higher than was anticipated the matter of enlarging the teacher's residence will have to stand over till next year and in the meantime it is hoped that the present accommodation will suffice.

The contract for the erection of a teacher's residence and pupils' dining room on the John Smith's reserve was let sometime ago and the work is now under way. Any delay that occurred in proceeding with this work was unavoidable. The Department wished to erect a creditable building and had careful plans and specifications prepared. Following this tenders were called for, but all the details were attended to as promptly as was possible and the building should be ready for occupation by the Rev. Mr. McDougall and his family early in the autumn.

Right Rev. J. A. Newnham, D.D.,
Bishop of Saskatchewan,
Prince Albert, Sask.

A change of teacher at the Ahtahkakoop school at an early date is no doubt most desirable, but, as in the case of the Sturgeon Lake school, repairs to the building in order to make it comfortable cannot for an outlay of $232.00 and funds are not available this year for the erection of a teacher's residence, owing to this fact it is deemed advisable to allow Mr. Abemkew to remain in charge for at least another year.

It is noted that Your Lordship has in view a married man to take charge of the Sturgeon Lake school and the Department would like to know whether the present dwelling, which was erected by your Church, will provide temporary accommodation. As Your Lordship has already been advised a salary of $500.00 will be paid a teacher and, if his wife is competent and willing to take up field matron work among the Indians on the reserve, an additional grant will be made for her services. In the absence of fuller information, however, a definite amount cannot at present be decided upon.

In reference to accommodation for teachers on these two reserves I may say that the Superintendent of Indian Education contemplates visiting the Carlton Agency in the near future and while there he will make special inquiry with a view to having the necessary work undertaken early next year.

Mr. Northwick, the Indian Agent, has been written to in regard to Mr. Crane's complaint that he has not been furnished with necessary supplies during the last year and it is hoped that there will be no further difficulty in this respect.

In conclusion I beg to assure Your Lordship that the improvement of day school conditions in your diocese is

earnestly desired, but as it is quite a large undertaking and as similar improvements in many other districts have at the meeting to be considered progress must necessarily be comparatively slow. However, it is thought that a decided advance has been made during the past year and it is hoped that results next year will be even more satisfactory. In the meantime a communication from Your Worship in reference to the qualifications of the teacher and his wife referred to above will be awaited.

Re, 117332/5 & 3rd Nov 8585 28. 11. 10

SYNOD OFFICE,
PRINCE ALBERT, SASK.,

Dear Sir,

I note with pleasure your desire to provide suitable accommodation for a married teacher on Ahtahkakoop's Reserve. I have long desired & asked for some sort of accommodation for lodging pupils when parents are away. In answer to your questions I would say.

1. A building on the plan of the Jno. Smith's new School Residence, with a small dormitory over the Dining room might serve well for Ahtahkakoop's-

2. I am inclined to advise an outside staircase only but for the pupils, a central aisle from this, separating the 2 dormitories; & another door opening into this passage from a room in the house, which room might be occupied by the matron or Nurse. That would still leave 3 bed-rooms for the Teacher & family-

3: The dormitories should be well ventilated, almost open at each end

4. As you ask me, I would say that Ahtahkakoop's School accommodation requires almost (or quite) everything. I mean for the class rooms, besides the building of teacher's house, pupils dining-room, &c. If this new scheme is successful there should be at least twice as many pupils as the present room will hold. It may be found necessary also to fetch the furthest pupils. There should be a married teacher-wife, & also an Assᵗ teacher for so many children - Louis Ahenakew would do well for the assistant i.e. for the little ones

Yrs faithfully J. A. Saskatchewan.

Ottawa, December 29, 1910.

Sir,

In reply to your letter of the 3rd instant in reference to the erection of a teacher's residence on the Ahtahkakoops Indian Reserve. I beg to say that the Department desires to place the building on Government owned property if at all feasible. I have to ask you, therefore, to be good enough to state how far the second choice of location made by you, which is near the south west corner of the Church property, is from the Mission buildings and the present school-house.

The Church authorities have intimated that it will be necessary to provide a new building for class room purposes as the present one is too small. If a new building is put up the Department would then locate it beside the teacher's residence. The dimensions of the present school-room are given as 20' by 30' on the last teacher's annual report and this would provide floor space for some 38 pupils, but, as the ceiling is low, the air space is not sufficient for more than 30 pupils; however, it is thought that this is all that would be likely to attend for sometime. The question then arises whether if the residence with the dining-room attached be erected on the reserve it will be too far from the present school building to have the mid-day meal served with convenience. Be good enough to let the Department have your views in this matter.

Your obedient servant,

Asst. Deputy and Secretary.

Sir,

The Department contemplates the erection during the coming summer of a teacher's residence with dining-room and dormitories attached on the Ahtahkakoops and Sturgeon Lake Reserves. Mr. Borthwick has suggested that this work be done by day labour and the Department is disposed to carry out this suggestion. He has also prepared a sketch of a building that he thinks suitable modelled on the plan for the doctor's residence erected this summer at Mistawasis. I would ask you to submit this sketch to Mr. Knox and have him prepare working drawings and specifications such as he thinks necessary for the guidance of the foreman who will be in charge of this work. Any improvements that Mr. Knox may be able to suggest in the sketch as prepared by Mr. Borthwick will be gladly received and they should be embodied in his plan. You will be kind enough to give Mr. Knox any assistance in your power and the Department wishes to have these plans as soon as possible in order that the work may be undertaken as soon as conditions will permit in the spring.

Sir,

In further reference to your letter of December 3rd, last, in regard to the erection of a teacher's residence on the Ahtahkakoops and Sturgeon Lakes reserves I beg to say that the Department has submitted your sketch to Mr. Knox, Prince Albert, and asked him to prepare working drawings and specifications.

The Department is prepared to carry out your suggestion that the work be done by day labour, provided you are quite satisfied that the necessary workmen and a competent working foreman will be available.

Plans will be ready to commence operations early in the spring. The Department will await a further communication from you as to the site and if you have any further immediate suggestions to offer in regard to the building you might communicate with Mr. Chisholm in whose hands the matter of having plans prepared has been placed.

DEPARTMENT OF INDIAN AFFAIRS

Ottawa, February 1, 1911.

MEMORANDUM:-

Mr. Oliver.

The Department has in view the erection during the coming summer of residences for the teachers with dining-rooms and small dormitories attached on the Ahtahkakoops and Sturgeon Lake reserves, Carlton Agency. It is proposed to combine the best features of the plans followed last year in the residences erected on the John Smith's and Mistawasis reserves.

In view of the remoteness of these locations and the difficulty of getting tenders from contractors who reside in Prince Albert and the other towns at long distances from the reserves I am of opinion that it would be preferable to employ day labour in this work. Mr. Borthwick quotes an approximate price for the buildings, if erected by day labour, which is reasonable. Both the Indian Agent and the Architect who prepare the working plans will

will be held responsible for the character of the work. I would, therefore, recommend that advantage be taken of Clause C, Section 36, Chapter 39 of the Act respecting the Public Works of Canada (R.S.'06), which provides that where the estimated cost of work is less than $5000.00 and it appears to the Minister that, in view of the nature of the work, it is not advisable to invite tenders, public tenders need not be called for.

The estimated cost of these buildings is $3,500.00 each.

Sir,

Referring to official letter of the 2nd instant in which instructions were given you respecting the completion of plans for the proposed teacher's residences on the Ahtahkakoops and Sturgeon Lake reserves I beg to say that, upon further consideration, the Department has decided to have this work done by contract. It will, therefore, be necessary for Mr. Knox to make his drawings and specifications in detail so that tenders may be called for. As the advertising for these tenders will take considerable time the matter is now urgent.

Referring to your letter quoted above and to previous correspondence regarding the preparation of plans and specifications for teachers' dwellings which it is proposed to erect on the Sandy Lake and Sturgeon Lake reserves, I have the honour to report that these have been completed by Mr. Knox in accordance with your instructions, and I now transmit them for the consideration of the Department. Such was the pressure of work on Mr. Knox's hands when I first placed this work with him that he was unable to undertake it at once, and he had made but little progress with the plans when I arrived here on the 2nd ultimo; but since that date he has done the best possible in view of numerous interruptions.

Mr. Knox will be prepared to act as inspector of the work on these buildings during the course of their erection if required to do so; and it is safe to say that there is no more reliable man available to whom this important duty could be entrusted.

Referring to your letter quoted above, directing that I obtain an estimate from Mr. Knox as to the cost of the teachers' dwellings on the Sturgeon Lake and Sandy Lake reserves, I have the honour to enclose a letter from Mr. Knox in which he states what he figured to be the cost of these buildings according to the plans and specifications which he prepared, making allowance as accurately as possible for the local conditions, which do not differ appreciably in the two instances. The site selected for the Sturgeon Lake building is about 18 miles from Shellbrook village, where there are supplies of lumber, hardware, etc. The building at Sandy Lake will be about 12 miles from a siding on the Big River extension of the C.N.R., but it will be 30 miles from Shellbrook, the nearest source of supplies.

MEMORANDUM:- Mr. Oliver.

I beg to recommend that the residences for the school teachers on the Ahtahkakoops and Sturgeon Lake Reserves be erected by day labour under the superintendence of Mr. Knox of Prince Albert.

We called for tenders by public advertisement and received only one for the buildings in this district which consisted of the two above-mentioned residences; a farmer's dwelling and bull stable at Mistawasis Reserve; a farmer's dwelling on James Smith's Reserve; a farmer's dwelling at Mut Lake Reserve and a farmer's dwelling at Ahathakakoops Reserve. The tender for these buildings was $31,334.00 made by Goodfellow and Grant of Prince Albert. This amount was far in excess of the estimated cost of the buildings, which was in the vicinity of $20,000.00.

We can postpone erecting the other buildings, but the two teacher's residences should be built this year, as we have made arrangements with the Church of England to send married teachers to these reserves in pursuance of our day school

school policy; in fact Mr. Hutchinson and his wife are already at work on the Sturgeon Lake Reserve pending the erection of the building at Ahtahkakoops, when they will be transferred.

Mr. Knox states that he is of opinion that the buildings can be erected by day labour for $5500.00 each, the estimated cost, and Mr. Inspector Chisholm is of opinion that an equally good job would be secured if the work was done under the supervision of Mr. Knox. Competent foremen for the work are said to be available.

I would ask for authority under Section 36 of the Public Works Act to erect these buildings as above suggested.

I would add that on February 1st, last, you were asked to sanction a similar course, but stated in reply that you thought the work should be done by contract after due advertising and, of course, if the results of the advertising had been satisfactory, it would not now be necessary for me to suggest having the work done by day labour.

Sir,-

Referring to your telegram of the 19th and to my reply of to-day, regarding the tender of Contractor Goodfellowfor the construction of the proposed buildings in the Carlton Agency,I have the honour to state that Mr Goodfellow and his partner,in view of the fact that there is no scarcity of work within the city and only a limited number of contreators and workmen available,have evidently calculated from the first that they will not incur the risks and inconvenience attending work in the country except at a very safe figure. They consequently decline to further alter or modify their tender in any particular.

I went into the matter carefully with Mr Knox,who is of opinion that while building operations are somewhat more expensive this year than last yet the difference in the actual cost of material and labour is not greater than 10 to 15 per cent. There is no doubt,however, that over and above this actual increase in cost contractors are generally figuring on larger profits to themselves.

Mr Knox estimated when he prepared the plans for the teachers dwellings that they could be built for $5500. each,and he is of this opinion still. He believes that it might be possible to secure competent foremen,one for each building,at about $5 per day. There are around Shellbrook and Marcelin a few skilled workmen,carpenters and plasterers,who are unable to tender on these buildings but who would take employment under a foreman on such work. Mr Borthwick

has mentioned some such men who are available and who, he thought, would be competent to act as foremen themselves. One whom he mentioned lives at Shellbrook and one at Marcelin, but I do not know them myself and cannot just now say anything further as to their qualifications.

I have also approached Mr Knox as to whether, in case it is decided by the Department to have the buildings constructed by day labour, he would undertake to superintend the work on any or all of them. Although already engaged for a considerable amount of work in the city yet he would undertake this work. He would prepare lists of material, shewing the quantities and description of the same, for the guidance of the Agent in the ordering; or he would order the material himself if required to do so, and from such dealers as might be designated. I might say here that Mr Knox could be trusted to see that the Department got good value for all sums expended in this way.

Mr Knox has telephoned me to the effect that he thinks he will be able to suggest the names of some competent men to be employed as foreman, as he has had in his employ at one time or another many of the best workmen in this place. These men will not be getting more than $4.50 or at most $5 per day at present; but to leave their present employment and take work in the country, I am convinced from enquiries I have made that good men will require not less than $5 per day, and possibly as high as $6. Men living at Shellbrook or Marcelin could be had for lower pay.

For his work, as above stated and including the general direction and inspection of the work, Mr Knox would ask 5 per cent of the cost of the buildings, this covering also the preparation of the plans. He would also

expect actual travelling and incidental expenses.

By the method here outlined the buildings could probably be built at a considerably lower cost than on the tender already submitted; and under Mr Knox s direction an equally good job would be secured. By entrusting him also with the purchasing of material,arranging for the transportation of material,and engaging of workmen,he would have full responsibility for the completeness of the work,and the agent would be freed from the burden of these duties,which would be the heavier because of his want of intimate acquaintance with building operations.

Ottawa, July 20, 1911.

MEMORANDUM:- Mr. Oliver.

I beg to recommend that the residences for the school teachers on the Ahtahkakoops and Sturgeon Lake Reserves be erected by day labour under the superintendence of Mr. Knox of Prince Albert.

We called for tenders by public advertisement and received only one for the buildings in this district which consisted of the two above-mentioned residences; a farmer's dwelling and bull stable at Mistawasis Reserve; a farmer's dwelling on James Smith's Reserve; a farmer's dwelling at Nut Lake Reserve and a farmer's dwelling at Ahathakakoops Reserve. The tender for these buildings was $31,334.00 made by Goodfellow and Grant of Prince Albert. This amount was far in excess of the estimated cost of the buildings, which was in the vicinity of $20,000.00.

We can postpone erecting the other buildings, but the two teacher's residences should be built this year, as we have made arrangements with the Church of England to send married teachers to these reserves in pursuance of our day school

school policy; in fact Mr. Hutchinson and his wife are already at work on the Sturgeon Lake Reserve pending the erection of the building at Ahtahkakoops, when they will be transferred.

Mr. Knox states that he is of opinion that the buildings can be erected by day labour for $5500.00 each, the estimated cost, and Mr. Inspector Chisholm is of opinion that an equally good job would be secured if the work was done under the supervision of Mr. Knox. Competent foremen for the work are said to be available.

I would ask for authority under Section 36 of the Public Works Act to erect these buildings as above suggested.

I would add that on February 1st, last, you were asked to sanction a similar course, but stated in reply that you thought the work should be done by contract after due advertising and, of course, if the results of the advertising had been satisfactory, it would not now be necessary for me to suggest having the work done by day labour.

Re the new dwelling-house required for the new teacher of the Sandy Lake School, I have the honor to urge that immediate steps be taken for the construction of the same, and an Accountable Cheque be sent me with which to commence the necessary operations.

In the meantime, I would suggest the advisability of renting the house of Paykeekoot, on of the Sandy Lake Indians, whitewashing and cleaning it up for the use of thetteacher until the new house can be completed.

The promptest measures will be necessary in order to secure the erection of the building before the frost.

Sir,

I have to acknowledge the receipt of your letter of the 10th instant, and in reply I beg to say that a cheque for $1000.00 was sent you on the date on which your letter was written and on the 15th instant fuller instructions were given you.

With regard to your suggestion that a house should be rented from an Indian for Mr. Hutchinson until such time as the new residence is completed if it is considered advisable that he should move now from Sturgeon Lake this suggestion may be carried out. The Department desires to send Mr. and Mrs. Godfrey to Sturgeon Lake as soon as the residence is finished and in that event there would be no teacher there from the time Mr. Hutchinson left till their arrival. The matter will, however, be left to for mutual arrangement between yourself and Mr. Hutchinson, should he desire to leave Sturgeon Lake now.

Sir,—

Regarding the building operations on this Agency,-I have the honor to report that upon consulting with Mr. Knox, Superintendent, it was de-cided that in view of the distance between the Sturgeon Lake and Sandy Lake Reserves, it was nec-essary to have a separate foreman for each Teacher's dwelling. If only one foreman were employed for all the jobs he would be on the road too much of the time and loss would be sustained through his absence from either work when particularly required.

I have therefore retained Arthur Manning for the Sandy Lake Teacher's dwelling, and have em-ployed J.P.Scott for the Sturgeon Lake Teacher's dwelling, and Joseph Hurd for the Farmer's dwelling at the Mistawasis Reserve, and request the Department's approval of the same.

At Sandy Lake and Sturgeon Lake the excavation is finished and the Cement work well under way. At Mistawasis the excavation is completed, and the material for the Cement work is arriving for commencement on the 11th.

Sir,

I have the honor to confirm the following telegram forwarded to-day,-

"Labor performed on Teacher's dwellings twenty--four hundred dollars,($2400.00). Good progress. Second cheques requested 27th ult.not received. Send third cheque one thousand immediately, splendid weather,work must not be,delayed".

The wages paid have been higher than formerly,the labor union of Prince Albert having fixed the minum rate for carpenters @ 45¢ per hour. The Indians employed to freight have also insisted on higher rates,which have had to be paid as no outsiders would work for less. A mistake was made in not sending for a second issue of Accountable Cheques as soon as the first were received. As those employed require the prompt payment of their wages to enable them to pay for their board or to support their families,and as my Indian Trust Account showed a credit balance at the end of September of $1924.26,I have met the emergency by issueing some cheques in advance of the receipt of the Second cheque asked for, and under the special circum--stances of the case,request the Department's approval of my action.

IN YOUR REPLY REFER TO

AND
TO DATE OF THIS LETTER.

Sir,—

Regarding the Labor Returns, frequent delay occurs in obtaining the signatures acknowledging the receipt of the payments. For instance- H.Eldridge a carpenter employed on the Candy Lake Teacher's dwelling left the job and went to his homestead near Shellbrook. The labor returns for Sept.30th hadto be sent there for his receipt, and over a week's delay entailed. The returns for Oct.7th have also to be sent there for his one receipt. There are cases also at Sturgeon Lake where the returns will have to follow the men.

Would it not be permissible in such cases to allow an ordinary receipt to be procured to be attached to the return or forwarded afterwards to the Department.

I have the honor to remain,
Sir,

Sir

The Indians of this reserve have unanimously requested me to ask the Indian Department for a day school. I sent the petition to Commissioner, but he answered that there was in Regina Industrial School for all pupils of school age. The fact is the Indians for various causes are unwilling to send children away from home until they are 10 or 12 years of age, and even then they want a promise. The R. Catholic Church competes with the Methodist Church, and creates a disagreeable situation. I am just now to ask you to consider this, and to give us relief in the shape of a day or otherwise.

I am, Sir,

Yours respectfully

Sir,-

Mr. Inspector Graham in his report on the Assiniboine Agency draws the attention of the Department to the number of children of school age on the reserve who are not attending any school.

Upon referring to the statistics of this agency it is noted that the majority of the Indians are Presbyterians and some Roman Catholics. As there are industrial schools conducted under the auspices of these religious bodies at no great distance from the reserve, the Department would like you to use your influence with the Indians with a view to persuading them to send their children to these schools, in order that they may get the benefit of the advantages afforded by a training in such institutions.

Sir.-

I have the honour to state that the Indians have been making requests for a small day or boarding school here.The following reasons are cited:

(I).Very young children should not be allowed to go to very large schools at some distance off and leave their family conne ections.

(2).Delicate children should remain at home until they are physically able to go.

(3).Some are exceedingly shy and will not let any person know their troubles except their parents and thereby handicapped.

(4).Some of the Indians claim they do not receive sufficient and timely notice of children taken ill in the larger schools.A case in point James Medicine Rope.

Children from the age of six to ten or twelve could attend the school on the Reserve and then be transferred to an Industrial School.I think this system could be very well tried here.

There is a building near the Presbyterian Missio that has been used more or less as a private school and could be used as a day school.

Rev. Sir,-

The Department contemplates the establishment of a Day School on the Assiniboine Reserve, as the Indians are anxious to have one, and there are enough young children whose parents object to their being sent to boarding or industrial schools to justify the experiment.

An application has been received from Miss Anna A. Hawley, who is a qualified teacher and a trained nurse, and is now engaged at the Galt Hospital, Lethbridge, Alta. She has intimated her desire to engage in Indian work and devote all her energies thereto. It is, as you are aware, a difficult matter to obtain the services of one so well qualified as Miss Hawley, and the Department would like, if you see no objection, to place her in charge of this new school, so that the work may be commenced on a proper basis.

She is an Anglican, but as the Department does not know of a vacancy in one of the Church of England schools, it is thought that her services could be utilized at present on the Assiniboine Reserve. In view of the fact that many of the Indians of this Agency belong to the Presbyterian denomination, the Department would like to know whether you would have any objection to Miss Hawley being placed in charge of the new school.

Be good enough to give this matter your early attention.

Mr. Frank Pedley,

Department of Indian Affairs,

O T T A W A, Ont.

Dear Mr. Pedley:-

Yours of July 21st., No.334701/1 received, regarding the establishment of a Day School on the Assiniboine Reserve. They have been asking a school there for some years, and I suppose should have it. Yet that has been the principal "hunting ground" for the Regina School. I assume the Assiniboine Reserve is what we know as the Hurricane Hills Reserve.

Am I right in also assuming that this, like other Day Schools, would receive the usual Day School Grant, and that the Presbyterian Church would be expected to supplement up to the usual teacher's salary? The School would thus be related to our Mission and missionaries, and I suppose would be, as elsewhere, in a measure subject to suggestion etc by the missionaries. That is where I am a little alarmed. The fact that Miss Hawley is an Anglican should make no difference, and would not, I think, at almost any other point, but Mr. & Mrs. McKenzie, the missionaries at Hurricane Hills, are Highland with all the ardour of the old Covenanters. I would be afraid of complications. This all the more as I understand Mrs. MacKenzie has been expecting that when the Day School came she would be the teacher. In fact she did for a time conduct a Day school in her own house. I do not think she has a teacher's certificate, and whether or not she would satisfy the Department I am not prepared to say. I am writing frankly. I appreciate the proposal but think it due to you to make known my f[illegible].

I shall not send your communication to the Western Committee until I hear from you further. If you still think it well to experiment I shall be glad to co-operate.

May I add that what I said as to Regina I do not regard as a reason why this school should not be opened, but it is another reason why the Pasquah Reserves should be provided for as formerly suggested and Regina School closed.

I am,

RPM/

Yours faithfully,

Rev. Sir,-

In reply to your letter of the 22rd instant with reference to the Day School on the Assiniboine Reserve, I have to say that under the circumstances it would appear inadvisable to engage Miss Hawley in this special work. The Department will endeavor to employ her elsewhere.

In establishing a Day School at this point the Department desires to make an advance on the old fashioned institutions and to engage someone specially qualified to carry on the work. The Department will be prepared to bear the whole of the expense in connection with the School, and it is thought that some person with similar attainments to Miss Hawley, who is both a qualified teacher and a Nurse, should be engaged. The salary paid will be sufficiently liberal to attract a qualified person and the buildings for day school purposes will be gradually added to and improved. On these conditions may I ask whether it would be possible for you to suggest for this position a teacher who could carry out the educational work which it is desired to pursue.

Memorandum:-

The Deputy Supt. General.

I beg to submit the following short report on the matter of establishing a Day School at the Assiniboine Agency.

I was on this reserve early in December last,and went into the mater fully,and both the Agent and myself are of the opinion that a day school would be a success at this point. There are at present about 18 childrenliving within a radius of one and a half miles of where the school buildings should be. The Indians are all anxious to have such a school and every-thing seems favourable.

If the Department decides to act upon my recommendation I would advise that a cottage to accomodate a teacher and a trained nurse be built,and a class room. Both these buildings could be built for $3,000.00. I attach herewith a rough sketch of the residence and school,which I think would be quite suitable.

Ottawa, March 23rd, 1910.

Rev. Sir,

I have to acknowledge the receipt of your letter of the 17th instant addressed to the Superintendent of Indian Education, and in reply to that portion in which you refer to the establishment of a school on the Assiniboine (Hurricane Hills) Reserve I beg to say that the purpose of the Department in suggesting a public or rather a non-denominational school on this reserve was to provide educational facilities for all the children, free from any features, in so far as religious instruction is concerned, which might be open to objection by some of the Indians. This cannot be accomplished on a mixed reserve by the establishment of a school where the dogmas of any religious body are taught.

As you are aware there are a number of Roman Catholic and pagan children on this reserve, many of whom, it is believed, would be sent to a non-denominational school. The Department recognizes that the Presbyterian Church has had a mission on this reserve for years and that the majority of the Indians are members or adherents of that body, but at the same time it desires to do full justice to the minority.

To carry out the project of a non-denominational school there could not, therefore, be any direct relation between the Mission and the school. The aims and objects work.

of the two are to a large extent separate and distinct. It is thought that the duties of the teacher should be confined to secular education during school hours and that any religious instruction desired should be given, as in the public schools of Ontario, after hours. The Presbyterian Church would be allowed the nomination of the teacher.

The Department in making this proposal has in view the best interests of both Protestants and Romans Catholics, as it would not be justified in incurring as large an expenditure to provide facilities for only a portion of the Band, when the minority might call for a school, as they would be privileged to do under the provisions of the Indian Act. It is not the wish of the Department to put any obstacles whatever in the way of the Mission work, but in the interest of all concerned it is felt that a non-denominational school would be of most benefit to the Indians.

Please put on file on return from Education for Assiniboine Agency

Province of Saskatchewan,

Assiniboine Agency,

Sintaluta, March, 31st, 1910.

Frank Pedley, Esq.,

Deputy Supt. General of Indian Affairs,

Ottawa.

Sir,-

I have the honour to submit my report on school matters as requested.

Education.-There is not any school on the Assiniboine reserve. The children of school age are sent to Regina and Qu'Appelle Industrial schools .

These Indians are asking for a small Boarding school to be established on the reserve, as they are against sending their young children to either of these schools. They state that the young children become sick in these large institutions and are not noticed until they are very ill. The children are often to bashful to tell any one they feel sick except their mothers. I know there is some truth in this, as a number of children have died at those schools or are sent home sick. Some have died after they came home, others have recovered.

We have at present about fourteen children who could attend a school on this reserve, but most of them are too young and delicate to insist on sending them to either of those large institutions for the reason I have stated regarding the parents prejudices against the large schools.

They state that if they had a small Boarding school on the reserve they could see their children on Saturday and Sunday and would know if any-thing was wrong with them.

Of the fourteen children on this reserve eleven are supposed to be Presbyterians and three are supposed to be Roman Catholics.

I may say for your information that about fifteen years ago Professor Hart of Winnipeg arrived here to pick out a place to errect a mission for these Indians I assisted him to pick the place.The Mission branch of the Presbyterian church built a stone house.

Rev. E. McKenzie is the present missionary.He is at present teaching a few children.His wife has a sewing class twice a week for the girls,which I think is an excellent thing. They advise them on sanitary subjects and cooking.This couple have no family of their own and are doing all in their power to make these Indians followers of the cross.They also visit the sick,Mrs.McKenzie being a trained nurse.

I have the honour to be,
Sir,
Your obedient servant,

W. L. Grant

Sir,

I beg to submit the following report on the subject of starting a day school on the Assiniboine Agency.

I had a conversation with Mr. Agent Grant on Saturday last and he tells me the Indians are not enthusiastic about a school, but that they are expecting that one will be started in the near future. From the information I gather while on this reserve I have formed the opinion that a school would be a success, and would be well patronized if one were started at this point it would be a success.

[illegible] a school [illegible] will be [illegible] to the [illegible] to accommodate about [illegible] pupils. [illegible] the school [illegible] is [illegible] [illegible] [illegible]

"f the Department do not feel disposed
to go on with the residence for a teacher or th
e'l hospital, the erection of these buildings
could be put off for a time and the teacher
could find a place to board with the far
instructor on the reserve.

y idea is that the school should be build
within 1/2 a mile of the Agency headquarters, whic
as a central point for the Indians.

t it is not necessary to let a contract
a building such as we require, I believe I
could build it very much cheaper to get workmen

Ottawa, April 28, 1910.

Sir,-

I have to acknowledge the receipt of your letter of the 19th inst. in further reference to the erection of a school building on the Assiniboine reserve.

In reply I beg to say that, in view of the interest shown by the parents and the number of children on the reserve who will attend, seventeen in all, the Department has decided to proceed with the erection of a building. The building should be of frame, heated with a furnace and of sufficient size to provide ample accommodation. In your letter you have not mentioned a plan, but it is presumed that you will follow the plan submitted for the school-house it is proposed to erect on the Pile Hills reserve.

The work may be performed by day labour under the direction of a foreman, and the total cost should not exceed the sum mentioned by you, $1600.00.

The site should be carefully selected and should be on Property belonging to the Indians not to the mission.

The erection of a residence for a teacher and a hospital will have to stand over for a time.

Be good enough to report when building operations are commenced.

Rev. Sir,

I beg to advise you that work on the new day school building on the Assiniboine Indian reserve was commenced on the 11th instant and it is hoped to have it ready for occupation at least by the end of July., I have to ask you, therefore, to be good enough to have inquiries made with a view to securing the services of a competent teacher. It is the wish of the Department to obtain one with professional training both as a teacher and nurse, if possible, who will take up field matron work to a certain extent in addition to the regular class-room duties. To such a teacher a liberal salary will be paid.

You will be good enough to report the results of your inquiries to the Department.

Mr. Duncan C. Scott,

Department of Indian Affairs,

Ottawa, Ont.

Dear Mr. Scott:-

Yours of the 17th. inst. received, stating that the Day School on the Assiniboine Reserve has been started and it is hoped that it will be ready for occupation by the end of July.

I am in correspondence with a young lady who is highly commended and who has already been on that reserve and is well known by the missionaries, Mr. and Mrs. MacKenzie,- and who cordially recommend her. She attended the Ewart Training Home here in Toronto and the ladies who were in touch with her cordially recommend her for this position. She is a professional teacher. Whether or not she will accept I am not yet able to answer, but I wrote to her last week even before your letter came to hand.

The question arose whether or not it will be possible for the teacher to do her duties in the classroom and also do the desired amount of nursing. Allow me to suggest Mrs. MacKenzie's name as the trained nurse,- for she has a professional standing as a trained nurse. I wrote you about her before as in my judgment unlikely to do the teaching satisfactorily, but after conference with some of the ladies here who know her, they think she could do very well what might be required in connection with the duties of a field matron. She would also co-operate very cordially with the teacher,- Miss Gunn, of whom I spoke. Of course that would affect the salary proposed for the teacher should her duties be limited to the one department. I submit that for your consideration and think that possibly it might be the most satisfactory. If Miss Gunn should see her way to accept the situation will be simplified.

I am,
Yours sincerely,

Mr. Duncan C. Scott,
Department of Indian Affairs,
Ottawa, Ont.

Dear Mr. Scott:-

I am sorry to report that I have received to-day a refusal from Miss Gunn, whom I hoped to have as teacher at the Hurricane Hills School. It may be necessary to advertise. Would it not be well to have the salary fixed in order in advertising that we may be able to intimate what the conditions are? I wrote to you the other day about appointing Mrs. MacKenzie as nurse and allowing the teacher to confine herself to the educational department. Of course Miss Gunn's refusal may qualify that situation somewhat, although the fact remains that Mrs. MacKenzie is a trained nurse. I hope it will be possible to secure some suitable personal before the building is completed.

Yours sincerely,

Sir,

I have the honour to say that I have just returned from the Assiniboine Agency and to report that the new school building is progressing very rapidly and will be ready for occupancy by July 1st.1910. Accounts for labour material etc. will be sent in from time to time, as they are received.

I beg to say that Robert Grant, a son of the Agent is home from the Medical college,Kingston, for July and August,and I would like to receive your authority to engage this young man for the two months mentioned, to start the school.Mr. Grant has taught school in this country for many years and I think it would be a good idea to have him open the school and get it in running order. He is willing to take the position for the two months at $50.00 per month.

I am enclosing herewith a list of the requirements in the way of stationery etc.to be used in the school and would ask that it be rushed forward. In the event of the Department agreeing to my suggestion to engage Mr. Grant I would ask to be notified by wire,so that I can let him know in good time.

Rev. Sir,

I have to acknowledge the receipt of your letters of the 25th and 27th ultimo in reference to securing a teacher for the school on the Assiniboine reserve.

In reply I beg to say that the Department regrets to learn that Miss Gunn, whom you hoped to engage, has refused to accept the position.

With regard to the salary I may say that for the teaching work alone the Department will be prepared to pay a salary of $400.00 per annum to a competent qualified teacher and the appointment of a field matron can remain in abeyance for a time. It is still thought that a person combining both qualifications would be more satisfactory, if obtainable. This school will be ready for occupation on the 1st prox. and the Department has engaged Mr. Grant, son of the Indian Agent, to teach for two months. This will give you ample time in which to look for a permanent teacher.

Sir,

Referring to official letter of the 9th instant, in which you were authorized to employ Mr. Grant as teacher of the Assiniboine school for the two months of July and August, I beg to say that in a report just received from the Agent he states that only the interior of the building will be finished by the end of June and the school could then be opened during the second week of July while the work on the outside was in progress.

The Department is very doubtful whether, unless the building if fully completed, it would be practicable to conduct teaching operations with any degree of success, as the confusion occasioned by the men working on and around the building would probably make it impossible to secure the attention of the pupils. The Department thinks, therefore, that it would be better to have Mr. Grant delay opening the school till such time at least as the greater portion of the work is completed.

Dear Mr. Scott:-

Yours just received in which you place the salary of a lady teacher on the Assiniboine Reserve at $400.00. I am afraid it will be difficult to get a teacher for that. You give $400.00 to Miss Armstrong, Moose Mountain, which we supplement up to $550.00. This being a Public School we cannot, of course, supplement, and without such supplement the salary will not attract in the west where $600.00 is not an unusual salary.

The other day I received the Minutes of the Winnipeg Synodical Committee, I find that they do not regard favourably the Public School. This is a disappointment to me for I thought they approved. It further occurred to me in reading your letter that possibly there lay in your mind the thought of a supplement by us. If you thought it proper at this date to call it a Mission School instead of a Public School, I think our Board would be willing so to regard it and act accordingly.

In the meantime to get a teacher is the problem, and to advertize $400.00 salary would not help us I fancy.

Hoping to hear at earliest convenience,

Yours faithfully,

Dear Mr. Scott:-

In further consideration of the school on the Assiniboine Reserve it has occurred to me that my suggestion as to calling it a Mission School might conflict with the proposal that it should be an Improved Day School. Whether that would be practicable I am not certain. I am correct, am I not, in the understanding that it is to be an Improved Day School? I am somewhat anxious about it because Dr. Farquharson writes that he has in sight a lady teacher whom he thinks would be satisfactory. It is so hard to find suitable teachers that one would like to seize the opportunity when it offers. What about a cottage for the teacher? I understand the school has been erected some distance from the Mission, which makes the boarding problem less simple. It is the intention, is it not, to erect a cottage for the teacher?

I have just heard from Mr. Peron that the MacDonald Company has made the refund honourably and that now all things are settled as to Regina accounts.

Rev. Sir,

I have to acknowledge the receipt of your letters of the 16th and 23rd ultimo in further reference to the appointment of a teacher for the new school on the Assiniboine reserve.

In reply I beg to say that it has been decided to allow this school to be conducted under the auspices of the Presbyterian Church. It is desirable, however, that the children of Roman Catholic parents, of which there are a few on the reserve, should have the privileges of the school and the Department would ask for them exemption from all religious exercises. I have no doubt that you will grant this request and that if religious instruction is given in the school-room it will be so arranged that Roman Catholic children may be dismissed without its interfering with their regular secular studies.

The recognition of this school as a Mission school will not be allowed to interfere with the plans for the work on this reserve. The school-house is now almost completed and it is proposed to erect also, if necessary, a cottage with accommodation for a teacher and a nurse. The Department was given to understand, however, that for a time the teacher could board with the farm instructor, who lives at a distance of about one-half a mile. Then the suggestion has

been made to employ Mrs. Mackenzie, wife of the Missionary, as field matron. If this suggestion were carried out it would not be necessary to provide nurse's quarters immediately.

81F,

As you are aware arrangements have been made for the opening of a day school on the Assiniboine Indian reserve and the Department wishes to impress upon you the necessity for your taking a most active interest in the welfare of this school in order to assure success. There would appear to be no reason why a good day school on this reserve should not provide adequately for the educational wants of the Indians. An endeavour will be made to secure a competent teacher and if the Indians will only evidence sufficient interest there is little doubt that good results will be accomplished. The experience of the Department shows, however, that very much depends upon the interest taken by the Agent in educational work and it is hoped that the record of this school will be one creditable to your Agency.

You should visit the school at least once a week and make special reference to the work being performed in your monthly reports. You should also visit any parents who are negligent in the matter of sending their children to school, with a view to impressing upon them the advantage that will accrue from the education thus placed within their reach.

Your reports on this school will be awaited with interest.

Mr. Duncan C. Scott,
Department of Indian Affairs,
Ottawa, Ont.

Dear Mr. Scott:-

I have received your note agreeing to the suggestion that the Hurricane Hills School should be conducted as a Mission School, and suggesting that the Roman Catholic children be welcomed and have the liberty of retiring when religious instruction is being imparted. These suggestions are, I think, perfectly reasonable and will be acceded to. Instructions will be given to the teacher accordingly.

Miss Lawrence is available and is recommended by Dr. Farquharson. Personally I have not met her but she is at present the only one in sight. If it meets with your approval I would like to be able to report to Dr. Farquharson lest she should pass into some other situation.

You have not definitely expressed yourself as to whether or not Mrs. MacKenzie should be employed as field matron. There is time enough for that and I should like that you should feel perfectly assured as to the wisdom of the suggestion. I may say that the ladies of the Board who know Mrs. MacKenzie would favour the arrangement. On the other hand I am not perfectly sure that Mr. Graham would be in full sympathy and it is important that he should be able to do his work effectively through the sympathetic co-operation of his staff. At the present time I do not see any other arrangement so satisfactory.

I am glad that you have been able to secure Mr. Grant for a couple of months, which makes it possible to enter upon the work right away.

I also appreciate the expression of your purpose to build a cottage next year if it is necessary. I have no doubt arrangements can be made in the meantime.

I am,
Yours sincerely,

RPM/MBA.

Rev. Sir,

I have to acknowledge the receipt of your letter of the 4th instant in reference to the appointment of a teacher for the Assiniboine Indian school.

In reply I beg to say that before confirming the appointment of Miss Lawrence the Department wishes to know whether she is possessed of any professional qualifications. In your communication of the 25th of May, last, you mentioned the name of Miss Gunn, but the records of the Department show no reference to Miss Lawrence.

The Department is most anxious to obtain a qualified and competent teacher for this school, as the existing conditions are most favourable and there is every reason to believe that a capable teacher will be able to produce good results.

Secretary.

Sir,

I am in receipt of your letter of above date and number, and I must say it is a little discouraging to me to think that a small matter like the one in question could not have been left to my better judgement. I asked the Department to let me build this school and the work is about completed. Mr. Grant had nothing to do with the work and was not posted when he wrote as he did. There may be some outside painting to do, but aside from this everything should be in readiness for opening on July 1st. 1910.

I am trying my very best to make the Day Schools a success and I have an excellent reason for rushing this work. I wanted to take advantage of an experienced teacher, whom I could get for two months, beginning with July, - a teacher, who knows the Indians and if given two months, could have the school well organised, by the time the new teacher, with possibly no experience, would be ready to take charge.

I have the honour to be,

Sir,-

I beg to state that the new school will be opened this morning.The Indians on this reserve are very much scattered.Some of the children will have to come about four miles .Their parents or guardains are partly destitute having no ponies or rigs to bring the children to the school and take them back.Would it be possible for the Department to allow a small sum of money to hire an Indian to bring and take those few children who live far away.The children I mean are living with old widows who are their grand mothers in most cases.I beg to suggest that the Department allow about $10.00 per month to an Indian who has a team to gather up all those children living with their destitute parents or guardains and convey them to and from school.I would make this Indian also act as truant officer.

I beg also to ask that some arrangement be made so as the children would be provided with a lunch of some kind at the noon hour.A small boarding school would have been the best for this reserve.

May I be allowed to suggest that the teacher be allowed to use the programme of studies as is used in the Province of Saskatchewan.That of course would include the grading of Standards.That due allowance would be made for any attempt at Industrial work.

It would facilitate matters if a teacher with a Western training were appointed,who understands the Provincial system.It would promote harmony and there would be no difficulty in judging quality of work in comparison with local schools.

I should like to be advised as to how the teacher is to be paid whether by voucher or by pay sheets.

I should like to know the regulations covering the consolidated school.

I shall do my best to carry out all instructions when I receive them.

Sir,

I have to acknowledge the receipt of your letter of the 4th instant in reference to matters in connection with the Assiniboine school.

In reply I beg to say that the questions of supplying a lunch and transporting the children to and from school will receive the attention of the Superintendent of Indian Education , who hopes to visit the West at an early date.

The appointment of a qualified teacher is receiving due consideration. I may add, for your information, that the nomination of a teacher rests with the Presbyterian Church, but the Department will insist upon having one with a professional training. It is not considered absolutely essential that the training should be received in the West, as a large percentage of the Western teachers receive their professional training in the Province of Ontario.

The payment of the teacher's salary will be made quarterly upon receipt of returns showing the enrollment and giving other information necessary. These returns should be signed by the teacher and forwarded through your office. A supply of blank forms is being sent you under

Dear Sirs:-

We give below copies of letters received regarding Miss Lawrence,- also copy of her application. Dr. Farquharson has just forwarded this and as there is urgency in the matter we send it on in the absence of Dr. Mackay.

APPLICATION.

"Killam, Alta....Oct. 15., 1909....
Rev. J. Farquharson, 217 Portage Ave., Winnipeg.
Dear Sir:- I notice in the Missionary Tidings for October that a teacher is required at one of our Indian Boarding Schools and I wish to apply for the position....I am a graduate of the Toronto Normal School, and have taught in both Ontario and Alberta. In addition to this I have taken part of the course at the Ewart Training Home (Missionary) in Toronto, and have passed the first year's examination there.. The Tidings does not state how soon duties should be gin. I am at present teaching a school here, where I am engaged until Christmas....Trusting that I shall hear from you regarding it, I am....Yours truly....Gertrude Lawrence."

This letter was written as you will notice last October....Dr. Farquharson has got in touch with her again but states that she can't wait much longer before knowing about the matter. You will understand that she is anxious, if not getting this position, that she look for something else.

TESTIMONIALS.

I have to acknowledge the receipt of your letter of the 15th instant enclosing a copy of the application of Miss Lawrence for the position of teacher at the Assiniboine school and also copies of her testimonials.

In reply I beg to say that in view of the very satisfactory qualifications and testimonials presented by Miss Lawrence the Department is pleased to appoint her as teacher of the above mentioned school. As you are aware Mr. Grant is temporarily engaged during the months of July and August and Miss Lawrence should be ready to take up the work on the first of September. The Department will communicate direct with her before she assumes her duties, if you will be good enough to furnish the address where she may be found, say about the middle of August.

Dear sir:-

I received both of your letters of recent date and noted your instructions.

I may say that the readers were received in good time and have used some of them already!The reader is the regular Alexandra in use in the province.They will be entirely satisfactory,and it is of course understood that children are prepared for readers carefully.I usually take three months to do that.

The school has been open for one week from 9 a.m. till 4 p.m. Recess and noon as in a regular school .The attendance average to date is 9.6 Considering that it is opening week and treaty week I consider it a fair average. The highest number in the school at any one time was fourteen. There has not been any difficulty with reference to dinner, as was predicted by outside parties.All that has been received 4 ozs. of biscuit per day. There has not been any kick registered yet.The main difficulty is widows with children at a distance from the school and no means of bringing them.I expect a larger attendance during the coming week.

Seventy five pounds of biscuits were received during the week.Four rear end seats were receivee during the week and are being set in place. Neither blinds,globe or plasticine have come yet.I should like to have the blinds soon as the light is hard on the eyes.

The school is running at present under Sask. regulations and that program of studies is being used. We have asked the Department for privilege of using these all together. I do not see why they should not apply as well to the Indian as to the Whiteman. It is successfully used among the foreigners and why not among the Indians.

The Indian children are working with a handicap of English. This of course knocks my discipline. I am forced to overlook rigid discipline until English is acquired a little bit. I would rather give a little than run the risk of knocking the school by disciplining hard.

So far as I see the children are interested, the parents are interested and father will visit the school twice per week. They have been fairly punctual but I do not expect that for some time.

Yours very sincerely,

Your remarks with reference to a teacher are noted. Miss Lawrence, a qualified teacher, has already been engaged. It is not considered essential that a teacher should have Saskatchewan or Manitoba training. Miss Lawrence received her training in the Toronto Normal School and has had considerable experience. I note that Miss Lawrence a qualified teacher from the East has been appointed to take charge of this school, and that you do not consider it essential that a teacher should have Manitoba or Saskatchewan training.

I consider Mr. Grant suggestion that the teacher should come a week before he leaves, a good one. It was not a matter of high qualifications, but the idea was that Mr. Grant could have given the incoming teacher the benefit of his experience in handling Indian children, among whom he has lived all his life. From my experience in the past with teachers who have never had anything to do with Indians, this would have been of very great assistance to the incoming teacher. I am pleasedto note that the new teacher has high qualifications. Mr. Grant has also high teaching qualifications , and in addition has had experience in handling Indians, which he has used to advantage in organizing this school.

The Day School was opened on the 4th of July. I have been doing all in my power to force the attendance. I have succeeded fairly well. The children are getting into the habit of attending school. Their progress at school work is some what handicaped by lack of English. Reading, arithmetic,and writing have been well cared for. In these the program of studies for Saskatchewan has been followed. Attention has been given to bodily drills and exercises.

Cleanliness has been looked after so far as it is possible in a day school. Further provision ought to be made for cleanlin -ness. Ventilation of the school has been good.
The health of the children in the majority of cases has been good The attitude toward their work is favourable,that of the parents decidedly favourable.

The number on the roll is 21; the average attendance has been 13.75. The school itself is neat and clean. Proper put houses and play grounds have been provided.

The children have made good progress for the time. It must be remembered that the majority of them have never been in school before and it takes great patience and hard work to teach them.

Rev. Sir,

I beg to call your attention to matters in connection with the school recently opened on the Assiniboine reserve.

The Superintendent of Indian Education, who recently visited this reserve, is of opinion that with judicious management this school should be a splendid success. The Presbyterian Church has the nomination of the teacher and it is confidently expected that Miss Lawrence, who was recently appointed, will, under favourable conditions, be able to attain the desired ends. It is considered, however, that to obtain these results the work of the school and the mission should be entirely disassociated. Already the officer above referred found a certain feeling of unrest among some of the Indians and it is with a view to removing any cause of dissatisfaction that the present attitude is taken by the Department, and the request made that the secular and missionwork be kept entirely separate.

Under these circumstances the Department will assume the full payment of the teacher's salary. It is understood that the Presbyterian Church now pays $150.00 to Miss Lawrence, making her total salary $550.00. I shall be obliged if you will say whether the above is the amount contributed by the Church, and advise those interested of the wish of the Department.

Sir,

I beg to inform the Department that I am receiving most favorable reports from the Assiniboine Day school. The attendance is steadily increasing and last week there were eighteen pupils present. It was necessary for me to order four more seats to accommodate the extra pupils. Mr. Grant tells me that the teacher, Miss Lawrence, is doing very well.

Since my last report on this school, a well has been dug and a satisfactory supply of water obtained. A stable and an Indians' waiting house have also been completed. I am looking for good results from this school; the conditions on the reserve could not be better for a Day school, and the Agent is taking a keen interest to bring about satisfactory results.

Yours obediently,

W. M. Graham

Dear Sir;-

A letter has come from Rev. Dr. Farquharson of Winnipeg, the Secretary of our Indian Mission Committee for the Synod of Manitoba and Saskatchewan, stating that the Rev. E. McKenzie of Hurricane Hills has written asking him to send the supplement to Miss Lawrence's salary on to her.

Dr. Farquharson is unaware of any supplement that we are expected to pay her, and it is probable that it refers to your taking over Miss Lawrence as teacher of a secular school. I wish to enquire with regard to the date of your commencing the entire payment of Miss Lawrence's salary, and the amount. I understand it is to be either $550. or $600.

Thanking you in anticipation of this information.

Rev. Sir,

I have to acknowledge the receipt of your letter of the 3rd instant in reference to the salary of Miss Lawrence, teacher of the Assiniboine Indian School.

In reply I beg to say that the Department agreed to pay the whole of this salary and wished to know definitely the amount contributed by the Church. If the Presbyterian Church was to contribute $150.00 that would make the total salary $550.00 and the Department will assume the responsibility for this amount. A supplementary cheque for the amount due Miss Lawrence for the September quarter will be sent you and for the current quarter she will be paid at this rate.

Dear Sir:-

I received to-day an official cheque, No. 1847, for $10.41, dated Dec. 10th - as the balance of my salary for the September quarter. That evidently means that the Department intends paying me at the rate of $550 per year. That is what I agreed on when I accepted the position as teacher here, but with the understanding that I was to have the privilege of teaching in a mission school. I understand however, that it has

since been decided to make this wholly a Government school, and under the changed conditions, I see no reason why I should not receive a salary equal to that of the public school teachers in the West. Many rural districts pay $720 a year, some of them with an average attendance of only eight or ten pupils, while I have had here an average of about twenty this week. (The attendance has increased since the introduction of the mid-day meal about three weeks ago.) In many foreign settlements, where it is harder to secure teachers, the salaries are still higher.

To make a school like this a success, is a greater demand on one, than the work in an ordinary public school — especially with children, as yet undisciplined, and only six out of the twenty-four enrolled able to understand English.

I was led to understand that when the change from a Mission to a Government school took place, there would be a substantial increase in the salary.

Kindly let me know what I am to expect, before the time to send in this quarter's returns.

I am, Sir;
Yours respectfully,
Gertrude Laurence.

Sir,-

I have the honour to report a visit I made to the Assiniboine Day school.

There were nineteen children in school at the time of my visit. They were as usual quite as clean as your would find children at Industrial or Boarding schools. The class room was perfect in every respect. My visit was not expected so there was no dress parade. The children have made wonderful progress in the class-room work. It is hard to believe that such advancement could take place in such a short time.

The gardening season is now on. Most of the children have individual plots and the garden is well prepared and nicely laid out. The school surroundings are perfect.

SCHOOLS BRANCH MAY 1912

Last month there was an average attendance of 18, which is decidedly satisfactory. This Day school is without doubt a decided success and will remain so as long as the present teacher, Miss Lawrence, is in charge. She is thoroughly competent and takes more than an ordinary interest in her work.

I have the honour to be,

Dear Sir:- Re File No. 334701/1.

I am writing to advise you that, up to the present, we have not been able to secure a teacher for the Assiniboia Day School. Our District Superintendent has made every effort for the past five or six weeks, and the Committee of our Women's Missionary Society have been searching in the East. On three different occasions they thought they had secured the right party, only to be disappointed.

I have sent a night letter to W. M. Graham, Inspector of Indian Agencies, telling him of the situation, and asking if it will not be possible for him, in conference with our Presbytery authorities, to secure temporary supply until a permanent teacher can be secured.

I have a letter fromour District Superintendent to-day, and he claims there are many schools that are without

Dear Mr. Graham:-

Yours of September 13th to hand. Sorry to learn that you have not yet been able to get a teacher for the Assiniboia Day School. We have for the last week advertised in the Toronto papers, but only had one application, and since writing that party has declined to consider the appointment. The salary does not seem very inviting. I have a letter to-day from the Clerk of Qu'Appelle Presbytery, stating that Mrs. McKenzie, who is doing mission work on the Reserve, is willing to undertake the school. She holds a teacher's certificate, and the party writing feels she is a competent person. She is willing to take up the work either in connection with the mission or without. How would it do to put Mrs. McKenzie in charge temporarily, if you have no other person in sight ?

We are just going to our Board Meeting. I will write you later in regard to the other matters.

Yours sincerely,

J.H.E.--A.V.

Dear Mr. Scott,-

Attached herewith is a letter received from the Rev. J.H.Edmison,Secretary of the Home Board of the Presbyterian Missions.You will note that Mr. Edmison says that Mrs. McKenzie,who is the Presbyterian Missionary on the Assiniboine reserve,is willing to take over the school until a permanent teacher is appointed.As this school is undenominational and both Catholics and Protestants attend it,I think it would be sure to make complications if the Resident Missionery took charge of it even for a short time. I should judge from Mr.Edmison's letter that he is laboring under the impression that this school is conducted under the auspices of the Presbyterian church.Where he got this idea I cannot say, as it has from the very beginning been a purely Government school. I am not answering the letter one way or the other as I think you may wish to deal with Mr. Edmison direct in this matter. Aside from the religious aspect of the question, you know the very unsatisfactory relations existing between our Indian Agent and Mrs. McKenzie,and I fear the school will

I have your letter of the 26th instant, in reference to the teacher for the Assiniboine Day School.

I cannot agree even to the temporary appointment of Mrs. McKenzie as teacher.

Although this school is undenominational, the Presbyterian Church was accorded the privilege of nominating a teacher. I hope, therefore, that they will be able to obtain the services of a competent teacher at an early date.

Dear Sir:-

You will probably have heard already from Mr. Graham, Inspector of Indian Agencies for Saskatchewan, that, up to the present, we have not been able to secure a teacher for the Hurricane Hills Day School. Our District Superintendent and our Women's Missionary Society have tried in vain to get someone. I placed an advertisement in the Toronto papers, but no one responded. We then wrote Mr. Graham, and asked him, in conference with our Presbytery authorities, to secure temporary supply. He replied as follows:- "I may say that I have tried hard to get one, but so far have failed. There is a great demand for teachers all through this Province, and I fear there will be very great difficulty in procuring one for this school. In the meantime, I am doing what I can to locate a suitable teacher."

We only learned about a week ago that the school is still vacant. I corresponded again with our Pres-

bytery authorities, and I have a reply this morning, in which it is stated that "the Presbytery of Qu'Appelle has agreed to ask Mrs. E. MacKenzie to take charge of the school on the Reserve until a permanent teacher can be found". Mrs. MacKenzie is at present in charge of our mission work on the Reserve. I understand she has a teacher's certificate. Her mission work will naturally have to be sacrificed to some extent if she takes up this work, but surely it will be better to have her take charge of the school than to leave it vacant. At the request of the Presbytery of Qu'Appelle, I am, therefore, asking that you approve of the temporary appointment of Mrs. MacKenzie. The Presbytery also state quite frankly that it is going to be impossible to secure fully qualified teachers for the Indian Schools while the salary is below the average. Our District Superintendent reports that most of the teachers in the Province of Saskatchewan are now receiving about $75.00 per month. The salary paid at Hurricane Hills has been $60.00.

We will continue our search for a teacher, but we would like to have someone temporarily in charge.

Reverend Sir,-

I have your letter of the 22nd instant, with reference to the Hurricane Hills or Assiniboine reserve day school. I do not think we should agree to the placing of Mrs. Mackenzie even in temporary charge of this school; there has been a good deal of friction on her account at the agency, and, while I am not charging that she is entirely responsible for this, I think it would not be conducive to satisfactory administration if she were given any connection with the school work. I say this with regret, as we would like to meet your views if at all possible.

The Department is willing to pay the current rate for teachers at the day schools where we are in competition with white schools. I do not think Mr. Graham would feel restricted in the amount he could offer if anyone asked a higher rate of pay.

Sir:-

We the undersigned [redacted] members and heads of families of Carry-the-Kettle's Band, residing on the Assiniboine Reserve near Sintaluta in the Province of Saskatchewan, do humbly petition in reference to Our Day School on our Reserve. Only a few years ago this modern Day School was erected and splendidly equipped by the Department, for the purpose of educating our children therein. We are favourable to this system of educating our children as they enjoy more of the home life privileges which they could not have if they attended Industrial or Boarding schools. Our school here, has been supplied with a teacher continuously from the time of its erection until last June when the teacher resigned. We are informed and believe that up to the present time no teacher has been engaged to re-open our school. We feel deeply aggrieved about it, and we do humbly pray that you will consider our position and take the necessary steps to have our school supplied with a teacher as soon as possible.

Dear Mr. Scott -

In connection with reference to the matter of a teacher for the Qu'Appelle Agency Day School, I have just had a conversation over the long distance phone with Dr. Strang Supt. of Indian Missions, Regina. He rang up to ask me if I had heard anything of a teacher yet, and I told him I had not. He, himself, has been doing his utmost to secure one, but up to date has been unsuccessful. He is of the opinion that we shall not be able to get a teacher for the same salary as was paid to the last one, viz. $720.00 a year, but thinks $850.00 would be the least anyone would accept. I agree with him on this point.

Dr. Strang spoke about having an assistant to help prepare the mid-day meal and I told him I did not consider this at all necessary, as this meal was a simple affair consisting of a biscuit and a cup of tea or bowl of soup. The kitchen is in the basement and the older pupils keep the fire going and it is a simple matter for two of the senior girls to prepare this meal and wash the dishes. It takes only about an hour each day and is good training for the girls.

We had assistance of this kind at one time in the Assiniboine school and it proved to be more of a disadvantage than a benefit. In many of the rural schools in this province a mid-day meal is served, practically on the same lines as has been done at the Assiniboine school, except that the White children bring most of the food. If this matter comes before you I trust you will endorse the method which we have found so satisfactory.

Department of Indian Affairs,

Ottawa, Ont.

Dear Sir:-

I have yours of December 29th, File No. 334701/1, re the securing of a teacher for the Assiniboine Day School. I have a communication to-day from our District Superintendent, Rev. Dr. Strang, stating that he has secured a teacher, Miss Mary McCall of Kronan, Sask. She holds a second class certificate from Regina Normal School. She has had several years' experience and will go to her work on the Reserve well equipped to render good services. She has specialized on Science and Manual Training, and is well recommended by Mr. Jas. Duff, Inspector of Schools of Regina. With the approval of the Government she will go to work January 10th, and will board at the Agency close to the school.

Dr. Strang states that he has learned from Mr. Graham, Inspector of Indian Agencies, that the Department has authorized a salary of $75.00 per month. This is the salary that they have offered Miss McCall.

I have to acknowledge the receipt of your letter of the 16th instant resigning your position as teacher of the Assiniboine Day school on account of ill health and stating that you wish to be released from your duties as soon as it is possible to get another teacher to take your place.

In reply I beg to say that your resignation is accepted, but the Department is sorry to learn that you have to give up your duties at this point.

The Rev. J. H. Edmison, Secretary of the Board of Home Missions of the Presbyterian Church, is being advised of your resignation and asked to try and secure another teacher to take charge of this school as soon as possible. The Department would like you to remain until another teacher is obtained.

Mr. D. C. Scott,
Deputy Superintendent General,
Department of Indian Affairs,
Ottawa, Canada.

Dear Mr. Scott:-

I have just received a letter from Dr. Peter Strang, our Home Mission Superintendent for Southern Saskatchewan, in which he states that he has secured Miss Kate MacTavish as teacher for the Assiniboine Day School. She has had thirteen years' experience in the province of Saskatchewan. She has been Principal at Tantallon, Rocanville and Acadie. She is now Principal at Acadie, and is drawing a salary of $900 per annum. She is highly recommended by J. G. McKechnie, School Inspector, who has been in close touch with her work,-and she is a graduate of Ottawa Normal School. Dr. Strang met with Miss MacTavish personally, and feels she is well qualified for excellent service.

Miss MacTavish is not able, however, to begin work at Assiniboine School until after the end of June. As Miss Mary McColl will have to leave the work by May 23rd, Dr. Strang secured temporary supply to finish out the school term. He has therefore, secured Miss Tena Sinton of Regina. She holds a first-class, non-professional certificate. She will take charge May 23rd.

We therefore recommend:

that Miss Mary McColl's resignation be accepted for May 23rd,

that Miss Tena Sinton be appointed to finish the school term,

and that Miss Kate McTavish receive the appointment, her duties to begin with the opening of the school in the autumn.

Yours sincerely,

Rev. Sir,-

I have to acknowledge the receipt of your letter of the 15th instant recommending that Miss Mary McCall's resignation as teacher of the Assiniboine Day School be accepted from the 23rd instant, that Miss Tena Sinton be appointed to finish the school term and that Miss Kate MacTavish receive the appointment of teacher of this school, her duties to begin with the opening of the school in the autumn.

In reply I beg to say that your recommendations are approved and Miss Sinton may be placed in charge of this school when Miss McCall leaves and remain there until the end of June and she will be paid at the rate of $75.00 a month for her services. Miss MacTavish may begin her duties at this school after the summer holidays and she will be paid a salary at the rate of $900.00 per annum. Mr. Agent Donnelly is being advised of these appointments.

I beg to inform you that I visited the Day School at the Assiniboine reserve last week. I found everything in connection with this little school in splendid order.

There is one matter however that I should like to bring to your attention: It is with regard to the mid day meal that is served to the children. At the present time meat and soup are served, and it is not always convenient to get meat out from town daily in the hot summer days. I would therefore recommend that dried fruit would be served to the children instead of meat during the summer months.

The children like it, and I believe it would be better for them, especially as they all get meat at home at least once a day. The supplying of this fruit would be far more economical, and much less trouble during the hot summer months.

I have to acknowledge the receipt of your letter of the 5th instant recommending that dried fruit be served to the pupils of the Assiniboine Day School at the mid-day meal instead of meat during the summer months.

In reply I beg to say that your recommendation may be carried out, but the cost of the meals at this school must not exceed seven cents per day per pupil.

I am sending you herewith a form for monthly reports of provisions used at day schools, which contains a list of the supplies that may be furnished for these mid-day meals. At this school the teacher may, however, substitute dried fruit for meat during the summer months.

Mr Agt Donnelly

In his letter of the 15th, instant, asks if the Assiniboine day school is connected with the Presbyterian Church or is it non sectarian.

The school was started in 1910 and Mr. Inspector Graham was informed on the 7th of July of that year, as follows,-

"The Presbyterian Church has been accorded the privelege o of nominating a teacher for this school, but the appointment of one competent and qualified is being insisted upon, and, although the school will be nominally under the direction of the Presbyterian Church, it has been particularly requested that instruction be not given in any religious exercises during the hours devoted to secular study. In this way it is hoped that there will be no cause for objection on the part of the Roman Catholic parents to sending their children to the school , where there is every reason to believe they will be heartily welcomed by those in charge."

Mr. Inspector Graham was again told on September 30th, 19 1916, that, although this school is undenominational, the Presbyterian Church was accorded the privelege of nominating a teacher and their nominees

nominees have been appointed except in the case of Mrs. McKenzie who is in charge of the Presbyterian Mission work on the reserve, who was objected to, as there had been a good deal of friction on her account in the agency.

The Census return shows that there are 90 Presbyterians and 79 Roman Catholics on the reserve, with 27 children of school age.

This school should remain undenominational and the Presbyterian Church should see that Mrs. McKenzie does not interfere in school matters.

Sir,—

I beg to inform you that there is a matter in connection with the school at this Agency which is and will cause descension in time. It appears that the Presbyterian body are assuming and also preaches to the Indians here that the school is a Mission school and is connected with the Presbyterian church. The new teacher Miss MacTavish is labouring under the same impression. I have been informed by Mr. Inspector Graham that this school is an Indian Day school but must not be considered as connected with any certain denomination. I have always told the Indians this, but owing to the way the Presbyterian Missionary (Mrs. MacKenzie) lectures it makes the Indians doubtful respecting what I say in the matter. We have two factions (Roman Catholics and Presbyterians) on this Reserve. The children of both are attending this school and I am afraid if matters continue and this impression becomes established it is going to have a very bad effect on our school. Would you be good enough to inform me if this school is connected with the Presbyterian church or is it non-sectarian. I would like to have your ruling on this so I will know how to act in the future when any interference is practiced.

Dear Mr. Donnelly.

The day school on the Assiniboine Reserve is a nondenominational school, but we have allowed the Presbyterian Church from the first the privilege of nominating the teacher for the school; it was to be distinctly understood that there were to be no religious exercises during the hours devoted to secular study, and under this understanding the arrangement seems to have worked pretty well. I am sorry indeed that the resident missionary has assumed the view that this is a mission school. You may advise the teacher of the true standing of the school and I will write Dr. Edmison.

Dear Dr. Edmison,

The Indian Agent at the Assiniboine Reserve has drawn my attention to the fact that the missionary on that reserve is under the impression that the day school there is a Presbyterian mission school. When the arrangement was made some years ago with your predecessor in office, it was understood that this was to be a nondenominational school, but that you were to have the privilege of nominating the teachers. The arrangement has worked well so far, but I am afraid if there is any tendency to make it a mission school, the Roman Catholics will withdraw their children and demand a separate school. I hope you will instruct your missionary of the true state of the case and ask her to be guided accordingly.

Yours sincerely.

Rev. Sir,-

I have to acknowledge the receipt of your letter of the 28th ultimo stating that you have just received word from Dr. Strang, your District Superintendent for Southern Alberta, that he has engaged Miss Flora McCallum as teacher for the Assiniboine Indian Day School, her duties to commence October 1st, 1917.

In reply I beg to say that the appointment of Miss McCallum as teacher of this school is approved. I have to ask you to be good enough to state, however, what arrangements were made with her in regard to salary, as it is not considered that her qualifications would justify the Department in paying her at the same rate as Miss McTavish, viz.- $900.00 per annum.

Dear Sir:-

We are experiencing a good deal of difficulty in securing a teacher for the Assiniboia Indian Schoo, on account of the salary that is being offered. Apparently all the teachers in that vicinity teaching in the English schools are getting more money than has been paid the teacher at the Indian school. Dr. Strang, our District Superintendant, and Mr. McKechnie, the Inspector of schools for Saskatchewan, have been on the lookout for weeks. I have a wire from Dr. Strang this morning, which reads as follows:-

> "I can secure Florence Langton who possesses a second class professional certificate and ten years experience for $100 per calendar month. Will the Government pay this ? I can secure a teacher with third class professional certificate for $90 per month. I have an offer from Etta Thompson who has a second class non-professional certificate, but has had no experience, for $75. Please telegraph instructions."

Before making a reply to Dr. Strang I would like to have your judgment in this matter. Dr. Strang does not intimate whether the teachers desiring $90 and $75 respectively want these amounts for the calendar year or for the ten teaching months, but I judge they want these amounts for the calendar months.

Hoping to hear from you by return.mail.

Yours sincerely,

J. H. Edmison.
Secretary.

Rev. Sir,-

I have to acknowledge the receipt of your letter of the 23rd instant in reference to the appointment of a teacher for the Assiniboine Day School and embodying a copy of a telegram which you received from Dr. Strang, your District Superintendent, in regard to this matter.

In reply I beg to say that the appropriation for school purposes will not permit of the Department paying a salary higher than $900.00 per annum for a teacher for this school and it is considered that for this salary a thoroughly qualified and experienced teacher should be secured. The Department would not be prepared to pay MissThompson, who is mentioned by Dr. Strang, at this rate, as she has only a second class non-professional certificate and has had no experience.

Dear Mr. McLean,-

I have just received a letter from Dr. Strang our District Superintendent, which reads as follows,-

"I have secured Miss Grace Frame of Lenore, Man. for the Indian Day School at Hurricane Hills at a salary of $900 per annum as agreed by the Indian Department. You will note that this is not $75 per month as formerly but $90 per month. This should be made clear to the Department now. Miss Frame has a second class professional certificate for Saskatchewan and has had experience in Lenore school. Miss Frame began work there on Sept. 9th. I enclose her acceptance?

I sincerely hope that this appointment will meet with your approval. It becomes increasingly difficult to secure teachers as Trustee Boards in the vicinity of these schools are paying in many instances much higher salary than we are prepared to give.

Sir,—

I beg to submit herewith the quarterly return of the Assiniboine Day School ended the 30th of September to-gether with report of provisions used, and voucher No.6317 for salary of teacher.

The teacher, Miss Grace I. Frame arrived at this Agency on the 7th of September and started to teach on the 10th. She tells me she is engaged at $90.00 a month but I have had no instructions in reference to her appointment. According to salary form made out by her she is claiming one month's pay, namely-$90.00. I think she should be paid for the number of days she taught as she did not put in all the teaching days for the month. I am submitting herewith a voucher for the amount of salary which I think is due her. It is arrived at in this way

Number of teaching days in September	20
Number of days taught by Miss Frame in September	15

Sir,-

I have to acknowledge the receipt of your letter of the 3rd instant, enclosing the September quarter return of the Assiniboine Day School.

In reply I beg to say that Miss Grace Frame was appointed teacher of this school with salary at the rate of $900.00 per annum, as you were informed by official letter of the 7th instant. Salary is being paid her for the 15 days she taught during the quarter, and a cheque for $67.50, the amount due therefore, is being sent to Miss Frame.

Should she remain at this school until June 30th, next, the end of the school year, teaching the required number of days, namely, 200, she will then receive her full yearly salary of $900.00.

I beg to inform you that Miss Frame, the teacher of the Assiniboine Day School has handed in her resignation to take effect on the 18th of April. She does not give any reasons for doing so, but from what I can see she does not like the work of teaching Indian children. Attached is a copy of her resignation.

It would be a great advantage to this school if a married man could be secured as teacher, and I think better results would be obtained. The accommodation at the school is suitable for a teacher of this kind.

Reverend Sir,-

I beg to inform you that the Department is in receipt of the resignation of Miss Grace I. Frame, teacher of the Assiniboine Indian Day School, to take effect on the 18th of April next.

Miss Frame has given no reasons for resigning her duties. As the nomination of a teacher is in the hands of the Presbyterian Church authorities, under whose auspices this school is conducted, I have to request that you will be good enough to endeavour to secure a teacher in time to begin duties when Miss Frame leaves.

It is regretted that Miss Frame has seen fit to resign as it will be difficult to obtain the services of another teacher to complete the school year. It is hoped, however, that you will be able to secure a suitable person as teacher of this school for the balance of the school year, namely, to June 30th, next, in order that the children may not be deprived of their schooling. It might be possible to induce Miss Frame to reconsider her decision to resign and induce her to remain until June 30th next.

The Department will be obliged if you will give this matter your prompt attention.

Sir,-

I have to acknowledge the receipt of your letter of the 22nd instant, enclosing the resignation of Miss Grace I. Frame, teacher of the Assiniboine Indian Day School, to take effect on the 18th of April next.

In reply I beg to say that the Department regrets that Miss Frame has found it necessary to give up her duties at this time as it will be very difficult to obtain the services of another teacher to complete the balance of the school year, namely, to June 30th next. If possible you should endeavour to have her reconsider her decision and induce her to remain until the end of the school year.

The authorities of the Presbyterian Church are being informed that her resignation has been received and have been requested, in the event of Miss Frame not remaining as teacher, to secure the services of a competent teacher to continue the work until the end of the school year at least, in order that the children may not be deprived of their schooling.

You should inform the Department as to whether Miss Frame will remain until the end of June next.

Rev. J. H. Edmison, B. A.,
See'y Board of Home Missions and Social Service.

Dear Sir:-

I hereby make application for the position of teacher of the Assiniboine Indian Day School, offered me by Dr. Strang, Supt. of Missions at the salary offered, namely $900 per annum or £10 per day for the balance of the year, ending June 30th.

After that time should I continue in the work, I would not consider re-engagement at this salary, as I consider it altogether inadequate to meet the present expenses; and teachers holding Saskatchewan certificates with no better qualifications and far less experience are getting $1100 and $1200 per annum.

I have an Ontario Second Class Normal Certificate which has been approved by the Department of Education of Saskatchewan.

I will be prepared to begin work on the First of May.

Yours respectfully,

(Signed) Margaret B. Boyce,

Rev. J. H. Edmison, B. A.,
Toronto, Ont.

Dear Mr. Edmison:-

In accordance with your request of the 2nd inst. I have secured a teacher for the Assiniboine Indian Day School. Mrs. Margaret B. Boyce, Regina, whose application I enclose. She is in every way eminently fitted for this position and I hope that the Government will sufficiently increase the salary to make it equal to the salaries paid by School Boards to teachers in the surrounding School districts so that her services can be retained after June 30th. I saw the Principal of the Normal School, Regina, and J. G. McKechnie, one of the School Inspectors for the Province, yesterday. They both assured me that $900 per annum is much below the salaries being paid 2nd class teachers in the Province.

You will note that Mr. J. D. McLean in his letter of Oct. 7th, 1918, agreed to a salary of $900 per annum. There are 210 days in the teaching year in Saskatchewan. Mrs. Boyce is, therefore, applying for $900 per annum or $\frac{900}{210}$ per teaching day. I hope that you can persuade the Government to increase this amount after June 30th.

Yours sincerely,

(Signed) Peter Strang.

Dear Mr. McLean,-

Enclosed please find copy of a letter I have just received from Mrs. Margaret Boyce in which she applies for the position of teacher at Assiniboia Day school. I am also enclosing copy of a letter from Dr. Strang, our District Superintendent.

You will see the conditions on which Mrs. Boyce agrees to remain in the work after June 30th. Apparently she is willing to accept salary at the rate of $900 for the balance of the term, but after that she wants to be assured to an increase. This question of teachers' salaries is getting to be a serious one. I am quite persuaded that if we are going to get properly qualified teachers to take charge of our schools we will have to pay them current salary.

Please let us know what the Department is prepared to do in this case.

Yours sincerely,

JHE/EB

Sir,—

I beg to acknowledge the receipt of your letter No.334701-I dated the 31st. ultimo which is in reference to the teacher Miss Frame resigning her position as teacher of the school at this Agency.

On receipt of your letter I interviewed Miss Frame and tried to persuade her to continue till the end of June next, and also informed her of your wishes. But it appears she has already made arrangements which she cannot very well change, for this reason cannot remain after the 15th of this month.

Rev. Sir,-

I have to acknowledge the receipt of your letter of the 15th instant enclosing a copy of a communication from Mrs. Margaret Boyce, in which she applies for the position of teacher at Assiniboine Day School, and also a copy of a communication from Dr. Strang, your District Superintendent, in regard to Mrs. Boyce's application.

In reply I beg to say that the Department approves of the appointment of Mrs. Boyce as teacher of this school and she will be allowed a salary at the rate of $900.00 per annum. I may say that teachers in Indian schools are only required to teach two hundred days in a year. It is noted that Mrs. Boyce states that she will be prepared to begin work on the 1st of May. Mr. Agent Donnelly is being advised of her appointment.

The question of allowing Mrs. Boyce a higher salary after the summer holidays will be considered, as the whole question of increasing the salaries of the teachers of Indian day schools is at present under consideration.

Sir,-

7/1316 I have to acknowledge the receipt of your letter of the 12th instant in regard to the resignation of Miss Frame as teacher of the Assiniboine Day School and stating that she could not remain at the school after the 15th of this month.

In reply I beg to say that the Department is in receipt of a communication from the Rev. J. H. Edmison, Secretary of the Board of Home Missions of the Presbyterian Church, with which he encloses an application from Mrs. Margaret Boyce of Regina for the position of teacher of this school. Mr. Edmison is being informed that the Department approves of the appointment of Mrs. Boyce and that she will be allowed a salary at the rate of $900.00 per annum. In her application Mrs. Boyce states that she will be prepared to begin work on the first of May.

Kindly advise the Department as to the date on which Mrs. Boyce takes up her duties at this school.

Dear Mr. McLean,-

I have a letter this morning from Dr. Strang, our District Superintendent for Southern Saskatchewan, in which he intimates that he has secured Miss Hazel Donaldson as teacher for theAssiniboine Indian Day School, subject to the approval of the Home Mission Board and the Indian Department.

Miss Donaldson has a third class professional certificate and has had three years experience in teaching. Dr. Strang writes that he has had great difficulty in securing even a third class certificate at the salary offered—$900 per year of 200 teaching days. She began her work Sept. 10th. Dr. Strang was able to get her from Sintaluta by the Indian Agent's car.

We will be glad to have your approval of this appointment.

Rev. Sir,-

The Department is in receipt of a communication from the Acting Indian Agent of the Assiniboine agency, in which he states that Miss H. E. Donaldson, teacher of the Assiniboine Indian Day School, has tendered her resignation to him, requesting that the same take effect at the end of the current quarter. She gives as her reason for resigning that she is required at home. The Department has accepted her resignation from the above date.

I have, therefore, to request that you will take the matter of securing a qualified teacher to succeed her up with your District Superintendent for Southern Saskatchewan. I shall be pleased if this matter receives your prompt attention in order that the services of another teacher can be secured to begin duties when the school re-opens after the Christmas holidays. The name, qualifications and experience of the teacher nominated should be submitted for the approval of the Department.

Dear Mr. Graham:-

I have made an earnest effort to secure a suitable teacher for the Hurricane Hills Indian Day School to recommend through our Secretary Rev.Dr.J.Edmuson, Toronto to the Indian Department Ottawa and have failed owing to the amount of salary paid $900 plus a bonus of $150. per annum. The minimum for which teachers are engaging from the Provincial Government's teachers' exchange who hold only third class standing is $1200.00

I shall be glad if you can assist us to convince the Indian Department that the present scale of salaries they pay is too low for this province.

Doctor Strang makes a comparison with the minimum salary paid to teachers in this Province who hold Third Class Certificates, but he has probably overlooked that teachers engaged for Indian Department work are provided with house accommodation, a perquisite which other school teachers do not enjoy.

Ottawa, January 24, 1921.

Rev. Sir,-

The Department is in receipt of a communication from Mr. Commissioner Graham, Regina, in which he encloses a copy of a letter from Rev. Peter Strang, D.D., which has reference to his inability to secure a suitable teacher for the Assiniboine Indian Day School, on the ground that the salary offered is insufficient. Dr. Strang makes a comparison with the salaries paid the teachers in the white schools in the province of Saskatchewan.

In this connection I beg to refer to your letter of the 20th ultimo recommending the appointment of Miss E. A. Coles for the position as teacher at this school. It is presumed that she did not accept this position.

With reference to the salary allowed, the Department is prepared to make an increase of $100.00, which will allow a salary of $1,000.00 per annum for a teacher having a Second Class Certificate. Besides, I would point out in this case a teacher's residence is provided, and it is considered that the salary allowed at this increased rate with living accommodation will make a salary equal to that allowed teachers in the white schools having similar qualifications.

I am informing Mr. Commissioner Graham of the increase allowed and asking him to be good enough to take up with Dr. Strang the matter of securing a qualified teacher for the Assiniboine Day School. If you consider it advisable you might also communicate with Dr. Strang in the matter.

Sir,-

301-14 I have to acknowledge the receipt of your letter of the 11th instant enclosing a copy of a letter which you received from Rev. Peter Strang, D.D., regarding his inability to secure a suitable teacher for the Assiniboine (Hurricane Hills) Indian Day School, as, he states, the salary offered is insufficient in comparison with that paid to teachers in the provincial schools.

In reply I beg to say that the salary allowed for a qualified teacher for this school was $900.00 per annum, which the Department has decided to increase to $1,000.00 per annum. It is considered that, with house accommodation also provided, the salary paid will compare favourably with that received by teachers having the same qualifications in the provincial schools.

As you were informed by official letter of the 23rd ultimo, the church authorities had nominated Miss E. A. Cole for the position, to begin duties the beginning of the new year. It is presumed that she did not accept the position and I shall be pleased if you will take the matter up with Dr. Strang informing him of the increase in salary and requesting him to endeavour to secure the services of a qualified teacher. The name, qualifications and experience of any applicants should be submitted for the consideration of the Department. It is hoped that he will be able to obtain the services of a teacher at an early date, in order that this school may not remain closed.

Dear Dr. Strang:-

With reference to your enquiry this morning for a teacher to take charge of the Hurricane Hills School, beg to state in regard to the matter of salary that we are finding $1200. to be the average paid to 3rd class professional teachers and $1400. to $1500. per annum rate the prevailing rates of remuneration for 2nd class. In fact, even at these figures it is impossible to supply the demand that at present exists as there are hundreds more summer schools opening during February, March and April than there are qualified teachers for them. Under such conditions we naturally could not hold out very favorable prospects of securing a capable and efficient teacher at a less figure than those which we have quoted above.

Yours very truly,

CANADIAN TEACHERS' AGENCY.

I have just had a letter from Dr. Strang, our District Superintendent for Southern Saskatchewan, in which he intimates that he has not yet succeeded in securing a teacher for the Assiniboine Day School. He says that the teachers in Saskatchewan do not regard $1,000. and the little house as sufficient remuneration. Dr. Strang sends us a letter from Mr. McKee of the Canadian Teachers' Agency, a copy of which I am enclosing. You will see his difficulty. If the Department is not prepared to increase the salary, we will continue our search for a teacher. I can assure you we will do our best, but you will appreciate our handicap.

In reply I beg to say that it may not be understood by you that the salary at the rate of $1,000.00 per annum wibl be supplemented by the bonus paid to teachers in Indian day schools and, with the house accommodation also provided, the Department considers that it would not be justified in making any further increase, with the results that are likely to be obtained. > "I have pleasure in advising you that we have secured Miss Clara Glover for the Assiniboine Indian Day School on our Hurricane Hills Mission. She is 40 years of age, single, Protestant, can play an organ. Attended Wycliffe Theo. College, Toronto, one year. Has a general Elementary Science Inorganic Chemistry, First Aid and Tonic Solfa, certificate from College England. Taught in N. Wales, Derbyshire, St. Pauls Indian Mission, Alberta, for three years, Malvern Link School, Sask., on a permit from the Provincial Government. Has good testimoniale. Consulted Commissioner Graham, who favored her appointment."

Would be glad to have the Department approve of this appointment. The salary offered is $1,000, for 200 teaching days, plus the Government bonus.

Ottawa, March 9, 1921.

Rev. Sir,-

I have to acknowledge the receipt of your letter of the 7th instant informing the Department that Dr. Strang, District Superintendent for Southern Saskatchewan, has obtained the services of Miss Clara Clover as teacher of the Assiniboine Indian Day School and stating the qualifications which she possesses.

In reply I beg to say that the Department will approve of the appointment of Miss Clover, to begin duties as soon as possible, and will allow her salary at the rate of $1,000.00 per annum for two hundred teaching days.

With reference to the bonus, I beg to say that the Department is not aware as to whether this will be allowed during the next fiscal year. This matter will depend upon the action taken by Parliament at the present session.

Mr. Commissioner Graham, Regina, and Mr. Acting Agent Wilson, Sintaluta, are being informed of the Department's approval of the appointment of Miss Clover and the rate of salary allowed.

Your obedient servant,

J. D. McLean
Asst. Deputy and Secretary.

Sir,-

I beg to inform you that the Presbyterian Church authorities have nominated Miss Clara Clover as teacher of the Assiniboine Indian Day School. Miss Clover has had previous experience as a teacher and the Department is informed that Mr. Commissioner Graham favours her appointment. Her salary will be at the rate of $1,000.00 per annum for two hundred teaching days, and, should the bonus be continued during the next fiscal year, she will also be entitled to receive the same.

I shall be pleased if you will give Miss Clover every assistance you can in her work at this school, where it is hoped that she will meet with every success. Kindly advise the Department of the date on which she takes up her duties.

Your obedient servant,

D. McLean
Asst. Deputy and Secretary.

Dear Mr. Scott:

There seems to be some little mix-up regarding Miss Glover's recent appointment as teacher at the Assiniboine Day School. Mr. Wilson has forwarded me a copy of a letter dated 19th instant, which he wrote to the Department regarding Miss Glover's salary.

I made it quite clear to Doctor Strang that as far as the Department was concerned, they could only promise a straight salary of $1000.00 a year, and in the event of the bonus being allowed, she would get an additional $150.00. The Doctor said that he wanted to have something definite to say to Miss Glover, and I suggested that he guarantee the bonus, in the event of the Department not being able to grant it, that the Church would. He agreed to this.

I have today written to the Agent at Assiniboine Agency, explaining the matter fully, and assured him Miss Glover will be paid at the rate of $1150.00.

In the past, the furniture for the teacher's house has been furnished by the teachers themselves. It appears though that Doctor Strang promised a furnished house. Fortunately we have a lot of new beds and mattresses, and I will send a supply from here, which will overcome the matter of furnishing a house.

Yours very truly,

Sir,—

With further reference to your letter of the 9th instant No.102-I-I in connection with the appointment of Miss Clara Glover as teacher of the Assiniboine Day School here,

I beg to say that Miss Glover was given to understand by Dr.Strang of Regina, that she would have a guaranteed salary of $1150 for the year. She has since received a letter from the Teacher's Agency at Regina,stating her salary would be $1000 and bonus if the Department decided to allow a bonus,which yet is not certain.

Miss Glover informed me last night that she would not consent to stay on,unless her salary was fixed at $1150 for the year;also that she be allowed all fuel for the teacher's residence here and necessary furniture.

I beg to say that the only furniture in this residence at the present time is a cook stove.She would require pipes for the cook stove,a bed,mattress,bedding,a table, an easy chair and 2 kitchen chairs,also a small heating stove and pipes for the inside room.

I am quite satisfied that Miss Glover understands the work thoroughly, and will make a success of this school if anyone can.I would ask that her request meet with your favorable consideration.

The school she was teaching in last year is now vacant,where her salary was $1400 , and she states she could go right back there,but that if the Department will grant her request she would be satisfied to remain here at least a year.

In reply I beg to say that it is noted that you have taken this matter up with Dr. Strang and that it has been adjusted.

As you have probably seen by the press, the bonus has again been granted for the next fiscal year, but at a reduction of 25% from that provided for the current year. It has not yet been decided as to whether this reduction will apply in the case of the bonus to teachers.

It is noted that you are sending a supply of furnishings for the teacher's residence from the supplies which you have on hand.

SCHOOLS:

There is a Day School situated in this Agency about a quarter of a mile from the Agency headquarters. The school is conducted by Miss Glover, whom I found to be very interested in her work, and I believe is quite a capable teacher. I, however, found the attendance at the school away below what it should be. There are 28 children on roll - 17 girls and 11 boys, who are entered in the following grades -

Grade 1	14
2	8
3	4
4	1
5	1
	28

Taken for the last six months, the attendance in the fall was from 8 to 14 a month, in January it went down to 6.26, which shows that not one-quarter of the number of children were attending during January. As this was not a very satisfactory showing, I had a meeting of the parents, and discussed the school question with them, and showed them that this state of affairs could not continue, as unless the attendance was better than at present, the Department would probably be obliged to close the school, and in that event the children would have to be sent to a boarding school. On no Reserve have I ever found the Indians so averse to sending their children to boarding schools as they seem to be under the impression that it is practically the same to send their children there as to send them to their graves. They are, therefore, very anxious to keep the Day School going, and as seventy-five per cent of the parents are school graduates themselves, they believe in education. The low attendance at the school is not altogether the fault of the parents, although to a great extent it is; a number of the boys are sent to school every morning, but instead of going to school, they play around the Reserve, and about the time the other children are coming from school, they join in with them and go home. In some cases, the Indians are really living too far from the school, those living on the south end of the Reserve are about six miles from school, and those living on the north-west portion of the Reserve are about seven miles from school, and several of the children have got to travel from three to five miles, and as a number of them are young, it is really too far to send them in cold weather. The Agent claims he has time and time visited the parents and talked to them and to the children about attending school, but without much results. I think, however, that my meeting with the Indians will stimulate their interest, as I made the situation very plain to them, and the second day I was on the Reserve, there was an attendance of 14 at the school, and on the third day there were 16, although both days were stormy.

Several of the Indians made the request that a conveyance be supplied from each end of the Reserve to take

the children to and from school, as was the custom a number of years ago. I advised them that the attendance so far did not warrant this expenditure, and as the winter was nearly over, and the summer coming on, this could not be considered at present. If the attendance is good during the next six months, it might be well to consider some kind of a conveyance to take the children to school. This, however, is only a suggestion.

The school itself is in good repair, and was clean and tidy. The teacher lives in a small residence, just back of the school.

"I would also draw your attention to the Inspector's remarks with reference to the school attendance, in regard to which we have always had trouble at this Agency, although this is one of the best Indian day schools in the Province, and it seems to me, in view of the Inspector's warning to the parents of the children, that if there is no improvement in the attendance, the Department should take steps to send three or four of the pupils who absent themselves from school most frequently to a boarding school. I think that such a step would have a tendency to improve matters. You are doubtless aware that at one time two teams were employed in conveying children to and from the school, but this practice was abandoned as the attendance did not warrant such an expenditure."

x x x x

Mr. Inspector Christianson, in a report dated February 27, 1922, states that Miss Glover, the Teacher at the Assinaboine Day School, is capable and interested in her work. 28 were enrolled and the average attendance for January was 6.26. The Inspector had a meeting of the parents and informed them that, if the school attendance did not improve, the Department would consider closing the day school and assign the children to residential schools. The parents seem to believe in education, but are adverse to sending their children to residential schools. The Inspector promised consideration to a conveyance to bring the children from the farther homes to the school next winter, if the attendance kept up at an encouraging rate for the coming summer and fall.

The school was clean and tidy - the teacher lives in a small residence immediately behind the school.

Sir:-

I have to refer to a matter arising out of your letter of the 2nd instant, which accompanied Mr. Inspector Christianson's report on the Assinaboine agency.

The Department has noted your recommendation to send to a residential school three or four of the pupils who absent themselves frequently from the Assinaboine Indian Day School. In the Inspector's report it is stated that the parents were warned and that an improvement in the attendance was noticeable immediately.

In reply, I beg to state that the Department will keep in mind your suggestion and, if the average attendance continues to show the presence of delinquency, steps will be taken to commit the worst offenders to the proper residential schools.

Sir:-

I have to refer to a matter arising out of the report of Mr. Inspector Christianson, on the Assiniboine Indian Day School.

It appears that there is considerable delinquency on the part of some of the Indian pupils, and the Department, at the suggestion of Mr. Commissioner Graham, is prepared to commit the worst offenders to residential schools, if the Inspector's warning to the parents is not heeded.

You might keep this in mind and intimate to the Department, in the course of a few weeks, whether or not there has been a noticeable improvement in the attendance at the Assiniboine Indian Day School.

Sir:-

I wish to refer to official communication of this file number, of the 29th of March, last. The Department would be pleased to have a report from you, concerning the attendance at the Assiniboine Indian Day School. At times it is thought desirable to have a communication from our representative in the field, embodying his opinion as to the advisability of continuing Indian day schools which are more or less unsuccessful.

The report for the quarter ended the 30th September shows an enrolment of 26 and an average attendance of 10. What is the general success and what interest is evinced by the Indian parents living in the immediate vicinity?

Sir,

With reference to your letter of the 28th ultimo No.I02-I-I, in connection with the attendance at the Assiniboine Indian Day School.

In reply I beg to say that from the time of Mr. Inspector Christianson's inspection last winter of this school, every effort has been made to endeavour to have the parents send their children to this school more regularly, and some of the worst delinquents have since been sent to Boarding Schools. In some cases it is not altogether the fault of the parents as they have sent their children from home to go to school but the children have not always put in an appearance.

For some years it has been a source of great dissatisfaction amongst the Indians that the school is situated where it is, and not in a more central location on the Reserve. According to the accompanying diagram it will be seen that most of the children who should now be attending this Day School have a long way to come, and this is an excuse for non-attendance which the Indians have put before me on several occasions.

It is extremely difficult in any case where the children are living with the uneducated Indians to get the parents to realize the importance of education and any excuse is put forward for their being absent.

With the younger generation where English is always spoken in the homes the situation would not present so many difficulties if the school was in a more central location; but where children have to go such a long distance especially in stormy or cold weather, there is a constant anxiety resting on the parents from the time the children leave home in the mornings until they arrive home again in the afternoon.

Another important factor and objection is that amongst some of the younger Indian parents who want their children to go to school; in order to insure a regular attendance they are compelled to have them boarding with some of their older relations (generally uneducated and old time Indians) who live in closer proximity to the school. This means over crowding in the houses which is generally from the stand point of sanitation alone more of a detriment than a benefit.

There is no denying the fact that this Day School is not a success, and unless some means can be taken to take away the excuses and I may say in some cases valid reasons for non- attendance the probability of making it a success is very remote.

From the other view point, supposing the school was moved to a more central location the doubt arises of the difficulty in getting a teacher to go and live near the school and practically 3 miles by the road from the Agency. The teacher here has no means of transportation or of obtaining her supplies except when she goes into town or sends with some of the Agency people who are going to town; and would be isolated to a certain degree from white communication . I know that in certain isolated school districts in the foreign settlements around where the teacher has to live by him or herself at the school the Department of Education has to allow a very high rate of salary in order to get a suitable teacher to live under such conditions.

I understand that some years ago there was a system of having the children driven to and from school. Requests have been made to me from time to time by some of the Indians to have this started up again; but it was not a success then and had to be abandoned, and I feel sure it would not be any more of a success to-day than it was before.

In conclusion I beg to say I have endeavoured to explain to the Department as fully as possible the difficulties there are to contend with in connection with this school: and I would appreciate any suggestions the Department might offer as a means of overcoming our present troubles in this direction.

I have the honour to be

Sir

Sir:-

I have to acknowledge your No. A-105 of the 8th instant, referring to the attendance and general usefulness of the Assiniboine Indian Day School. Your careful and clear report has been examined with interest, and the Department agrees with you that it is most difficult to arrive at a satisfactory solution of the difficulties that prevent a complete success at this school.

It has been suggested that the school building be moved, not to the proposed site as mentioned in your plan, but to the northwest corner of Section 21, provided however, that a suitable site can be secured; that the building is in condition to be moved; and if the expense incidental to the moving is not too high. The teacher and the Hotomani children would be the only ones interested that would be farther from the school if it were moved. The Perniece, Little Chief and Owatch families would be about the same distance. The merit in such a move would be that the school would be closer for the children in the following families:- Good Voice, Gray, Rider, Moon Face, Medicine Rope, Haywahe and Iron Star.

Would you indicate whether this plan recommends itself to you, the possibility of securing a suitable site and moving the school, also give a rough estimate of the cost.

Dear Dr. Scott,-

601 1909

A few days ago, I wrote you stating that Miss Glover, teacher at Hurricane Hills, had submitted her resignation. On the recommendation of Dr. Strang, I am now forwarding for your approval, the name of Miss Pearl Freeman of Regina. Miss Freeman possesses a Second Class Non-professional Certificate and will complete her Third Class Normal training in Regina Normal School in the course of a few days. She is willing to accept the position as teacher after January 1st, 1923. I understand the salary will be $900.00 for 210 teaching days together with any bonus which the Government may choose to pay. We are taking it for granted also, that you will supply the three-roomed cottage, furnished, as hitherto. In a letter I have from Dr. Strang I understand that Commissioner Graham is also willing to recommend Miss Freeman.

Hoping for your approval, I am

Yours sincerely,

OTTAWA, Dec. 23rd, 1922.

Rev. Sir! -

I have been directed to acknowledge the receipt of your letter of the 20th instant, nominating Miss Pearl Freeman, of Regina, for the position as teacher of the Assiniboine (Hurricane Hills) Indian Day School, and stating the qualifications which she possesses.

In reply I beg to say that the Department is pleased to approve of the appointment of Miss Freeman to begin duties when the school re-opens after the present Christmas holidays. The salary allowed her will be at the rate of $900 per annum for 200 teaching days. This will be supplemented by any bonus provided by law.

Miss Freeman may occupy the three-roomed cottage with furnishings which has been used by former teachers.

We are informing both the local Indian Agent and Mr. Commissioner Graham of the appointment of Miss Freeman.

I shall be pleased if you will arrange with her to be ready to commence duties as early as possible in January, next.

Your obedient servant,

J. D. McLean,

Sirs -

I beg to inform you that at the request of the Presbyterian Church authorities we are approving of the appointment of Miss Pearl Freeman to succeed Miss Glover as teacher of the Assiniboine Indian Day School.

Miss Freeman possesses a Second Class Non-professional Certificate, and has recently completed her Third Class Normal training in the Regina Normal School. The salary allowed her will be at the rate of $900 per annum, supplemented by any bonus provided by law.

Miss Freeman will likely begin duties when the school re-opens after the present Christmas holidays.

Both the Rev. J. H. Edmison, General Secretary of the Board of Home Missions of the Presbyterian Church, and Mr. Agent Wilson are being informed accordingly.

Sir: -

I have to acknowledge the receipt of your letter of the 16th instant, regarding the question of the removal of the Assiniboine Indian Day School to another site, and giving comparative statistics regarding the children who would benefit in the event of the present school being removed to one of the two sites mentioned.

In reply I have to thank you for the consideration and care which you have given this matter and for the information furnished. In view of the opinion which has been expressed by Mr. Commissioner Graham that the present location is as central as it is possible to have the school, and that the present conditions are bound to exist no matter where it is situated, and also in view of the cost involved, we are not prepared to authorise the removal of the school at the present time.

The estimate which you forwarded of the probable cost of moving the school and teacher's residence has been noted.

Dear Dr. Scott,-

We have just been notified by Dr. Strang, District Superintendent for Southern Saskatchewan, that Mrs. Pearl Clark (Miss Pearl Freeman) teacher at Assiniboia Day School, has tendered her resignation, this to take effect Oct. 5th.

We have pleasure in recommending Rev. Wm. Millar, B.A. who holds a teacher's certificate for the province of Manitoba, as successor. Mr. Millar, in addition to his care of the school, will do any mission work that is necessary on the reserve. He will live in the Presbyterian Mission House.

Some time ago I took this matter up with Mr. Ferrier and he intimated that it would be quite all right for the Presbyterian Church to secure someone who could take charge of the school and carry on the mission work. We, of course, would advise Mr. Millar that there will be a few Roman Catholic children in the school and nothing sectarian can be introduced into the day school curriculum. We are assuming that the Government will continue the salary of $1000 a year paid to former teachers at this point.

Kindly let me know at once, preferably by wire, if this appointment finds your approval. Mr. Millar is at present at Chauvin, Alta. and it will take some time to get released from his charge. We expect that he can begin work at latest by Oct. 10th.

Yours sincerely,

Dear Dr. Edmison:

I have your letter of the 24th instant, relative to the position of teacher at the Assiniboine Indian Day School. I have to confirm my telegram, of today's date, as follows: -

"Appointment Reverend Millar to Assiniboine school approved, salary one thousand."

The Rev. Mr. Millar's qualifications are such that we can allow him a salary of $1000 for the 10 teaching months, plus any bonus provided by law. You would do well to advise Mr. Millar of the fact that there may be a few Roman Catholic children on the school roll, and, in this event, he should limit his classroom activities to those of a purely academic nature. Our western representatives are being informed of this appointment and will give the Rev. Mr. Millar any help they can.

Yours very truly,

Deputy Superintendent General.

Sir,

I have to inform you that the Presbyterian Church authorities have nominated Rev. William Millar, B. A., who holds a Teacher's Certificate for the Province of Manitoba, as teacher of the Assiniboine Indian Day School to succeed Miss Pearl Freeman (Mrs. Pearl Clark). The Department has approved of the appointment of Mr. Millar and the salary allowed him will be at the rate of $1000 per annum, supplemented by the bonus provided by law.

Besides teaching the school, Mr. Millar will do any mission work that is necessary on the reserve. He will reside in the Presbyterian mission house. There may be a few Roman Catholic children who will attend, and, in this event, Mr. Millar is to limit his classroom activities to those of a purely academic nature. I have to request that you will give him any assistance you can in his work at this school.

Sir:

I have to inform you that the Presbyterian Church authorities have nominated Rev. William Millar, B. A., who holds a Teacher's Certificate for the Province of Manitoba, as teacher and missionary on the Assiniboine Reserve. He will succeed Miss Pearl Freeman (Mrs. Pearl Clark) who resigned, as teacher. The salary allowed Mr. Millar will be at the rate of $1000 per annum, supplemented by the bonus provided by law.

Besides his duties as teacher, Mr. Millar will do any mission work that is necessary on the reserve and will live in the Presbyterian mission house. As there may be a few Roman Catholic children on the school roll, he has been instructed that he is to limit his classroom activities to those of a purely academic nature.

Extract from Inspector's Report on the ASSINIBOINE INDIAN DAY SCHOOL. October 19, 1923.

There were none of the ten Catholic children present the day of my visit nor had they been attending for some time. I have heard that they object to the teacher always being a protestant as the present regulation requires where the majority of the children are of that faith. It may be that the Catholic Indians are being inspired from outside sources to raise this objection but it might be well to avoid even the appearance of partiality by changing, if possible that regulation when throwing the appointment of, when next it becomes vacant, to all comers irrespective of creed and everything else except academic and other fitness for the post. Whatever the cause or the remedy the present situation should be grappled with vigourously if we would avoid the critism that the education of the Indian children is not being well administered.

Extract for 102-1-1

Extract from Inspector's Report on the ASSINIBOINE DAY SCHOOL. OCTOBER 24, 1924.

There should be more manual work for the boys and more sewing, cutting out and making up of dresses and other garments for the girls. Out of these exercises might originate much of the reading, arithmetic and composition. The pupils would have a motive for reading, for writing and for composition, if the problems, the reading and the themes were thus taken from their work and with the introduction of strong motivation and interest, much more progress should be made. It is a great pity that most of the pupils leave school with a poor grade III standing. Indian stories and stories of the little people of other lands should be freely used. The interest, I am sure, the children would take in this kind of reading would accelarate immensely their acquisition of reading. Oral Language or conversation lessons should be featured as also singing. Every effort should be made to give the children, while they are in school the ability to express themselves in easy idiomatic English. For this purpose the supply of books is all too scanty. There are more than enough texts- Arithmetics, Grammars, Composition books, Geographies, etc., but a very poor supply of supplementary reading material.

I would however repeat my suggestion of last year that oral language lessons should be featured, following the method outlined say in the Ontario Manual and that the ability of the pupils to speak English be specially aimed at.

The public school inspector in his report of inspection of the Assiniboine Indian Day School, states that there should be more manual work for the boys and more sewing, cutting out and making up of dresses and other garments for the girls, as out of these exercises might originate much of the reading, aritlmetic and composition and much more progress would be made. The inspector recommends that Indian stories and stories of the little people of other lands be freely used and that the interest the children would take in this kind of reading would accelerate immensely their acquisition of reading. Oral lnaguage or conversation lessons should be featured as also singing and every effort should be made to give the children the ability to express themselves in easy idiomatic English. He further recommends that for this purpose a supply of supplementary reading material should be furnished.

You should consult the teacher regarding the suggestions made by the inspector to improve the classroom instruction and suggest any action that should be taken. You should have the teacher prepare a requisition for any material he may require and also for any supplementary reading books. When this requisition is received every attention will be given to supply the material and books asked for.

I am enclosing herewith a report on the Day School on the Assiniboine Reserve, which was inspected by Miss Gerry, Travelling Nurse, on the 21st ultimo. The teacher at this school is an elderly man with one arm, which probably accounts for the untidy condition which the Nurse complains of in connection with the school. I am writing to the Agent in regard to this matter and requesting him to see that the condition is remedied.

I beg to enclose herewith a report on the Assiniboine Day School, which was inspected by Mr. James Little. The question of keeping up the attendance has always been a problem at this school, and I believe the Department would be justified in seriously considering the closing of the school and sending the children to a boarding school, and I think we would get better results. There is accommodation for them at File Hills and Elkhorn.

Success: Fair.

Attendance: So poor that no teacher could do good work.

. . . . . .

Suggestions: That an attendance officer be appointed, who will round up, each day, the children not at school. I understand that the Indian does not take school education seriously: the children remain at home for trivial causes or for no cause at all. An attendance officer might be engaged for three months as an experiment. He might have a conveyance for taking the children to school. The work at school should be made more winsome, more adapted to the nature of the child and especially to the Indian child. I would suggest plenty of singing, school concerts: a good supply of equipment for games and sports. Could you not supply a specialist for a month or two to try some of these suggestions.

I have to inform you that the attendance is so poor at the Assiniboine Indian Day School, that the Department is seriously considering the advisability of it early closing and the placing of the children in residential schools. The Public School Inspector and others have reported fairly favourably concerning the Rev. W. Rev. J.H. Edmison, D.D.,
299 Queen St. West.
Toronto, Ontario.

Dear Dr. Edmison:

I got your letter a few days ago with a copy of a letter bearing date of November 24th, from J.D. McLean, Ottawa, advising you that the Indian Department is seriously considering the advisability of the early closing the Assiniboine Indian Day School and placing the children in residential school because of the irregular attendance. You advise me that you would like my judgement on this matter and also that of Rev. R.J. McDonald, the Home Mission Convener.

I at once advised Rev. Wm.Miller , the teacher missionary that we would visit the Reserve and consult the parents about this important matter. I also advised Mr. McDonald and he was willing to make the trip down. In reply Mr. Miller by phone advised me that owing to the deep snow and the cold weather that it would be impossible to get the parents to attend a meeting. I asked him to write me fully concerning this matter. I got his letter to-day. He says that the average attendance for October was 8.5, for November 9.6, for last week 9.2, for the week before 11.2 and for the week before that 13. He says the attendance is better in the winter than in the summer, except in extreme weather. He told the children that there was danger of the school being closed unless there was a better attendance. He also advised me that he would tell the parents. He says the parents would raise quite a howl if the school were closed. He says that there are only five children within three miles of school and that the rest are from three to six miles.

In 1913 the Indian Department provided transportation by buss to and from the school and dinner for the children. I am of opinion that this should be done again. The attendance of white children who had to come from three to six miles to school this weather would not likely be at all satisfactory. The transportation plan was discontinued when the war broke out and has not been resumed. I am of opinion that it should be. I hope that the Indian Department will not take any hasty action in this. I think that Presbytery will very strongly oppose closing the school. If a strong resolution from Presbytery and a petition from the parents of the children will be of any value, we shall be glad to get it for you.

I think the buss plan of getting the children to and from school should be urged upon the Indian Department. This would solve the difficulty.

I am.

Yours sincerely.

COMMISSIONER'S OFFICE,

REGINA, SASK., December 30th, 1926

Sir:-

I beg to acknowledge receipt of your letter of the 15th. ultimo #102-1-1 with reference to the unsatisfactory conditions existing at the Assiniboine Day School. You inform me that the church authorities do not concur in my proposal to close the school, and that it has been urged that the Department convey the children to the classroom, owing to the long distances which many of them have to come.

I have looked into this matter and find that there are 54 children living three miles or more from the school, twenty of these being of school age. There are 25 children living within three miles, nine being of school age. Nine of the first 54 children mentioned who are of school age have from five to six miles to travel to get to school.

I really do not know what to recommend. We have not had success in the past by conveying children to school, but we might give it another trial. It might cost from $1.00 to $1.50 a day for a man to drive these children, but I am not sure about this. If you wish me to go further into the matter of cost, etc. I will do so.

I have your No. 301-11 of the 30th ultimo, with reference to the question of arranging for the conveyance of the children of school age to and from the Assiniboine Indian Day School each day it is in operation. It is noted that there are some twenty children of school age who reside three miles or more from the school and nine of school age living within three miles.

As the Church authorities have urged that the Department arrange for the conveyance of the children to the school, I shall be pleased if you will enquire further into the cost of the services of a man and a suitable conveyance to drive the children from their homes to the school and return each school day. If arrangements could be made for this service at a reasonable rate, the Department would be prepared to give the plan a trial. I shall be pleased to have full particulars as to the arrangements that you would advise be made, as well as the cost.

This would take in all the children who are more than two miles from the school with the exception of those of C. Rider Jr. and P. For some time, I ~~have~~ given consideration to the question of driving to school 14 children on the Assiniboine reserve who are more than 2 miles from the site of the classroom. Mr. Commissioner Graham has secured the offer of an Indian to do this driving for $2.25 per day. If the scheme was successful, the day school would be really worth while, as there is already an average attendance of 9 other children. I wish to recommend that the special activity be given a trial for the remainder of this academic year.

Ottawa, January 25, 1927.

[redacted]

I have your No. 301-11 of the 24th instant, relative to the conveying of the children of school age to and from the Assiniboine Indian Day School each day it is in operation. In this connection it is noted that arrangements can be made at a cost of $2.25 per day to convey all the children who reside more than two miles from the school, with the exception of the two families mentioned by you who live on the west side of the Reserve.

The Department will approve of this scheme being given a trial for the remainder of the present school year, to June 30th next. You may, therefore, arrange for the conveying of the children each school day. The cost of this service should not exceed your estimate. Vouchers should be forwarded from time to time for payment of this service. This arrangement is to be carried out, as stated, during the present school year only. The continuing of this arrangement for another year will depend entirely upon the success which is met with during the present year.

It is hoped that this arrangement will lead to a greatly improved and more regular attendance.

Your obedient servant,

J. D. McLEAN

REGINA, SASK. Jan. 23rd, 1928.

Inspector Hamilton's Report on the Day School, Assiniboine Agency.

Dear Mr. Graham:-

I beg to submit the following report on the Assiniboine Day School, inspected January 17th, 1928.

The roll call here numbers 30 - 11 boys and 19 girls. Those present on the day of my visit numbered 18, and this number has not been exceeded except on one occasion when 19 were present. The average for the quarter ending December was 14.4, and that of September 13.6. The children are hauled to school, but even in spite of this, they remain home if the least excuse can be found.

The classroom has been nicely decorated since my last inspection, and is much brighter and more cheerful. I noticed a number of children had their coats in the classroom instead of hanging in the cloakroom. However, on examination, I found all the hooks but three either gone or broken. This certainly must be due to carelessness as the remaining hooks show that they were made of heavy material and would not break with ordinary

The pupils are arranged in three grades, namely:-

Grade 2	" 17	"
Grade 5	" 5	"

The work examined was only fair, and in view of the discipline, I doubt if very much progress is made. The children, when in class, stood in any manner and, if possible, leaned against the wall or lounged on the front seat. In fact, they hardly appeared to know what it meant to stand in a straight row.

Dinner is served in the basement, but it certainly did not present a very clean appearance. I believe it is difficult to keep this place in decent shape on account of the coal bin and furnace. The floor was quite dirty with coal dust and ashes. I found some dishes not put away and the dirty dish water was still in the dishpan on the stove. I realize that this is far from a satisfactory kitchen and dining room, and yet I believe it could be greatly improved if more strict supervision were maintained.

The cistern pump would not work, and I found about half the pipes leading from the furnace disconnected, either broke at the elbows or pulled apart. The check damper in the furnace is also apart and should be repaired. The Agent informed me that he had this furnace repaired some time ago, and apparently the present condition is due largely to the rough manner in which the children carry on. Some of the furnace pipes are badly dinged and bent and apparently have been hit by something. The basement wall was whitewashed at one time, but is now dirty. One or two coats of lime would brighten the place and give it a cleaner appearance.

The school has also been painted outside, and the work apparently well done. The fence was repaired and painted. However, I noticed one or two pickets

PUBLIC ARCHIVES

pickets were already broken. Two swings were erected from which the children have derived a great deal of pleasure.

The wooden pump in the school yard I found frozen solid. The head was split and I have no doubt that the lower pieces are damaged if not destroyed. This certainly shows lack of interest and could have been avoided had anyone been interested enough to attend to the matter.

As mentioned in other reports, Mr. Millar has only one arm and can hardly be expected to do much repair, yet I do think he could exert himself more; at least the children could be made to use more care as regards government property, and continual repair should not be necessary.

I have the honour to be,

Sir,

Your obedient servant,

A. G. Hamilton,
Inspector of Indian Agencies.

COMMISSIONER'S OFFICE.
REGINA, SASK., January 26th, 1928

Dear Mr. Scott:-

I am enclosing herewith Mr. Hamilton's report on the Day School in the Assiniboine Agency and I regret that conditions are not a lot better than they are. With an enrolment of 30 children and an average attendance of 13.6 and 14.4 respectively for the quarters ending September and December there is something radically wrong and it seems to me that this is a field where we should send the children to Boarding School. As matters stand it just means that these children are receiving a very indifferent education and the Government is paying for it.

I may say that last year I visited this school and saw that the interior of the classroom had been sadly neglected and it was the duty of the teacher and the Agent to report on this matter before allowing it to get down to the condition in which I found it. However, the Department came to the rescue and put the classroom in first-class shape. The fence was also in a dilapidated condition when I was there and it was put in good repair and now the Inspector reports that some of the pickets have already been broken. I think the teacher is responsible for this and it looks as though he is just letting things go, even though it might be a simple matter to keep them up.

The Inspector reports that the basement was not in good shape. Now there are girls at the school, and even boys, who could keep the basement spotlessly clean if the teacher knew his business, but he seems to be an indifferent, easy-going man. I have gone down into the basement of this school in the early days and found it immaculate, and the furnace being there would not mitigate greatly against keeping it clean if those in -charge-

charge of the school were alert. I am instructing the Agent to purchase a bushel of lime and a couple of whitewash brushes, which will not cost very much, and to go to the school and supervise the sweeping and whitewashing of the basement and then instruct the teacher that the place must be kept clean.

You will note what the Inspector says regarding the wooden pump in the yard. I think the teacher could have had this repaired, in fact I question whether it would have frozen up at all if proper care had been taken. The cistern pump should also have been attended to, as well as the furnace pipes which are reported to be in very bad shape. The fact is that Mr. Millar is not qualified to fill the position as it should be filled, and it seems to me if the Department cannot get rid of him he should at least be given to understand very clearly what his duties are and what is expected of him.

The Agent is being instructed to see that the furnace and the pumps at this school are put in proper shape without delay.

Yours very truly,

Wm. Graham

February 1, 1928.

Dear Dr. Manning:

Recent reports indicate that little progress is being made at the Assiniboine Indian Day School, in southern Saskatchewan. Rev. Mr. Millar is finishing his fifth year at this point and has received considerable departmental support in connection with any suggestions that would make for a successful school activity. A hot lunch is provided for the pupils and they are drawn to school by vans. The average attendance continues to be unsatisfactory, the physical equipment is suffering from lack of care and the school, generally, is not kept in a clean condition.

It is true that the teacher cannot give his personal attention to the whole activity, but he is directly responsible and I am satisfied that it is time to effect a change. I should be very grateful if you could arrange to have a teacher with bright methods of instruction and with a practical turn of mind appointed to this important day school for the first of September, next. For a fully qualified incumbent, the Department will allow a salary of $100 per teaching month.

Yours very truly,

Dear Mr. Graham:

I have your 301-11 of the 26th ultimo, enclosing Mr. Inspector Hamilton's report on the Assiniboine Indian Day School. I believe the only conclusion that can be drawn from this report is that the Reverend Mr. Millar is hardly suited for this post. Dear Sir,

I recd notice that my services as teacher are to end on Aug. 31st.

I was informed at the office that the inspector reported the school basement as dirty. It was swept out every school day by the children. If it was not clean, it is because no provision had been made to have it scrubbed out as often as the floor upstairs. The floor in the school room is oiled and easily swept clean. The basement floor at the end where the stove and tables are is rough finished and stained with oil in places. It is a dirty gray color and does not look clean even when scrubbed. The nurse who was here the week after the inspector, said the only way to clean the basement floor was to have it scrubbed. The caretaker got instruction at the office in regard to her duties. I saw the floor was swept as my duty, so I don't see why I should be punished.

The basement walls were never whitewashed until after I came. They have been " since once since the inspector's visit

The health and appearance of the children are much improved the last four years. I think they have made fair progress considering the irregularity of attendance.

I am writing this to let you know how I feel about the matter hoping you will reconsider it.

INSPECTOR HAMILTON'S REPORT OF ASSINIBOINE DAY SCHOOL

Dear Mr. Graham:-

I have the honour to submit the following report on the Assiniboine Indian Day School, inspected on January 8th, 1932.

This school is in charge of Miss F. Hodgson and splendid results are being obtained.

The roll calls for 35 pupils and 32 were present. The average attendance for the three months of the last quarter being October 29.04; November 31.25; and December 30.56, and for the term 30.24.

The grades are arranged as follows;-

Grade 1 - 14
" 2 - 7
" 3 - 8
" 5 - 6

These children speak out well, are attentive, and I found the exercise books tidy. Prior to the present teacher taking over this work, the children would not speak above a whisper and singing was entirely out of the question. They are now able to sing quite well and the selections are bright and entertaining.

A noonday meal is served in the basement of the school. The children do most of the work in regard to preparing the vegetables and the washing and cleaning up of the dishes. This is a splendid training for girls and they appear to take pride in doing well any duties assigned to them. The usual constituent of soup made from beef, vegetables, - rice and barley. -

rice, and barley. Biscuits are served, and cocoa or milk given as a drink. I understand fruit and puddings are often served, especially in warm weather in place of soup.

An effort has been made each year to grow a garden, but with little success on account of lack of moisture. However this work will be tried again and any vegetables raised will be used in the serving of the noon meal.

The interior of the school was clean throughout and all cupboards tidy. The classroom had been redecorated this year and is bright and cheerful. The new furnace has given good service, and it is much easier now to keep the school clean.

A school van is operated, but does not by any means serve all the pupils. It is however a great help and I believe one reason for the excellent attendance.

This school is one of the best operated Indian Day Schools I visit, and uniformly good progress is being made.

I have the honour to be,

Sir,

Your obedient servant,

A. G. Hamilton,
Inspector of Indian Agencies.

Dear Sir,-

For the past twelve years I have been teaching in the Assiniboine Indian Day School. Last July I helped with the Indian exhibit at the Regina Exhibition and during that time had several talks with Inspector Christianson regarding the work of an Indian Day School teacher. We discussed the value and the possibility of holding a conference of Indian Day School teachers and Mr. Christianson suggested that I write to all the teachers in this province to get their opinion of such a conference and any

suggestions they might have to offer as to a time and place of meeting.

Some time ago I wrote to the twenty-two teachers and have had replies from seventeen of them. All expressed themselves as being very much in favor of a convention although several of them felt that the great distances and poor means of transportation would make it very difficult for them to attend. Some of them pledged themselves to be present if a conference could be arranged. Several mentioned matters they would like to have discussed - i.e. a course of studies especially for Indian Day Schools and superannuation for teachers.

An attempt has been made by a few of our teachers to have the Indian Day School teachers of this province included in the Dept. Teachers Superannuation scheme from which we are at present excluded because we are employed by the Federal Government. Some progress has been made along this line and it is felt by some

that if we had an organization through which to work we might succeed in our aim.

A few of the teachers said that they are in the habit of attending the local convention of white school teachers but have found that these conventions do not prove so very helpful to teachers of Indian schools.

Earlier this month I was in Regina and spent some time with Mr. Christianson. He read the replies I had received to my letter and then suggested that I write to you telling you what has been done and asking for your advice on the matter.

The teachers are all agreed that a convention would be of great help in our work and would like to see some action along this line

Yours respectfully.

Ottawa, March 29, 1941.

Dear Miss Hodgson:

I have for acknowledgment your letter of the 24th instant, in which you discuss the desirability of organising a convention of teachers employed at Indian day schools in the province of Saskatchewan.

You may be interested to learn that a comparatively small group of Indian day school teachers employed at our schools in western Ontario have held a convention annually during the last three or four years. The attendance at such conventions is, however, as you can readily suppose, very small, and it is exceedingly difficult to create at these conventions the enthusiasm usually in evidence at the larger conventions of public school teachers. If the conventions you have in mind were called during the holiday period, the Department could have no valid objection. I am personally of the opinion, however, that the costs involved would prove in many cases almost prohibitive.

I am particularly anxious, however, that no misunderstanding should exist in respect to certain matters that might come up for discussion at such a conference, if it were held. The question of establishing a superannuation fund for teachers employed at Indian day and residential schools has come up for discussion and review on at least a dozen occasions since I entered the Department 5 years ago. I have taken a personal interest in this matter, in the hope that ways and means would be found of enabling our teachers to qualify for superannuation allowances. I am convinced that, for the time being at least, the obstacles standing in the way of a superannuation act are insurmountable. This matter has been discussed with groups of teachers, with representatives of the churches and with representatives of teachers' organizations throughout the Dominion, and no group at this date has submitted a plan that would be likely to prove practicable and acceptable to the churches on the one hand and the government on the other. In this connection I am sending forward, for your personal information, copy of a letter dated April 3, 1939, directed to the Minister of Education in Saskatchewan by the Minister of Mines and Resources. If it were difficult to establish such a fund in normal times, it is not likely that greater consideration will be given to the creation of such a fund at a time when this nation is fighting for its existence.

In respect to the curriculum now in use at Indian schools in the various provinces, I may state that

the Inspector of Indian Schools in the province of British Columbia, who is an employe of this Department, has over a period of 4 or 5 years completely reorganized the courses of study at his schools. I am sending forward also, for your information, a number of excerpts taken from his most recent reports to the Department. I am convinced that the courses of study now in force at our schools in British Columbia will compare favourably with courses of study anywhere in the Dominion.

We have now on our staff here a man who has had 23 years' experience in public school work. This man has also had years of experience in vocational instruction. He is engaged at present in a study of the curriculum in use at Indian day schools in the other provinces of the Dominion. He is making a complete study, also, of the text books in use at our schools, including supplementary readers. He has already prepared a text book dealing with the conservation of wild life, for use in our own schools. This book is now in the hands of the publishers. It is our hope that the funds at our disposal will enable this official to visit a number of our schools in the immediate future. We shall be glad to welcome suggestions from our teachers at any time. No doubt, many of these suggestions will prove valuable in working out new courses of study.

I am sending forward a copy of this letter to the General Superintendent of Indian Agencies at Regina, Mr. Christianson. It is just possible that you may desire to discuss the matter with him again before reaching a decision.

Dear Sir:

I wish to report on an inspection made on the Assiniboine Day School.

At the time of my visit there were 37 children present and I was informed that there were 5 more children to come in after the holidays. The average attendance throughout the Winter was around 30 and owing to a lot of sickness such as measles, and 'Flu the average attendance was cut down. However, when you consider the distances some of these children have to travel I consider that this attendance is very good.

The building itself is in good state of repair and all of the equipment is well looked after. The children all looked very well and my impression was that here is a Day School that is doing splendid work on the Reserve. Miss F. Hodgson, I believe, is an excellent teacher and puts her whole heart into the work, therefore obtaining excellent results. I also believe that both the Agent and Farming Instructor give her every assistance in seeing that the children of this Reserve attend regularly.

Dear Sir:

Miss F. Hodgson, teacher of the Assiniboine Indian Day School, has just called at my office with respect to the condition of her health.

Miss Hodgson has undergone an appendix operation and consequently the school was closed for 11 days prior to the Easter holidays. She now informs me that her Doctor has given orders that she will have to convalesce for a couple of weeks more and therefore it will be necessary to close the school for another 9 days following the Easter holidays. In other words the school will be closed for 20 teaching days. I do not know whether teachers are allowed sick leave or not and I would like to be advised in the matter.

I might point out here that Miss Hodgson has been teaching in the Indian Department for 14 years and she states that she has lost only 2 days over that period of time as a result of ill health. She is doing very good work in the school and I feel that she should be given leave until she is ready to go back to teaching, which will be about April 24th next. However, if leave is not allowed to teachers Miss Hodgson is willing to make up this loss of time for the sake of herself and chiefly for the sake of her pupils, by starting school about the middle of September.

May I be advised on this matter by return mail.

Dear Sirs: Re Paul Moonface & Stephen Moonface, Assiniboine Reserve, Sintaluta, Sask.

Our client, Paul Moonface, Sr. of the Assiniboine Reserve, Sintaluta, Saskatchewan, has asked us to take up with your department the question of having his son, Stephen, excused from further attendance at school.

The boy in question, who is 14 years of age has been attending day school, but, unfortunately, did not get along very well with his teacher and quit some time before the end of last term. His Father tells us, however, that he is well advanced so far as school work is concerned, but now wishes to help his father on the farm. Mr. Moonface has had a number of other children, but this boy is the only one he has left to give him any assistance. The father is farming 160 acres of the reserve and has 9 head of cattle and 8 horses to look after as well.

For some time Mr. Moonface has been greatly handicapped in his work on account of having been afflicted with rheumatism during the last ten years.

Stephen is large for his age and well suited to assist his father with the farm work and, added to that he is most anxious to begin farming. In these times when help is so scarce we feel that it would probably be a good thing to permit the boy to leave school and we would ask that the necessary permission be given.

Thanking you in anticipation for an early reply,

We are,

Dear Sir:

I am sending forward herewith copy of a letter received by this Department from L. McK. Robinson, K.C., Indian Head, Saskatchewan. The subject matter of this letter, you will note, is self-explanatory.

The officials here are not at all sure that the Department has power to grant this request. Sub-section 10 of the Indian Act reads, in part, as follows:

"Every Indian child between the full ages of 7 and 16 years, who is physically able, shall attend such day, industrial or boarding school as may be designated by the Superintendent General."

In a period as critical, however, as the one in which we find ourselves it might be possible to reach an agreement whereby this Indian would send his son to school during the winter months, at least. This is a matter which, in our judgment, might well be discussed between the Indian Agent and the parties concerned. You might let the Department know, in due course, what decision has been reached and you might also communicate with Mr. Robinson in respect to the matter.

With reference to the second paragraph of your letter and to the school on the Assiniboine Reserve, I wrote you a personal letter on July 30th last asking that the teacher who is there be transferred and I was advised by you that she was to be transferred to the Cote Indian Day School. Behold my surprise when I learnt that she is back teaching at Assiniboine. I then wrote to you immediately but I have received no reply. You know how anxious I am to have this woman transferred from the Assiniboine Reserve and for Heaven's sake let's do it before there is more trouble. You have several reports o on Miss Hodgson's capabilities as set forth by the school superintendent's reports. Have these checked over and see what her standing is. We do not get these here now.

Lionel Grey started school in Sept. 1934 when 8 years of age. He attended 980 days - the equivalent of almost 5 school years. When he left school in June 1942 he was in Grade 5 and ready to enter Grade 6.

Floyd Grey started school in June 1936 at the age of 6 years. He attended 959 days - equal to 4 3/4 school years. When he left school in June 1942 he was in Grade 4.

Allan Grey started school in May 1935 at the age of 7 years. He attended 696 days or 3 1/2 school years. When he left school in June 1942 he was in Grade 3.

Elsie Grey started school in April 1939 just a few days after her fifth birthday. There is no record of her birth on the office file, and I was given to understand that Elsie was nearly 6 when she started school. In the first year she found her exceedingly slow and she learned very little more than just kindergarten work. In the following year when she was 6 she started the regular school work and when she left in June 1942 she was in Grade 2. Elsie attended 452 days or 2 1/4 school years.

I may say that as far as their work was concerned I found the two older children, Lionel and Floyd to be above average. Alan and Elsie were just average.

For some years I have maintained that the absences of Indian children - their inability to concentrate for any length of time is due to the fact that most, if not all of them suffer from malnutrition. I feel sure the reason the Grey children have done so well in the town school has been in part due to the fact that since their father joined the army these children have been better nourished than ever before.

I might also add that during the time I have been in charge of this school we have had regular visits from Provincial School Inspectors and their reports on the progress of the children have been on the whole satisfactory. One Inspector, who visited us for several years sometimes gave the children credit that had been especially prepared for us in white schools. This Inspector expressed himself as pleased with the results obtained by the Indian children. Knowing Mrs. Grey as I do, I am quite sure that any school Inspector would be a much better judge of what was being done in a school.

Report on Assiniboine Indian Day School.

I wish to inform you that while at the Assiniboine Reserve I visited the day school there.

I found there were thirty-one children on the roll call and at the time of my visit there were twenty-eight present. The average attendance during the last quarter was a little over twenty-three and the previous quarter there were a little over twenty-eight.

The children all looked well and appeared to be well dressed. I was informed by the teacher, Miss F. Hodgson, that the biscuits that are being furnished now by the Department are real good. A mid-day meal is given at this school and the teacher told me several of the children who were below weight when they came in the Fall have gained during the Winter time.

While I was at the school Miss Hodgson had the children go through their work and I was well pleased with what I saw. I believe the school is well conducted and good work is being carried on.

SCHOOLS

We have only one Day School at this Agency, which is the Assiniboine Day School at the Assiniboine reserve, the average attendance for the three months of April, May and June being 24.52, the number on the roll being 35, this average is somewhat lower than usual as we had an epidemic of influenza and the mumps both in April and May.

Miss F. Hodgson is the teacher in charge of the school and her work is very satisfactory.

Miss Hodgson also is in charge of the Home-makers Club this club meets every Thursday afternoon at the school house and is well attended, the members are very interested in their work and I consider that this club is doing good work and its influence is noticed in all the members homes, this club work is worthy of all the assistance that the Department can give it.

SCHOOLS:

The Day School at this Agency is being operated efficiently and with an enrolment of 38 pupils the attendance was for the preceeding three months was 31.

A garden was operated and sufficient vegetables was harvested for use during the winter months, the working of this school garden is very valuable training for the Indian children as there is no doubt that some of these children will continue to be interested in gardening later on in life.

I am enclosing herewith resignation of Miss Florence M. Hodgson, Teacher of the Assiniboine Indian Day School, Qu'Appelle Agency, effective June 30th, 1946.

I would recommend that this resignation be accepted and that the Church authorities be asked to nominate a successor for the position.

It is highly desirable that a married couple be appointed at the Assiniboine Reserve, preferably a male teacher whose wife could then assist him in his work. The present teacher's residence is the old office building of which a part has been made temporarily habitable for the teacher. If a married couple are selected this building should be changed somewhat as to the arrangement of partitions and it is badly in need of redecorating. I am writing to Indian Agent Booth to have a requisition prepared and forwarded as soon as possible for this purpose.

INDIAN RESIDENTIAL SCHOOL

LEBRET, SASKATCHEWAN

May 22,1946

Mr. J.P.B.Ostrander,
Inspector of Indian Agencies,
Regina, Sask.

Dear Mr. Ostrander:

I have been asked, last Sunday, to transmit to you the enclosed petition of the Assiniboine Indians; they wish it to be forwarded to Ottawa.

I may remark on this petition that the Indians want a residential school, by which I was given to understand that they want a semi-residential school (five-days a week); I can tell you that I believe Mr. Dan Kennedy is the one who gave them the idea; I told them the only thing they could hope for, and were entitled to, was a modern improved day-school, and perhaps some transportation facilities for the children who live beyond three miles of the school.

The number pf children indicated, both of school age, and under school age, is exact, according to my census; most every Catholic signed the petition; I believe their demands are just, and I am ready to recommend the erection of a day-school, suitable for at least 40 pupils, with facilities for lunches and transportation. There is a likely site, Half-way between the Agency and the Kennedys, at which all children would be within three miles of the proposed school.

I wonder if you could send word to Manoel Spencer, who originated the petition, that I have forwarded and recommended the petition, so he will be able to tell the others. I think Manoel Spencer did a good job of uniting the Indians and the members who signed the petition seem well disposed to cooperate with the Dept. and are all anxious to have a good school on the Reserve.

I am enclosing herewith petition signed by many Indians of the Assiniboine Reserve of the Qu'Appelle Agency, asking for the erection of a Catholic Boarding School on their reserve.

I do not recommend the erection of a boarding school but I do recommend the erection of a day school when funds and materials can be made available.

The present day school under the auspices of the United Church of Canada is not large enough to serve this reserve. A number of Catholic children are attending the Lebret School and would be available for the day school when one is opened. In addition, of course, there are many children on the reserve not attending school and who will be available for school in a short time.

I am enclosing herewith letter received from Reverend Father G. Laviolette, O.M.I., the Catholic Missionary for this reserve. With reference to the third paragraph thereof it will be noted that Father Laviolette states that there is a site on the reserve where a new school could be erected where all of the Catholic children would be within three miles of the proposed school. Consideration might be given to transportation part of the year but there are many white children in the West, and some Indian children, who travel three miles or more to school and attend regularly without any assistance from the Government. This should be kept in mind before any decision is made as to transportation.

Re: Day School for the Assiniboines.

My dear Mr. Phelan:

Reverend Father Laviolette, in charge of the above Assiniboines Reserve, has requested the building of a Catholic Day School for the Indian children. There are at the present time forty of school age; five of these attend the Lebret school, twenty-four attend the United Church Day School and ten do not go to school at all.

He informs me that inspector Ostrander has already recommended the erection of a Catholic Day School, so I hope that you will be able to provide for it in the coming estimates.

Re Assiniboine Day School.

I wish to report on the Assiniboine Day School and also to recommend some changes regarding it.

The Assiniboine school has been in operation for well over 40 years and during that time the Indian parents have given the school good support and there is no doubt that these Indians prefer this type of school in preference to the Boarding school, in fact it has always been somewhat of a task to get the parents to send their children away to school, to substantiate this statement I may say that even now some of the Indian parents are sending their children over six miles to this school in preference to having their children away from home, at present 9 of the pupils travel 6 miles to school and II more over 3½ miles.

During the month of December we had 38 pupils on the rol roll, with an average attendance of 32.53, but this month we have 4I on the roll and the average will be possible be 35, we also have 5 or 6 more children ready for school but these cannot be admitted as the school room is already overcrowded, I may say that 30 pupils would be sufficent for this school room

We have a building at this point that used to be the Agent's office and more recently used as a residence for the school teacher, but the present teacher is boarding withe the Farming-Instructor and wife, this building is 28 x 30 , built on a full size basement, with furnace installed, this building is divided as per enclosed sketch.

I would recommend that the room on the east be used as a class room and a second teacher be engaged, this teacher could be in charge of the junior grades, that is grades I and 2, there being 2I pupils at present in these two grades, if these junior grades were removed from the present school room it would allow us sufficent floor space

for thirty pupils.

If a second teacher was employed, the teacher could occupy the other two rooms in the building.

The cost of alterations to the room so as to be able to use it for school purposes would be approximately $200.00, this would cover the cost of having three more windows built in the east wall, black boards installed and the finished room two coats of paint, 15 more schools desks would be required for children ranging from six to eight years old.

The following items would also have to be inserted in the yearly estimates.

8 tons coal	@ 10:00	per ton	80.00
10 loads wood	@ 3.00	" load	30.00
Hauling coal	@ 1 50	" ton	15.00
sawing wood	@ 1:25	" load	12.50.

If the Department decide to operate a two room day school it would be an advantage to operate a school van, a school van route could be planned so as to pick up all pupils who live more than two miles from the school, the use of a van would of course practically make the attendance 100 % and would improve the punctuality.

We used to operate a school van at this point but no doubt to curtail expenses it was done away with, one of the Indians drove the van at a monthly salary of $45.00.

We have one or two Indians on this reserve who have fairly good trucks and no doubt one of them could be engaged for this purpose.

There are a number of R.C. children of school age on the Assiniboine Reserve and they and their Church are anxious to have an R.C. Day School started on that reserve at a point some distance from the present United Church Day School and which will serve for the R.C. children.

Dear Mr. Neary :

Will you please send me some application forms for Indian day school teacher, for the Assiniboine Reserve, at Sintaluta (Qu'Appelle Agency,Sask.)

I am wondering whether I should advertize for a teacher just now, as it seems that there is some delay in doing the work necessary to convert the office at the Assiniboine Reserve into a class-room; Mr. Booth, Indian Agent, told me to wait until the work began, before advertising for a teacher. If the school room is to open in the first week in Sept. I feel that the work there should begin immediately, as there is quite a large job to do; it will be difficult finding a teacher for Sept.47 if there is too much delay.

(June 14th)

Would you please let me know if there is a set date for the opening and closing of Residential schools. For instance, Elkhorn school closed in the middle of June, thereby creating criticism among the Oak River Indians, as the Lebret and Brandon pupils were taken home only at the end of the month (June 27); the Carlyle (WhiteBear --Crooked Lake Agency) day schools closed on June 30th, instead of the 27th, day on which residential school pupils were taken home.

Please allow me to congratulate you on the splendid and practical bulletin which you are now publishing; it feels a great need, and I wish you were able to print it,and enlarge it, with illustrations, etc..

Yours very sincerely, with my personal best wishes of success,

Rev. M.Laviolette O.M.I.

Dear Father Laviolette:-

With reference to your letter of the 22nd instant, I enclose application forms for those applying for appointment as Indian day school teachers. If you find it necessary to advertise you should do so. Please be sure when submitting vouchers covering these advertisements that as many tear sheets as insertions are forwarded. Furthermore, we would appreciate it if each publisher would state on its invoice, the size of the advertisement, the title, the dates on which it appeared and the rate (if per inch or per line).

With reference to the third paragraph of your letter, we are giving very careful consideration to the action which certain Indian residential schools are inclined to take in regard to holidays and definite instructions will be issued to all residential schools in the near future.

I appreciate very much your kind reference to our Bulletin.

Yours sincerely,

Bernard F. Neary

RECEIVED Department of Indian Affairs

Col.B.F.Neary,
Chief, Welfare & Training Div.,
Indian Affairs Branch,
Ottawa,

Dear Mr. Neary:

Enclosed you will find the application form of Mr. Monaghan, for the Carry-the-Kettle Day school, at Sintaluta,Sask.(Qu'appelle Agency). I hope the references and teaching experience of Mr. Monaghan will prove satisfactory((There are no advertising costs in connection with this.)

Mr. Booth advises me that no word has been received from your office authorizing the alterations to be made at the Sintaluta Reserve agency buildings, in order to open the classroom. I am wondering how to arrange for the teacher to wait until the room is ready. It would be unfair to him to tell to wait, as he has other offers in B.C. and has waived them in favor of the Sintaluta school, which is only 60 miles from Regina, where Mr. Monaghan lives, ppovided school opens on Sept. 2 or thereabouts. I can retain the services of Mr. Monaghan even if he does actually teaches right on Sept. 2d, provided the Dept. is willing to pay him his salary beginning in September.

A delegation of Indians brought me a night letter to you, which has been sent this morning; no doubt you have received it. As the present classroom holds 40 pupils at the most, and the list of pupils is over 60, the Indians are anxious to have the room open on time. I am willing to cooperation to the utmost in order to help improve the educational facilities at Sintaluta.

With my personal wishes and regards,
I remain yours truly,

Aug. 30,1947

Dear Mr. Neary:

This is to confirm my telegram of yesterday, stating that Mr. Monaghan, of Regina, has changed his mind about his application to teach in the Assiniboine school. The difficulty came up when no suitable boarding arrangements could be arrived at. Mrs. Monaghan did not wish to reside at the Assiniboine Reserve teacherage, nor to board Miss Nelson, the other teacher. The present farm instructor, Mr. Fox did not want to board Mr. Monaghan; Mr.Booth and Mr. Ostrander both advised me to release Mr. Monaghan, and to look for a lady teacher, who would occupy the teacherage with Miss Nelson. As the second room will not open until the end of the month I hope to find a lady teacher for the Assiniboine classroom by then.

Assiniboine Indian Day School

Dear Father Laviolette:

I note from our files that no indication has been received from you as to the nomination of a teacher for the Assiniboine Indian Day School. I have just been advised that two Catholic teachers, whom I had intended to send to a school in the Northwest Territories, cannot be sent there for various reasons.

These two teachers are a young brother and sister named Allard. They both have teaching permits and both have two years' teaching experience. Their address is

Mr. Terry Allard, and Miss Leona Allard,
St. Francois Xavier, Manitoba.

The sister is a cripple from infantile paralysis and has to use crutches. Therefore they have specifically requested that they be as closely situated together as possible. I have written to Father Lavigne also about the case, in the event that he can use them in Manitoba. We are unable to place them in B. C., where we have a serious shortage of Catholic teachers, due to the fact that the vacant schools are very far apart.

I would be glad to hear from you in the near future concerning these two teachers, as naturally we are anxious to have them placed if at all possible. I am sending a copy of this letter to Father Piche, in the event that you may no longer be living at the Lebret School.

Yours sincerely,

Assiniboine Indian Day School.

The Department is prepared to appoint Miss Cedelieve Vanaelst as teacher at the above Indian Day School, effective 1 September, 1948. It is presumed that this application is for the 1948/49 academic year, when our new salary schedule will be in effect. Providing that Miss Vanaelst continues to work on her Grade 12 subjects, she is entitled to classification as a Grade 2 Indian day school teacher. Therefore, with four years' experience, she would be entitled to a starting salary of $168.00 a teaching month on our new schedule.

Please find attached, for return to Miss Vanaelst, the Provincial Inspector's reports which were forwarded with her application.

Dear Mr. Titus:

Assiniboine Indian Day School,
Sintaluta, Saskatchewan.

Reference to our records indicate that the above Indian Day School has not been the subject of an Inspector's report since November, 1944.

You will find the details of our new Indian Teachers' Salary Schedule in the June issue of the Teachers' Magazine. Salary increments are based upon satisfactory Inspector's reports and attendance at summer sessions. Therefore, we are anxious that this school be inspected during the next academic year.

The teacher during the last academic year was Miss Mae Lillian Nelson who holds a First Class Saskatchewan Certificate (75-45) and who has had two year's experience in Indian schools and three years' in Provincial Schools. Her salary next year will be $180.00 a teaching month.

We have also approved the appointment of Miss G.E.M. Vanaelst as the second teacher at this school. Miss Vanaelst holds a Temporary Certificate (A-3831 and has had four years' teaching experience.

Sincerely yours,

Bernard F. Neary,

Dear Mr. Titus:

Assiniboine Indian Day School.

I have for answer your letter of July 15th with regard to the above Indian Day School.

Your suggestion concerning the visits of your Superintendents to these schools is entirely satisfactory. We would be pleased if you would instruct your Superintendents to make a visit to the Indian Schools in their respective areas at least once a year. In fact, if a teacher has just graduated from Normal School and is in need of some assistance, we would be prepared to pay for two visits a year.

With regard to Indian schools in the unorganized areas of northern Saskatchewan, it is expected that this matter will be the subject of further correspondence.

Madam,-

In reply to your letter of the 16th instant, I beg to say that the return forwarded by you showed that you had only taught the Assiniboine Indian day school for the month of September, 1923, and, therefore, you were only paid 1/10 of your yearly salary, or, $90.00. If you taught this school for any period in the month of October, you should prepare and forward a return to the Department through the office of Agent Wilson.

It is noted from your letter of the 17th instant that you have received your bonus.

Sir:

As you are aware, the salary of the Rev. Wm. Millar, teacher of the Assiniboine Day School, is at the rate of $1,000 for the ten teaching months. The amount, therefore, due him from October 15th to December 31st, last, a period of 2½ months, was $250. Through oversight only $225 was allowed him for this period, and there is, therefore, a balance due of $25. This amount is being included with his salary for the quarter ended March 31st, last, and cheque No. 5966, for $325, covers this balance and his salary for the March quarter.

Dear Sir:

No cheque from the Department has been received at this office for the salary of the teacher of the Indian Day School at Assiniboine School, Sintaluta, Sask., for the June and September quarters. According to arrangement we have been paying Miss Florence M. Hodgson, the teacher of the school, her salary for these quarters regularly, depending upon the receipt of the Department cheques to cover the outlay.

If the cheques have been forwarded direct to the teacher, please have the matter adjusted and a record made to have them sent to this office for the future.

Yours faithfully,

Colin G. Young

Reverend Sir,-

In reply to your letter of the 15th instant, I regret that the salary cheques of the teacher of the Assiniboine Indian Day School for the quarters ended June 30th and September 30th were forwarded direct to herself instead of to your Treasurer.

Cheque #1890, for $300.00, in payment of the June quarter salary, was forwarded to Miss Hodgson on July 9th, while cheque #4117, for $100.00, in payment of the September quarter salary, was forwarded to her on the 15th ultimo. I can assure you that future cheques in payment of the salary of this teacher will be forwarded to your office.

Dear Sir:-

With reference to your letter No.102-I-4 dated July 25th, 1933 regarding mid-day meal for the children attending the Assiniboine Day School; I may say that I consider it almost impossible to have a day school approach to anything like success without some kind of a mid-day meal as some of the pupils walk four miles to school and to expect the pupils to be bright and pay attention to their studies after their mid-day of one biscuit is out of the question whereas if a bowl of soup be given it would no doubt be a lot more nourishing and palatable. As you no doubt are aware that a considerable proportion of the pupils are always somewhat under - nourished, and if the mid-day meal in winter is abolished it might mean some of the children becoming on the sick list and the cost of providing for one sick child would more than offset the whole cost of the few supplies necessary.

For $30.00 I could purchase sufficient ingredients to provide a bowl of soup for every pupil attending school all the winter months. As I anticipate an average attendance of 20 for the next 120 school days it would only cost 1½ cents per meal for each pupil. I certainly would be pleased to have authority to purchase supplies for the amount of $30.00.

I am enclosing a letter from Doctor Isman.

Ottawa, November 10, 1933.

Sir:

I have your letter of the 17th ultimo, regarding the midday meal for the children attending the Assiniboine Indian Day School.

In reply I have to say that you may incur an expenditure, not exceeding approximately $30.00, in the purchase of the necessary ingredients to provide a bowl of soup for the pupils attending this school during the winter months. You should arrange for the purchase of the supplies required from time to time, obtaining itemized accounts, in triplicate, covering the cost. These accounts, you should attach to proper voucher forms, certify in the usual manner and forward for payment. It is considered that the preparing and serving of the soup should be for the winter months only. It might be advisable to consult the teacher concerning the supplies necessary for this purpose. The serving of the soup to the pupils at midday should be commenced as soon as possible.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Dear Sir:

In my 1934 - 35 estimates for the Assiniboine Agency the following repairs etc for the Day School were requested:

Painting exterior of school building, stable, outhouses and picket fence - 35.00 labor
75.00 material

Whitewashing walls in basement and outhouses - 4.00 labor
5.00 lime and brush.

Kalsoming interior of classroom - 10.00 labor
8.00 material

Varnishing furniture, painting burlap doors, cloakroom, steps to basement, tables, benches and cupboards - 12.00 labor
20.00 materail.

These are all badly needed, especially the whitewashing and kalsomining and if possible would be glad to receive authority to have the work done.

Dear Mr Booth:-

In regards to the school children attending the various schools day school, I would advise very strongly that a midday meal be given the children especially with the onset of the cold weather. I have noticed in the past that this meal has done considerable in maintaining the health of the children. On account of the total crop failure on the reserve this year it would be advisable that the children be given this meal. I am certain that it will be given a factor in preventing sickness amongst the school children.

Yours truly

Dear Sir:

With reference to the Day School on the Assiniboine Reserve, I should be very pleased to receive authority to purchase the following supplies:

100 lbs	rice	8.00
300 "	beef	18.00
50 "	barley	5.00
1 bag	onions	2.50
1 "	salt	.25
	pepper	.25

so as to enable us to provide a mid-day meal for the pupils.

Owing to a total crop failure on the Assiniboine Reserve, some of the Indians will find it very difficult to provide the necessary food to maintain the health and strength of their children, especially the children with far to go to school during the winter months.

The small amount these supplies would cost would no doubt be considerably less than having to provide medical attention in case any sickness occurred amongst them through mal nutrition, also more regular attendance would be noticed.

I am enclosing herewith letter received from Dr. Isman.

Sir:

I have your letter of the 15th instant, regarding the items allowed for painting and decorating at the Assiniboine Indian Day School.

In this connection I have to say that no funds were provided for the painting of the exterior of the school building, stable, out houses and picket fence.

You may, however, incur the expenditure required in whitewashing the walls in the basement of the school and the out houses, and in kalsomining the classroom. It is noted you estimate the cost of the material and labour to be $15.00. This work may be carried out during the summer holidays.

You should forward accounts, in triplicate, properly certified, covering the cost of the materials and labour. You should state on the accounts for labour the number of days and hours employed and the rate paid.

D. J. Allan Hoey, M.

EXTRACT FROM INSPECTOR ROWAN'S REPORT DATED OCTOBER 4, 1935, ON HIS INSPECTION OF THE ASSINIBOINE INDIAN DAY SCHOOL.

Original on No. 102-1-6.

Regarding the out buildings, I would say that something should be done in the way of either repairing the boys' toilet or in providing a new one. The old one is in very bad condition.

The fence should be fixed. It was with difficulty that the cows could be kept out of the garden during the past summer.

Dear Sir,-

EX'D.

With reference to your letter of the 2nd instant, the Department is not authorizing any expenditure for painting this year owing to lack of funds.

You may, however, arrange for whitewashing the walls in the basement and kalsomining the classroom at the Assiniboine Indian Day School. Your estimate stated that this work could be done for approximately $15.00.

Yours truly,

A. F. MacKenzie.

Dear Sir:

Replying to Department letter #14-102, dated the 23rd ult. regarding Voucher #259 for $2.00 paid Mrs. D.Saulteaux for scrubbing school room and basement, Assiniboine Day School, I beg to state that under authority of Department letter #102-1-5, dated July 8th, 1936, the school room was kalsomined and the basement walls whitewashed. Mrs. Saulteaux scrubbed the schoolroom floor and cleaned up the basement after this work was done.

While Mrs. Saulteaux is allowed $4.50 a month for janitor services, she is not paid for this during holidays and this work was done then.

The $18.00 allowed for kalsomining and whitewashing is not all spent and if satisfactory to the Department, the $2.00 could be charged to this expenditure.

Voucher #259 is returned herewith.

With reference to your letter of the 3rd instant, the Department was unable to obtain in the current year's appropriation as much money as was required to meet all the requests made at the time of the preparation of the estimates.

Please review the requirements at the Assiniboine Indian Day School and state the repairs that you consider are absolutely necessary, and, at the same time, give an estimate of their cost. When your reply is received, the Department will decide what amount can be allowed.

INDIAN AFFAIRS BRANCH

Regina, Sask.,
7th June, 1937.

Dear Mr. Hoey:-

Re: Day School - Carry-the-Kettle Reserve

The girls in this school are being taught knitting, sewing, etc., but the boys are getting no training in manual [illegible].

There is a full sized basement in this building, which is used for cooking and serving the noon-day meal. This basement is well lighted and suited for manual training.

I would suggest that tools be furnished this school and the boys started in this work next season.

I believe the Farming Instructor, Mr. Hough, who I have asked to have transferred to this Reserve, would be quite competent to instruct. He could give one-half day each week during the winter season without interfering with his other work.

There is also a splendid craft worker on this Reserve whom I believe could be secured to give instruction in craft work.

Submitted for your consideration.

Yours very truly,

Thos. Robertson,
Inspector of Indian Agencies,
Saskatchewan.

June 10th 1937.

Dear Sir:-

With reference to letter # 102-I-5 of May 8th 1937, I wish to report that the Assiniboine Day School has not been painted for over 15 years and the siding is not only cracking through lack of paint but it has a very dilapidated appearance, the fence around the grounds is also badly broken down

With regards to the white-washing of the basement and the kalsoming of the school-room ,this is an annual necessity,not only to give it a good appearance but from a health stand point.

I may say that I have asked to have this school painted fore a number of years,but so far it ha has not been allowed, therefore I hope you will grant it this year has I consider it would be money well spent.

The cost would be as follows.

Painting exterior of school	Material	$40.00
	Labour	35.00
Fences	Material	15.00
	Labour	15.00
White-washing basement Kalsoming school-room	Material	5.00
	Labour	7.00

DAY SCHOOL

Yards, school room and basement, which is used for cooking and serving the mid-day meals, are scrupously clean. The children are clean and neat in appearance. The school building is badly in need of paint, both inside and out. The window sashes are very loose and should be repaired. The building could be painted and put into first class shape at a cost of not more than $100.00.

SCHOOL GARDEN.

Each child has a plot of his own, in addition there is a potato patch. The girls in addition to the other duties are taught knitting etc. This is a good teacher, doing good work.

Dear Sir;

I am in receipt of your letter of June 24th inst: and am glad to know that the supplies ordered for school will be available for our use.

Since our school garden will be almost a complete failure owing to the dry weather I think that it will be necessary to have fifteen dollars ($15.00) monthly to provide a noonday noon meal for the children. With this amount it would be possible to purchase meat, rice barley and vegetables with which to prepare soups or stew.

Yours truly
Florence M. Hodgson.

Dear Sir:-

Ref. Your 102-1-4 June 21st
Assiniboine Indian Day School

I have discussed this matter with both the teacher and the agent. The teacher asks for $15.00 per month.

They were, I understand, formerly allowed $10.00 per month and biscuits. The biscuits, I am told, are now discontinued.

I am satisfied this school can serve a good meal at $10.00 or $12.00 at the outside per month, but would recommend that it be supplied for the full term.

Memorandum for file:

Correspondence on file 21-102 indicates that authority has been granted for dismantling the Agency building on the Assiniboine Reserve.

A couple of rooms in this building have been used for living purposes by the teacher of the Assiniboine Indian Day School but in a letter dated June 7, 1937 Inspector Robertson stated that the teacher could be transferred to the old office which is a good building and would make a good teacher's residence.

Dear Sir:

Credit Voucher No. 273 - $45.60
Voucher No. 355 - 60.00
Qu'Appelle Indian Agency Trust Account

I inclose herewith the third copies of the above noted vouchers. You will note that the labour return paid by cheque No. 52618, is for the week ending August 7th, 1937. This return must be for several weeks and not just for the week ending August 7th, 1937. Otherwise, there would be a duplication of hours, etc. Kindly give dates.

In connection with your Credit Voucher No. 273, also for the week ending August 7th, 1937, there is an apparent duplication between this voucher and that paid by cheque No. 52618. We should be pleased to have your explanation, and if overpayments have been made the necessary refunds should be obtained and submitted to this office with the usual Receiver General Payment form.

Please return the inclosures.

Yours truly,

Incls.

Muscow - Sask.

Dear Sir Owing to continuous crop failures for the past decade Hector Eashappie and Thos. Eashappies are unable to stand the expenses of educating their children.

Their childrens have been attending the Montmartre Convent School.

They will have three more of school age for the coming term and J.D. Kennedy will have one - making a total of seven children from this corner -

The parents will have no other alternatives but to send them to the Day School on our Reserve - They are not in favor of sending their children to Residential Schools, but their homes are from five to six miles from the Day School.

Will you kindly take the matter up with the Indian Department and ask if they could arrange for a van to haul them to and from School.

If these ~~children~~ seven children were attending a Residential School it would cost the Indian Department about $1000 00/100 per annum and the services of a van would only cost about a quarter of this amount -

Yours truly
David Tunedu

IN YOUR REPLY REFER TO
NO. 311-11A
ALSO TO DATE OF THIS LETTER

COMMISSIONER'S OFFICE,
REGINA, SASK., Aug. 29, 1936.

R.

Dear Sir:

I beg to attach a letter received from Dan Kennedy, the most progressive member of the Assiniboine Reserve, Qu'Appelle Agency.

On enquiry, I find that conditions on this Reserve with regard to the Day School are that the new front and back supplied this year will make it possible for the School to seat 31 pupils. Twenty-five children who attended last year will attend this year; in addition there are nine beginners and fourteen others all within reasonable walking distance of the School, who wish to attend this year, making a total of forty-eight children for thirty-one seats.

Mr. Booth some time ago asked for some additional desks, but was advised no funds were available. Consequently, with the exception of the thirty-one, the remainder will have to go to Boarding School. With nine new desks, the School could seat forty, which would be the limit of seating accomodation. If these nine desks could be supplied, a considerable saving would be effected.

In view of the foregoing, when we have more children within walking distance of the School than we can accomodate, I cannot see that any consideration can be given to Mr. Kennedy's request.

School conditions on this Reserve will be covered in a separate letter.

Yours truly,

Thos. Robertson,
Inspector of Indian Agencies,
Saskatchewan.

Note: The desks at present in the school are known as the New Empire Single Desks and were originally purchased from Moyers School Supplies Ltd., Saskatoon, Sask. The above fronts and rears are required for additional seating accommodation in this school and in order that they may be the same as the desks at present in the school I would recommend that they be purchased from the Moyers School Supplies Ltd. and should reach the school before September 1. While we are requesting that the desks be shipped to the teacher Mr. Hillhouse the account should be forwarded to F. Booth, Indian Agent, Muscow, Sask.

I hereby certify that I have personal knowledge that all the above articles are required in the Department and for Departmental purposes only. The expenditure required by this requisition is strictly unavoidable and the public interest will suffer if it is not made.

IN YOUR REPLY REFER TO

Dear Sir:

Re: School Conditions, Assiniboine Reserve, Qu'Appelle Agency.

On the above-mentioned Reserve we have a log school building in a very good state of preservation, with seating accomodation for 31 pupils. The school could accomodate 40 if additional seats were provided.

There are 80 children of school age on the Reserve, and Mr. Booth, Agent, informs me that this number will be increased. The children are about 50% R.C. and 50% Protestant. Mr. Booth informs me that practically all the parents on this Reserve object to sending their children to a residential school. They want to send them to day schools. I have been personally approached by a member of the Band asking that his children be discharged from the residential school and allowed to attend the day school.

It is my opinion that serious consideration should be given to the construction of another school on this Reserve, and that this school should contain two rooms for teaching with a full basement equipped for cooking, manual training, etc. This school should also, in my opinion, be erected on the centre of the Reserve about one and one-half miles from the location of the present school.

As stated before, the present school is in very good condition and the present conditions could be overcome by building a one-room school and continuing to use the present one, but in that event I believe it would be advisable to have the present school

moved to a central location, as this would allow the employment of one R.C. and one Protestant teacher and avoid any religious dispute that might result otherwise, although Mr. Booth informs me that for years both R.C.'s and Protestants have been attending the same school on this Reserve without any friction.

The establishment of this school would meet the wishes of the people and at the same time relieve the congestion in our residential schools.

Submitted for your consideration.

Thos. Robertson,

COMMISSIONER'S OFFICE,

Dear Sir:

Ref: My 311-11A of August 29th,
Dan Kennedy--Assiniboine Day School.

With further reference to the above letter, I may say that at the time of my recent visit to Kinistino Reserve Day School I noticed there were a number of desks at that place which were not in use. Upon finding that additional desks were necessary at Sintaluta, I communicated with Mr. Simpson to ascertain if all the desks in the Kinistino School were required. I am to-day in receipt of a letter from Mr. Gardner, Teacher, Kinistino Day School, who states there should be, within the next year or two, 28 children of school age on that Reserve. There are 36 desks, two of which he is shipping to Dundurn on Mr. Simpson's orders. This leaves 6 deks, 3 small and 3 medium, which he will ship me if desired.

These 6 desks would permit the attendance of 6 more pupils at the Assiniboine Day School and avoid the necessity of sending them to Residential schools. May I have authority to instruct Mr. Gardner to ship these desks to the Assiniboine Day School.

Yours truly,

Thos. Robertson,
Inspector of Indian Agencies,

Dear Sir:

I am in receipt of your letter of the 29th ultimo with reference to school conditions on the Assiniboine Reserve. As no provision was made in the current year's appropriation for either the enlargement of the present school or the erection of a new school no action can be taken at the present time.

With regard to your other letter of August 29 I may say that 4 rear seats and 3 front seats were recently ordered and should reach the school in the near future. This will give increased seating capacity for 7 pupils.

Yours truly,

R. A. Hoey,

Muscow, Sask,
August 19th, 1939.

Dear Sir:

In my 1939-40 estimates I asked for white wash and kalsomine for the Assiniboine Day School and also requested that the inside woodwork and porch of the school be painted.

If authority has been granted for this work I would be glad to be advised at once in order that this may be done before the school re-opens for the fall term.

Requisition for supplies, in triplicate, for material etc required is enclosed herewith.

Ottawa, August 26, 1939.

Dear Sir:

I desire to acknowledge receipt of your letter of the 19th instant and also requisition for certain supplies, necessary for the repair of the Assiniboine Indian Day School, attached thereto.

You are authorized to purchase the supplies, a list of which is contained on the requisition. It is noted that Indian labour will be employed.

I must express regret at the failure of the Department to reach a decision with respect to this matter until now. It is my hope, however, that you may be able to proceed with these repairs while the school is open and in operation.

Yours truly,

Ottawa, December 1st, 1939.

Dear Sir:

The Department is in receipt of voucher No. 353 covering the cost of midday meal supplies for the Assiniboine Indian Day School. You quote, as your authority for this expenditure, official letter of August 30th, 1937. I would point out that, for an expenditure of this nature, you should request authority each fiscal year.

The account is being paid but, in forwarding accounts for the balance of the current academic year, you should quote the date and file number of this letter as your authority for expending $10.00 a month for midday meal supplies at the Assiniboine Indian Day School.

Yours truly,

H. A. Hoey,
Supt. of Welfare & Training.

Ottawa,
December 16, 1940.

E.D.

Dear Sir:

I am returning unpaid the attached voucher issued in favour of Mrs. D. Saulteaux. This woman is allowed $4.50 a teaching month for janitor's services and it is considered that scrubbing the school once a month is part of her regular duties. She has already been paid for October and November and no payment is due her for September as the school was not in operation.

Yours truly.

R.A. Hoey,
Supt. of Welfare & Training.

Mr. F. Booth,

Dear Sir:

I beg to acknowledge the receipt of your letter 102-1-5 dated December 16 with reference to my voucher 354 in favor of Mrs. D.Saulteaux and would state that the $2 paid in August was for scrubbing the floors before the opening day.

Regarding the fees paid for scrubbing the floors in the school room and basement in the next two months, I paid Mrs Saulteaux extra for this work as I figured 20¢ per day for building fires every morning and dusting and sweeping the school was not sufficient and I felt I could not ask her to do the scrubbing without paying her for it.

I consider these accounts should be paid and am returning same herewith.

Ottawa,
May 13, 1941.

Dear Sir:

I am in receipt of your voucher No. 20 for $10.00 covering the cost of midday meal supplies for the Assiniboine School for the month of April. You quote as your authority official letter of December 1, 1939.

Instructions were issued to all Indian Agents some time ago to the effect that new authority for expenditures such as the above should be secured in each fiscal year.

At the time the authority was originally granted for supplying a midday meal at this school certain conditions were in existence that apparently made such action advisable. However, it is possible that these conditions have changed and there may be no great necessity for supplying a midday meal at this school every month throughout the academic year. As a matter of fact the funds at our disposal are so limited that they do not permit our supplying midday meals except during the winter months.

I presume that you have already arranged for midday meal supplies for the month of May but no such expenditure should be made for the month of June. Before this school re-opens on October 1 you should write to me giving your reasons for desiring a midday meal served at this school and also stating at that time the number of months during which it should be served.

Yours truly,

Mr. F. Booth,
Indian Agent,
Muscow, Sask.
